MUNICIPAL WATER DISTRICT OF ORANGE COUNTY
18700 Ward Street, Board Room, Fountain Valley, California
December 17, 2014, 8:30 a.m.

AGENDA

PLEDGE OF ALLEGIANCE

ROLL CALL

PUBLIC COMMENTS/PARTICIPATION

At this time, members of the public will be given an opportunity to address the Board concerning items within the subject matter jurisdiction of the Board. Members of the public may also address the Board about a particular Agenda item at the time it is considered by the Board and before action is taken. If the item is on the Consent Calendar, please inform the Board Secretary before action is taken on the Consent Calendar and the item will be removed for separate consideration.

The Board requests, but does not require, that members of the public who want to address the Board complete a voluntary "Request to be Heard" form available from the Board Secretary prior to the meeting.

ITEMS RECEIVED TOO LATE TO BE AGENDIZED

Determine need and take action to agendize items(s) which arose subsequent to the posting of the Agenda. (ROLL CALL VOTE: Adoption of this recommendation requires a two-thirds vote of the Board members present, or, if less than two-thirds of the Board members are present, a unanimous vote of those members present.)

ITEMS DISTRIBUTED TO THE BOARD LESS THAN 72 HOURS PRIOR TO MEETING

Pursuant to Government Code section 54957.5, non-exempt public records that relate to open session agenda items and are distributed to a majority of the Board less than seventy-two (72) hours prior to the meeting will be available for public inspection in the lobby of the District's business office located at 18700 Ward Street, Fountain Valley, California 92708, during regular business hours. When practical, these public records will also be made available on the District's Internet Web site, accessible at <http://www.mwdoc.com>.

DISCUSSION ITEMS

DISCUSSION WITH REPRESENTATIVES FROM MWDOC'S MEMBER AGENCIES REGARDING KEY REGIONAL ISSUES AND KEY ORANGE COUNTY ISSUES, INCLUDING THE WATER BOND, COMMUNICATIONS PLAN, AND DROUGHT ISSUES/RESPONSE

President Dick stated that the evening would consist of presentations. The following speakers presented information on various topics:

Robert Hunter	Water Bond
	Water Supply Update
	Water System Update

Mr. Hunter provided an overview of the Water Bond which was passed by the voters on December 4, 2014, as well as overviews of the drought (including anticipated allocations by the State, MET, and MWDOC), California water supplies, MET's Local Resources Program, and MET's dry-year storage.

Discussion ensued regarding allocations, with Mr. Wayne Rayfield inquiring as to what restrictions local agencies are imposing on their residents. It was noted that staff would compile the information requested.

Darcy Burke	Value of Water
-------------	----------------

Ms. Burke provided an overview of MWDOC's Value of Water Communications Plan which included results from several local polls regarding water.

Following the presentations, the Board thanked all for attending the forum and received and filed the reports as presented.

ADJOURNMENT

There being no further business to come before the Board, President Dick adjourned the meeting at 7:20 p.m.

Respectfully submitted,

Maribeth Goldsby, Secretary

CONTRACT EXTENSION FOR CHOICE PORTION OF THE VALUE OF WATER COMMUNICATIONS PLAN WITH FRASER COMMUNICATIONS FOR PROFESSIONAL COMMUNICATIONS SERVICES

Upon MOTION by Director Thomas, seconded by Director Osborne, and carried (6-0), the Board approved the agreement with Fraser Communications for Professional Services for implementing the Value of Water Communications Plan. Directors Clark, Dick, Finnegan, Hinman, Osborne, and Thomas voted in favor. Director Barbre was absent.

AUTHORIZATION TO SIGN FUNDING AGREEMENTS FOR IMPLEMENTATION OF A COMPREHENSIVE LANDSCAPE WATER USE EFFICIENCY PROGRAM

President Dick announced that the proposal to enter into funding agreements for implementing the Comprehensive Landscape Water Use Efficiency Program was before the Board for consideration. Responding to an inquiry by Director Hinman, Mr. Joe Berg commented that the budget portion of the write-up was not complete, because the funding being sought is grant funding, not MWDOC funding.

Upon MOTION by Director Osborne, seconded by Director Finnegan, and carried (6-0), the Board (1) authorized the General Manager to sign the Implementation Agreement between the County of Orange and MWDOC to access the Proposition 84 funding for implementation of the Comprehensive Landscape Water Use Efficiency Program; and (2) authorized staff to apply the Proposition 84 funding to MWDOC and Metropolitan regional landscape rebate programs. Directors Clark, Dick, Finnegan, Hinman, Osborne, and Thomas voted in favor. Director Barbre was absent.

**TRI-COUNTY FUNDING AREA COORDINATING COMMITTEE (TCFACC)
AMENDMENT TO MEMORANDUM OF UNDERSTANDING FOR SHARING OF
PROPOSITION FUNDING WITHIN THE SAN DIEGO FUNDING AREA**

Upon MOTION by Director Hinman, seconded by Director Thomas, and carried (6-0), the Board authorized the Board President to sign the amendment to the Tri-County Funding Area Coordinating Committee Memorandum of Understanding for sharing Proposition 84 funding in the San Diego Funding area. Directors Clark, Dick, Finnegan, Hinman, Osborne, and Thomas voted in favor. Director Barbre was absent.

