DETAILED REPORT

With a focus on training, networking and enhancing your investment in Navigator, this event will put you miles ahead in achieving more for your mission. During 3 days of multiple sessions, you can expect to build user skills, increase technical knowledge and meet other users who share your daily challenges. Plan on participating in one or more of the following training tracks:

Financial Management & Beyond: Master core financial tools while learning to expand the value of Navigator throughout your organization

Maximizing Your Investment: Learn to take your Navigator system even further, with customizations, Microsoft stack integrations, and workflows and business rules to automate your organization's processes

Data, Metrics and Reports: Discover how easy it can be to create reports, utilize dashboards and ensure compliance with industry regulations

Partner: Training and networking for Serenic Partners only

Lab & Consultation: Spend one-on-one time with product experts in the computer lab

All sessions are presented on pre-Navigator 2009 versions unless otherwise noted.