MWDOC LIABILITY INSURANCE RISK ASSESSMENT REPORT

Upon MOTION by Director Finnegan, seconded by Directors Osborne and Thomas, and carried (6-0), the Board directed the General Manager to notify JPIA of MWDOC's intent to rescind its notice to withdraw from the Liability, Crime, and Property Programs and continue participation in the JPIA programs. Directors Clark, Dick, Finnegan, Hinman, Osborne, and Thomas voted in favor. Director Barbre was absent.

(Director Barbre arrived at 8:40 a.m.)

RECOGNITION PLAQUES

President Dick advised that the proposal to prepare and deliver recognition plaques to certain elected officials who will no longer be serving in their respective seats on a city council or water district board of directors was before the Board for consideration. Plaques are proposed for the following individuals: Bob Moore and Dick Runge (South Coast Water District), and Larry Kramer and John Taylor (City of San Juan Capistrano). President Dick suggested the list be broadened and that staff look at other potential candidates for plaques. He suggested Board members provide input to the General Manager, who will then prepare plaques within his discretion.

Upon MOTION by Director Hinman, seconded by Director Clark, and carried (7-0), the Board authorized staff to develop recognition plaques for various water district directors and city council members to thank them for their service to the water industry. This authority allows the General Manager to prepare plaques for water leaders who will no longer be serving in their respective positions. Directors Barbre, Clark, Dick, Finnegan, Hinman, Osborne, and Thomas voted in favor.

INFORMATION CALENDAR**GENERAL MANAGER'S REPORT, NOVEMBER 2014**

General Manager Hunter advised that the General Manager's report was included in the Board packet.

Discussion was held regarding the current discussions at MET regarding the allocation plan and potential revisions to the plan; Mr. Hunter advised that the revised plan would be presented to the MET Board in December.

Mr. Hunter also highlighted that the Purchase Order System was approved by the MET Board, and that staff would be submitting comments on the Poseidon Clean Energy Report.

The Board received and filed the report as presented.

MWDOC GENERAL INFORMATION ITEMS**BOARD OF DIRECTORS**

The Board members each reported on their attendance at the regular (and special) MWDOC Board and Committee meetings. In addition to these meetings, the following reports were made on conferences and meetings attended on behalf of the District.

Director Barbre reported on attending the MWDOC and MET regular meetings, as well as the Brea, La Palma, La Habra, and Buena Park City Council meetings, a meeting with Gary Breaux, the MET Caucus, and the Yorba Linda Water District Board meeting. Mr. Barbre also highlighted an inspection trip he hosted (State Water Project) and a tour of the Diemer Plant facilities. Mr. Barbre announced that Mr. Gil Ivey would be retiring from MET and suggested he be invited to MWDOC to honor him.

Director Finnegan advised that she attended the MWDOC Board meeting, the WACO Planning and WACO meetings, the ISDOC Executive Committee and ISDOC luncheon meetings, and the Orange County Council of Government meeting.

Director Osborne noted his attendance at the MWDOC Board and Committee meetings, the ISDOC luncheon, the WACO meeting, and the MWDOC Elected Officials Forum. He suggested the Board discuss with staff options for receiving increased attendance at the Elected Officials Forum.

Director Hinman reported on attending the MWDOC Board and Committee meetings, the South Coast Water District Board meeting, the San Juan Utilities Commission meeting, the WACO meeting, the MWDOC Elected Officials Forum, the Rolling Thunder WEROC exercise, the San Juan Basin Authority meeting, MET's dedication of the Foley Courtyard, the OC Community Foundation's 25th anniversary luncheon, and the ISDOC luncheon. Ms. Hinman suggested the Board adjourn in memory of recently deceased El Toro Water District Board Member, Ted Martin.

Director Thomas noted his attendance at the Administration & Finance Committee meeting, the MWDOC Board meeting, the WACO meeting, the MWDOC Elected Officials Forum, the Water Policy Dinner, and the ISDOC luncheon. Mr. Thomas highlighted the career and personal attributes of Mr. Ted Martin.

Director Clark advised that he attended the MWDOC Board and Committee meetings.

Director Dick reported on attending the MWDOC and MET regular meetings, as well as OC Association of Realtors with Mr. Hunter, the Water Summit in Los Angeles, the Wells of Life fundraiser, the Water Policy Dinner, the ISDOC luncheon, the OC Taxpayers Association, the Orange County Business Council meeting, the East Orange County Water District Board meeting, the Elected Officials Forum, the WACO meeting, the MET Caucus, and the Disabled Veterans of America meeting. Mr. Dick highlighted a meeting he had with the Secretary of Agriculture who was visiting MET.

ACTION ITEM

**AUTHORIZATION TO SIGN FUNDING AGREEMENTS FOR IMPLEMENTATION
OF A COMPREHENSIVE LANDSCAPE WATER USE EFFICIENCY PROGRAM**

Mr. Berg explained that MWDOC was awarded a Prop 84 grant in the amount of \$708,554 for implementation of a Comprehensive Landscape Water Use Efficiency Program. This program will offer rebate incentives to residential and commercial property owners to

replace non-functional turf grass with California Friendly plantings and install smart irrigation timers, low-volume sprinkler nozzles, and drip irrigation.

Upon MOTION by Director Barbre, seconded by Director Hinman, and carried (3-0), the Committee recommended the Board approve the signing funding agreements for implementation of a comprehensive landscape water use efficiency program. Committee members Osborne, Barbre, and Hinman voted in favor.

**TRI-COUNTY FUNDING AREA COORDINATING COMMITTEE (TCFACC)
AMENDMENT TO MEMORANDUM OF UNDERSTANDING FOR SHARING
OF PROPOSITION FUNDING WITHIN THE SAN DIEGO FUNDING AREA**

Upon MOTION by Director Hinman, seconded by Director Osborne, and carried (3-0), the Committee recommended the Board ratify signing the MOU. Committee members Osborne, Barbre, and Hinman voted in favor.

INFORMATION ITEMS

20X2020 ORANGE COUNTY REGIONAL ALLIANCE PROGRESS REPORT

Mr. Berg reported that MWDOC, in collaboration with its retail agencies and the Cities of Anaheim, Fullerton and Santa Ana, established the OC 20x2020 Regional Alliance (Regional Alliance) in MWDOC's 2010 Regional Urban Water Management Plan. The Regional Alliance baseline is 190 GPCD using a base period from 1995 to 2005, and the 2015 and 2020 goals are 176 and 158 respectively.

Director Hinman inquired about the consequences of an agency that doesn't meet its 20x2020 goal. Mr. Berg stated that on a regional basis due to our conservation efforts, we'll meet our 20x2020 goal even though there may be an agency or two who haven't met their goals individually.

**CALDESAL THIRD ANNUAL CONFERENCE: THEME "TRANSITION FROM
CRISIS MANAGEMENT TO RESOURCE MANAGEMENT" AND UPDATE ON
THE CAL AM MONTEREY PENINSULA WATER SUPPLY PROJECT**

Mr. Bell reported that this 3rd Annual Conference was its best yet with an excellent program and speakers of interest. Mr. Bell discussed presentations that were of particular importance and interest. Ms. Vicky Whitney, Deputy Director of the SWRCB, addressed "Integration of Science into Policy." Ms. Whitney covered the quasi-legal/regulatory process on the procedures required to be followed by the State Water Board in developing new policy and regulations. Mr. Ron Oglesby, Executive Director of the CA Energy Commission, addressed the AB 32 "Loading Order in the Scoping Plan Update." Mr. Oglesby reviewed the State's progress in meeting the 33% renewable energy target by 2020, California Air Resources Board's objective for the water sector contained in CARB's updated scoping plan.

Mr. Bell also discussed the Cal Am Monterey Peninsula Water Supply Project which was a special focus of the program and one that MWDOC and its member agencies should find of

particular interest. It is a Slant Test Well project which is currently in the process of permitting a 1,000 foot long Slant Test Well that is an outgrowth of the Doheny Ocean Desal Test Slant Well design, construction and testing work, following the approach developed for the Doheny Ocean Desal Project. Due to denial by the City of Marina for a Local Coastal Permit, this item is on appeal to the California Coastal Commission and is scheduled to be heard on November 12.

Director Hinman mentioned the election tomorrow and its effect on the Doheny Desal Project with regard to support from new Council members in South County.

STATUS REPORTS

- a. Ongoing MWDOC Reliability and Engineering/Planning project
- b. WEROC
- c. Water Use Efficiency Projects
- d. Water Use Efficiency Programs Savings and Implementation Report

Director Hinman inquired about progress on the Foundational Action Programs, Doheny Desal and the San Juan Basin Authority, to which Mr. Seckel reported that the Program has a two-year timeline but we will likely get some information in the next month or two.

Director Ackerman inquired about the EPA WIFIA session Mr. Seckel attended in Los Angeles and whether he got a sense for the projects that might apply to us. He reported that EPA will be promulgating guidelines regarding how projects will qualify for low interest loans under WIFIA and asked for stakeholders' input. EPA wants to fund projects with regional benefits, of course. It is likely that the first year, no more than \$600 million will be funded nationwide.

Reports were received and filed.

REVIEW OF ISSUES RELATED TO CONSTRUCTION PROGRAMS, FACILITY AND EQUIPMENT MAINTENANCE, WATER STORAGE, WATER QUALITY, CONJUNCTIVE USE PROGRAMS, EDUCATION, DISTRICT FACILITIES, and MEMBER-AGENCY RELATIONS

Mr. Hunter gave an update on Lake Mathews: currently at 44.6 taf; only dropped 0.5 taf which is a reduction of 3.2 taf. There is renewed interest in doing a paper swap under MET's CUP. As proposed, it was acceptable to MET but not to OCWD. Lastly, with regard to our Water Use Efficiency department, we are anticipating hiring a part time employee in order to reduce overtime in that area (choice fund). The end of the WUE report on page 118 indicates that rebates are already at 75% for residential customers; the applications are continuing at an extremely high rate.

ADJOURNMENT

There being no further business to be brought before the Committee, the meeting adjourned at 9:15 a.m.

- e. Water Use Efficiency Projects Cash Flow – October 31, 2014
- f. Consolidated Summary of Cash and Investment – September 2014
- g. OPEB Trust Fund monthly statement

Upon MOTION by Director Dick, seconded by Director Finnegan, and carried (3-0), the Committee recommended the Treasurer's Report for approval at the November 19, 2014 Board meeting. Directors Dick, Finnegan, and Osborne all voted in favor.

FINANCIAL REPORT

- a. Combined Financial Statements and Budget comparative for the period ending September 30, 2014
- b. Quarterly Budget Review
- c. Audit Report for FY 2013-14 (not yet complete)

Upon MOTION by Director Finnegan, seconded by Director Dick, and carried (3-0), the Committee recommended the Financial for approval at the November 19, 2014 Board meeting. Directors Dick, Finnegan, and Osborne all voted in favor.

ACTION ITEMS**ADOPT REVISIONS TO CONFLICT OF INTEREST CODE**

Upon MOTION by Director Dick, seconded by Director Finnegan, and carried (3-0), the Committee recommended the Revisions to Conflict of Interest Code for approval at the November 12, 2014 Board meeting. Directors Dick, Finnegan, and Osborne all voted in favor.

It was noted that the staff report prematurely included a Committee recommendation and Mr. Hunter noted that staff would correct on future reports.

Director Finnegan inquired whether voting via teleconference was allowable with Mr. Hunter responding that item should be included in the Administrative Code. Director Barbre also noted that an audible response via teleconference is allowable.

MWDOC LIABILITY INSURANCE RISK ASSESSMENT REPORT

The Committee held discussion on the importance of including inverse condemnation coverage and the benefit of the District being included in a pool of insureds.

Upon MOTION by Director Finnegan, seconded by Director Osborne, and carried (2-0), the Committee recommended notification to JPIA of MWDOC's intent to rescind its notice to withdraw from the Liability and Property Programs and continue participation in the JPIA insurance programs for approval at the November 19, 2014 Board meeting. Directors Finnegan and Osborne voted in favor, Director Dick abstained from voting.

Staff will prepare a letter for the General Manager's signature rescinding the notice to withdraw from the ACWA/JPIA liability and property insurance programs.

DISCUSSION ITEMS**PROPOSED DRAFT OF PERSONNEL MANUAL CHANGES**

The Committee held discussion on the following items: clarification in the Introduction Section of two (2) MWDOC and two (2) MET directors; addressing appropriate complaint procedures as they relate to the General Manager (or others) and who the complainant can go to for resolution and whether legal counsel should be designated; limited term

employees and the Board approval process; intern policy; sick time; Board approval of annual merit pool; electronic pay checks; CalPERS' employee/employer contributions; driver responsibilities; implementation of a cell phone policy; fire arms on District premises and rules for auto allowance eligibility.

Director Thomas arrived at 9:05 am.

Ms. Harris noted the proposed changes to the Personnel Manual will also be distributed to staff and legal counsel for further review and will be presented to the Board for approval in December.

INFORMATION ITEMS

The following information reports were received and filed without comment.

MONTHLY WATER USAGE DATA, TIER 2 PROJECTION & WATER SUPPLY INFORMATION

DEPARTMENT ACTIVITIES REPORTS

- a. Administration
- b. Finance and Information Technology

OTHER ITEMS

REVIEW ISSUES REGARDING DISTRICT ORGANIZATION, PERSONNEL MATTERS, EMPLOYEE BENEFITS, FINANCE AND INSURANCE

Director Dick noted the presentation at a recent WACO meeting by Andy Sells at ACWA/JPIA regarding the high deductible health insurance plan and requested that staff research and present information at a future meeting.

Director Thomas congratulated Andrew Hamilton for winning the city council seat, City of Lake Forest.

Director Barbre noted that Metropolitan Water District has reduced their CalPERS pension liability significantly.

ADJOURNMENT

There being no further business to be brought before the Committee, the meeting adjourned at 9:25 a.m.

DISCUSSION ITEMS

LEGISLATIVE ACTIVITIES

a. Federal Legislative Report (Barker)

The report was received and filed without discussion.

b. State Legislative Report (Townsend)

Chris Townsend provided a brief overview of the election results, noting that not all ballots have been counted for some of the close races. The Committee thanked Ms. Baez for her election results report with her acknowledging Townsend Public Affairs for their assistance in gathering all of the data. Heather Stratman noted the passing of Proposition 1, the Water Bond, and how that may benefit Orange County as well as other Metropolitan Water District member agencies. Discussion was held on speculation on how funds will be distributed throughout the state.

c. County Legislative Report (Lewis)

Mr. Lewis also provided an overview of election highlights, noting the wave of republican wins within Orange County.

d. Legal and Regulatory Report (Ackerman)

Mr. Ackerman noted special interest in the Water Bond passing and commented on the recent debate from farmers suing over water rights.

VALUE OF WATER COMMUNICATIONS CHOICE PROGRAM

It was noted that 20 of MWDOC member agencies are participating in this program and those that are not participating are due to budgetary constraints. A copy of the Plan overview was included in the staff report.

PRESENTATION/OVERVIEW OF WATER USE EFFICIENCY MICRO SITE

Jessica Ouwerkerk provided an overview of the new Water Use Efficiency micro-site which was created due to the overwhelming number of requests from the public and member agencies to list all of the rebate programs and information, as well as rebate applications in one site. Ms. Ouwerkerk provided a navigational review of the website to illustrate the residential and commercial programs, rebate information and resources and noted that the site is fully mobile optimized and that it is compatible with multiple types of electronic devices. The website can be found at www.ocwatersmart.com.

The Committee held discussion on the pros and cons of the link on the website where water waste can be reported to the respective water agencies. It was noted that member agencies are taking a proactive approach to providing information to customers, rather than enforcing punitive measures. The Committee requested that the Board make a determination on whether to keep or remove the link for "reporting water wasters".

UPDATE REGARDING SCHOOL PROGRAM BOOKINGS

Sean Fitzgerald provided a presentation and overview of the school program that has been with Discovery Science Center for the past 10 years. He reviewed the booking process and booking numbers, as well as provided statistical information, by month over past years, on attendance and participation numbers. Some of the lower participation numbers are misleading due to the fact that students are transitioning from the basic assembly program

to the interactive keypad assembly program.

PRESS CLIPPINGS

Discussion was held on finding a service that would focus on local, Orange County water related news articles and information on press conferences. Currently, the District subscribes to Google Alerts which includes a long list of key words. It was noted that many articles are being missed in the Google search from many of the smaller local publications throughout the County. It was also noted that other options are available, at a cost. Staff will research and report findings at a future meeting.

INFORMATION ITEMS

The following informational reports were received and filed without discussion.

PUBLIC PARTICIPATION

No public comments were received.

ITEMS RECEIVED TOO LATE TO BE AGENDIZED

No items were presented.

ITEMS DISTRIBUTED TO THE BOARD LESS THAN 72 HOURS PRIOR TO MEETING

At the beginning of the meeting, Staff distributed the draft agendas for the December Committee meetings.

DISCUSSION REGARDING UPCOMING ACTIVITIES OF SIGNIFICANCE

a. Pinhole Leak Claims Discussion

Staff reported that discussions regarding the pinhole leak claims are continuing and that as information is received, it will be shared with the Board.

MEMBER AGENCY RELATIONS

Director Hinman reported on her activities with the newly elected officials within her division and she encouraged all Board members to reach out to newly elected officials within their respective divisions.

Director Osborne commented on the low attendance at the last Elected Officials Forum and suggested staff research why attendance is low. Following discussion, the Committee directed staff to pose this question at the next Member Agency Manager's meeting (and whether the agencies would prefer one per year). Staff will report back in January.

EXECUTIVE COMMITTEE PROPOSALS FOR FUTURE AGENDAS

The Committee reviewed and discussed the draft agendas for each of the Committee meetings and made revisions/additions as noted below.

a. Planning & Operations Committee

Discussion was held regarding the importance of Water Use Efficiency as part of MWDOC's mission as well as a more proactive approach to purchasing new water for storage, water transfers, as well as desalination. It was noted that when developing Mr. Hunter's goals for the year, this issue would be addressed further. It was also suggested that the issue of additional supplies be addressed by the Planning & Operations Committee on a quarterly basis.

Discussion ensued regarding the drought, water supply, and the importance of research centers similar to Fresno State's Center for Irrigation Technology. It was noted that the South Coast Field Research Center has a similar program locally. Director Dick asked staff to notify the WACO Planning Committee to suggest a presentation by a representative from the South Coast Field Research Center at an upcoming meeting.

The Committee requested that a Power Point presentation be included in the P&O packet.

b. Workshop Board Meeting

No information was presented.

c. Administration & Finance Committee

No new items were added to the agenda.

d. Public Affairs & Legislation (PAL) Committee

Director Dick requested staff provide the dates for the Sacramento legislative reception.

e. MWDOC/OCWD Joint Planning Committee

No information was presented.

GENERAL MANAGER'S REPORTS

No new information was presented.

REVIEW AND DISCUSS DISTRICT AND BOARD ACTIVITIES

No new information was presented.

ADJOURNMENT

WEROC Fund	157,730	0.95%
Trustee Activities	8,654	0.05%
Total	\$16,614,577	100.00%

The funds are invested as follows:

Term of Investment	% of Portfolio	Book Value	Market Value
Cash	1.04%	\$172,638	\$172,638
Short-term investment			
• LAIF	47.98%	\$7,971,473	\$7,971,473
• OCIP	32.31%	5,367,818	5,367,818
Long-term investment			
• Misc. Securities	12.05%	2,002,648	2,042,958
• Certificates of Deposit	6.62%	1,100,000	1,095,520
Total	100.00%	\$16,614,577	\$16,650,407

The average number of days to maturity/call as of October 31, 2014 equaled 118 and the average yield to maturity is 0.742%. During the month, the District's average daily balance was \$18,635,643.06. Funds were invested in Federal Agency Issues, Certificates of Deposit, Negotiable CD's, Miscellaneous Securities, the Local Agency Investment Funds (LAIF) and the Orange County Investment Pool (OCIP) during the month of October 2014.

The \$35,830 difference between the book value and the market value on October 31, 2014 represents the exchange difference if all investments had been liquidated on that date. Since it is the District's practice to "buy and hold" investments until maturity, the market values are a point of reference, not an indication of actual loss or gain. There are no current plans or cash flow requirements identified in the near future that would require the sale of these securities prior to maturity.

Investment Selection

Moderate HighMark PLUS

Investment Objective

The dual goals of the Moderate Strategy are growth of principal and income. It is expected that dividend and interest income will comprise a significant portion of total return, although growth through capital appreciation is equally important. The portfolio will be allocated between equity and fixed income investments.

MUNICIPAL WATER DISTRICT OF ORANGE COUNTY
MANAGEMENT LETTER
FOR THE YEAR ENDED JUNE 30, 2014

The Board of Directors and Management of the Municipal Water District of Orange County
Fountain Valley, California

We have audited the basic financial statements of the Municipal Water District of Orange County (District) for the year ended June 30, 2014 and have issued our report thereon dated December 3, 2014. In planning and performing our audit of the basic financial statements of the District, we considered internal control in order to determine our auditing procedures for the purpose of expressing our opinion on the basic financial statements. An audit does not include examining the effectiveness of internal control and does not provide assurance on internal control. We have not considered internal control since the date of our report.

During our audit we noted certain matters involving internal control and other operational matters that are presented for your consideration. These observations and recommendations, all of which have been discussed with the appropriate members of management, are intended to improve internal control or result in other operating efficiencies and are summarized as follows:

CURRENT YEAR MANAGEMENT LETTER COMMENTS

METER CONNECTIONS

Observation:

We noted the number of meters within the water agencies' boundaries is a key driver for amounts billed by the District, and will continue to be a significant factor in future periods, as the District increases the ratio of "per connection" charges. The water agencies self-report the number of connections each year, and the District documents review and inquires with the water agencies when the number of connections varies from year to year. While District follow-up is documented in the form of emails and faxes, there is no evidence of on-site inspections, or other documentation, to substantiate the number of connections added by water agencies in a given year. There is a risk as new meters are added by water agencies, that they will not be captured on a timely basis by the District, and thus amounts may not be accurately billed by the District.

Recommendation:

The District should review certain aspects of the meter connection certification and review process. The District's monthly procedures should be reviewed to ensure that as new meters are added by water agencies, the District is accurately capturing the information, in order to accurately bill the agencies for meter connection charges.

Management Response:

We will review our policies and procedures regarding how our member agencies report their number of Retail Meters and perform a risk assessment to take appropriate action and ensure we are accurately capturing the information.

Our audit procedures are designed primarily to enable us to form an opinion on the financial statements, and therefore may not bring to light all weaknesses in policies or procedures that may exist. We aim, however, to use our knowledge of the District gained during our work to make comments and suggestions that we hope will be useful to you.

We would be pleased to discuss these comments and recommendations with you at any time.

This report is intended solely for the information and use of the Board of Directors, the District's management and others within the organization and should not be used by anyone other than these specified parties.

To the Board of Directors
Municipal Water District of Orange County
Fountain Valley, California

We have audited the financial statements of the Municipal Water District of Orange County (District) for the year ended June 30, 2014. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards and *Government Auditing Standards* and OMB Circular A-133, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated July 25, 2014. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the District are described in Note 1 to the financial statements. The application of existing policies was not changed during the year. We noted no transactions entered into by the District during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the District's financial statements were:

Management's estimate were used in: determining fair market value of investments; depreciation expense and valuation of capital assets, including capitalized interest; and actuarial liabilities and annual required contributions pertaining to the District's retirement and medical retiree (OPEB) plans. We evaluated the key factors and assumptions used to develop these estimates in determining that it is reasonable in relation to the financial statements taken as a whole.

As described in Note 10 to the financial statements, subsequent to June 30, 2014, the District received a refund from Metropolitan Water District of Southern California (Metropolitan) totaling \$7,812,706 for amounts overbilled by Metropolitan from previous years. Additionally, the District received \$331,528 from Metropolitan for overbilling of Tier 2 charges. The District has refunded the member agencies affected, and reported Accounts Payable for amounts due to agencies at June 30, 2014.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. Refer to Attachment A for material misstatements detected as a result of audit procedures and corrected by management.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated December 3, 2014.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the District's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the District's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

We applied certain limited procedures to management's discussion and analysis and schedule of funding progress for the other post-employment benefit plan, which are required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were engaged to report on the schedule of expenditures of federal awards, which are not RSI. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Restriction on Use

This information is intended solely for the use of the Board of Directors and management of the District and is not intended to be, and should not be, used by anyone other than these specified parties.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Directors
Municipal Water District of Orange County
Fountain Valley, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Municipal Water District of Orange County (District), as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 3, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY OMB CIRCULAR A-133

To the Board of Directors
Municipal Water District of Orange County
Fountain Valley, California

Report on Compliance for Each Major Federal Program

We have audited the Municipal Water District of Orange County's (District) compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2014. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the District's compliance.

Opinion on Each Major Federal Program

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2014.

Report on Internal Control over Compliance

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A-133

We have audited the financial statements of the District, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements. We issued our report thereon dated December 3, 2014, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Report on the Financial Statements

We have audited the accompanying financial statements of the Municipal Water District of Orange County (District), as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the District, as of June 30, 2014, and the changes in its financial position and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and schedule of funding progress for the other post-employment benefit plan on pages 3 through 9 and 26 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Prior-Year Comparative Information

We have previously audited the 2013 financial statements of the District, and we expressed an unmodified audit opinion on the financial statements in our report dated December 19, 2013. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2013, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 3, 2014, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Management's Discussion and Analysis

(Unaudited)

**MUNICIPAL WATER DISTRICT OF ORANGE COUNTY
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2014**

The following is a brief discussion of the Municipal Water District of Orange County's (District) activities and financial performance for the year ended June 30, 2014. Please read in conjunction with the District's basic financial statements and accompanying notes which follow this section.

FINANCIAL HIGHLIGHTS

- The District's revenues were \$213.2 million in FY 2013-14, compared to \$176 million in the prior fiscal year, a 21.2% increase.
- The District's expenses were \$212.5 million in FY 2013-14, compared to \$180 million in the prior fiscal year, a 18.1% increase.
- The District's assets at June 30, 2014 were \$52.8 million, a 30.9% increase compared to total assets of \$40.3 million at June 30, 2013.
- The District's liabilities at June 30, 2014 were \$46.8 million, a 33.8% increase compared to total liabilities of \$35 million at June 30, 2013.
- The District's net position at June 30, 2014 were \$6.0 million, a 12.4% increase compared to net position of \$5.4 million at June 30, 2013.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe which transactions are recorded within the various financial statements. Basis of accounting refers to when transactions are recorded regardless of the measurement focus applied. The accompanying financial statements are reported using the economic resources measurement focus, and the accrual basis of accounting.

Under the economic resources measurement focus all assets and liabilities (whether current or noncurrent) associated with these activities are included on the Statement of Net Position. The Statement of Revenues, Expenses and Changes in Net Position presents increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

OVERVIEW OF THE BASIC FINANCIAL STATEMENTS

The District's financial statements, prepared in accordance with generally accepted accounting principles (GAAP), offer key, high-level financial information about District activities during the reporting period. The financial statements of the District consist of three interrelated statements designed to provide the reader with relevant information on the District's financial condition and operating results. These statements offer short-term and long-term financial information about the District's activities utilizing the full accrual basis of accounting.

The *Statement of Net Position* includes all of the District's assets, less liabilities, and provides information about the nature and amounts of investments in resources (assets) and the obligations to the District's creditors (liabilities), with the difference being reported as Net Position. It also provides the basis for computing rate of return, evaluating the capital structure of the District, and assessing the liquidity and financial flexibility of the District.

**MUNICIPAL WATER DISTRICT OF ORANGE COUNTY
MANAGEMENT'S DISCUSSION AND ANALYSIS
(CONTINUED)
JUNE 30, 2014**

All of the current year's revenues and expenses are accounted for in the *Statement of Revenues, Expenses, and Changes in Net Position*. This statement measures the District's operations over the past year and can be used to determine whether the District has successfully recovered all its projected costs through its rates and other service related charges.

The final required financial statement is the *Statement of Cash Flows* which presents information about the District's cash receipts and cash payments during the reporting period classified as cash receipts, cash payments, and net changes in cash resulting from operations, and investing, non-capital financing, and capital and related financing activities. This statement also provides comparative information on the sources and uses of the District's cash during the reporting period.

FINANCIAL ANALYSIS OF THE DISTRICT

Our analysis of the District begins on page 3 of the Management's Discussion and Analysis. One of the most important questions asked about the District's finances is: "Is the District, as a whole, better off or worse off as a result of the year's activities?" The Statement of Net Position and the Statement of Revenues, Expenses, and Changes in Net Position report information about the District's activities in a way that will help answer this question. These two statements report the net position of the District and changes in them. You can think of the District's net position (the difference between assets and liabilities) as one way to measure financial health or financial position. Over time, increases or decreases in the District's Net Position are one indicator of whether its financial health is improving or deteriorating. However, you will need to consider other non-financial factors, such as changes in economic conditions, population growth, changes in rates and charges and new or changed government legislation or accounting standards.

STATEMENT OF NET POSITION

Net position is the difference between assets, less liabilities, and may serve over time as a useful indicator of a government's financial position. The following is a summary of the District's Statement of Net Position.

**Table 1
Condensed Statements of Net Position
(In thousands of dollars)
June 30:**

	<u>2014</u>	<u>2013</u>	<u>Variance</u>	<u>Total Percent Change</u>
Current Restricted Assets	\$ 2,845	\$ 4,194	\$ (1,349)	(32.2%)
Current Unrestricted Assets	48,854	35,145	13,709	39.0%
Capital Assets	1,063	983	80	8.1%
Noncurrent Unrestricted Assets	37	-	37	100.0%

Restricted for Trustee Activities	1,010	1,149	(139)	(12.1%)
Unrestricted	3,955	3,234	721	22.3%
Total Net Position	6,028	\$ 5,365	\$ 663	12.4%

As can be seen from the table above, net position increased by \$663,000 from Fiscal Year 2013 to 2014. This increase is the result of the following:

- Current Unrestricted Assets increased by \$13.7 million due mainly to higher water sales in the amount of \$5.0 million and \$8.1 million received from MET due to a metering error (Note 10).
- Liabilities Payable from Restricted Current Assets decreased \$1.2 million. \$1.6 million due to Participants paying off their Revised Percentage of Investment (RPOI) debt early for the AMP Sales Agreement and \$331 thousand increase due to the T2 refund to member agencies from the MET metering error.
- Liabilities Payable from Unrestricted Current Assets increased by \$13.1 million mainly due to increased water purchases from Metropolitan in the amount of \$5.5 million and \$8.3 million paid to member agencies from MET's metering error.

STATEMENT OF REVENUES, EXPENSES, AND CHANGES IN NET POSITION

While the Statement of Net Position shows the financial position at year-end, the Statement of Revenues, Expenses, and Changes in Fund Net Position provides information as to the nature and source of these changes in Net Position. The District reported an increase in net position of \$663 thousand for the year ended June 30, 2014, as compared to a decrease of \$4 million for the year ended June 30, 2013. The following is a summary of the change in the District's net position.

**Table 2

Expenses, and Changes in Net Position
(In thousands of dollars)
Year Ended June 30:**

	<u>2014</u>	<u>2013</u>	<u>Variance</u>	<u>Total Percent Change</u>
Operating Revenues	\$ 202,415	\$ 172,357	\$ 30,058	17.4%

Beginning Net Position	<u>5,365</u>	<u>9,369</u>	<u>(4,004)</u>	<u>(42.7%)</u>
Ending Net Position	<u>\$ 6,028</u>	<u>\$ 5,365</u>	<u>\$ 663</u>	<u>12.4%</u>

The source of change in net position is due to the District's operating revenues increasing by \$30.1 million in Fiscal Year 2014 due mainly to higher water sales caused by drier and warmer weather conditions and for replenishment of the Orange County Water District (OCWD) groundwater basin.

Other Operating expenses increased by \$29.1 million due mainly to higher amounts of water purchase from Metropolitan in Fiscal Year 2014.

Special Item Revenues and Special Item Expense increased by \$8.1 and \$4.6 respectively, due to a MET metering error resulting in an \$8.3 million refund to member agencies.

The variances on the budget to actual are as follows:

- Revenues From Operations were \$36.2 million higher than budget due to higher water sales due to drier and warmer weather conditions.
- Expenses from Cost of Water purchased was \$36.6 million higher than budget due to higher water purchases from Metropolitan.
- Non-operating Revenues and Expenses were higher than budget due to a MET metering error that resulted in an \$8 million refund to member agencies.

MANAGEMENT'S DISCUSSION AND ANALYSIS
(CONTINUED)
JUNE 30, 2014**

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

The District's Board of Directors and management considered many factors during preparation and approval of the annual budget for FY 2014-15. The budgeted operating expenses total \$189.9 million and operating and non-operating revenues total \$190.0 million.

Historically, the District has recouped the cost of water purchased from the resale of imported water to the District's 28 water agencies located in Orange County. In addition MWDOC charges both a per acre-foot surcharge and a per retail meter charge to cover its operating budget. In past history, the District's operating revenue has been approximately 65% from per retail connection charges, and 35% from per acre-foot charges. Beginning in 2011-12, MWDOC began transitioning from the two-component rate structure to one involving only a single component. Over a five year period, ending in 2015-16, MWDOC would transition from a water rate structure involving a per acre-foot charge and a per retail meter charge to 100% on the per retail meter charge. In addition MWDOC's agencies will also pay for the resale cost of imported water.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is intended to provide the Board of Directors, customers, taxpayers, creditors, and other interested parties with a general overview of the District's financial operations and condition at the year ended June 30, 2014, and to demonstrate the District's accountability for the funds it receives. If you have questions about this report or need additional information, you may contact the Municipal Water District of Orange County, Finance Dept., at 18700 Ward Street, Fountain Valley, CA 92708, (714) 963-3058, www.mwdoc.com.

Notes to Financial Statements

Municipal Water District of Orange County
Notes to Basic Financial Statements
For the Year Ended June 30, 2014

(1) Organization and Summary of Significant Accounting Policies

Reporting Entity

The Municipal Water District of Orange County (the District) was formed as a municipal water district on January 11, 1951 under the Municipal Water District Act of 1911. The District is a wholesale water supplier and resource planning agency that serves all of Orange County through 28 cities and water agencies (except the Cities of Anaheim, Fullerton, and Santa Ana which are independent member agencies of the Metropolitan Water District of Southern California ("Metropolitan"). As a public agency member of the Metropolitan, the District purchases imported water from Metropolitan and provides the water to the District's 28 member agencies, which provide retail water services to approximately 2.3 million residents with the District's service area of approximately 600 square miles. The District's primary sources of water from Metropolitan are the California State Water Project (SWP) and the Colorado River Aqueduct.

The District is an independent special district of the State of California governed by an elected seven-member board. On January 2001, the District merged with the Coastal Municipal Water District (Coastal) under the recommendation of the Local Agency Formation Commission of Orange County (LAFCO) as part of an effort to streamline local government. The consolidation of the two agencies allows the new district to more efficiently provide wholesale water services at an improved efficiency for the benefit of residents living throughout the service area.

The District's reporting entity includes the accounts of the District and the Municipal Water District of Orange County Water Facilities Corporation (WFC). Formed as a separate California nonprofit corporation on April 20, 1978 to assist in the financing of the Allen-McColloch Pipeline (AMP) and the Flow Augmentation Project (FAP), the WFC has no employees (see Note 5). The WFC is governed by a seven-member board comprised of the District's board members. The WFC had no activity or balances for the year ended June 30, 2014 and is kept active for potential future financing arrangements. WFC is a blended component unit of the District and the District has operational responsibility for WFC.

Basic Financial Statements

The District's basic financial statements consist of the Statement of Net Position the Statement of Revenues, Expenses and Changes in Net Position, the Statement of Cash Flows, and the Notes to the Basic Financial Statements.

Basis of Presentation

The District accounts for its activities as an enterprise fund. An enterprise fund is a proprietary type fund used to account for operations (a) that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

The District's basic financial statements have been prepared on the accrual basis of accounting, and are presented on an economic measurement focus reporting all economic resources and obligation for the period ended June 30, 2014.

Net Position

In the Statement of Net Position, net position is classified in the following categories:

- Net investment in capital assets – This amount consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets as applicable.
- Restricted net position – This amount consists of restricted assets reduced by liabilities. Generally, a liability relates to restricted assets if the asset results from a resource flow that also results in the recognition of a liability or if the liability will be liquidated with the restricted assets reported. Or a resource subject to constraints that are externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

Municipal Water District of Orange County
Notes to Basic Financial Statements
For the Year Ended June 30, 2014

- Unrestricted net position – This amount is the net amount of the assets and liabilities that are not included in the determination of net investment in capital assets or the restricted component of net position.

When both restricted and unrestricted resources are available, it is the District's policy to use restricted resources first and then unrestricted resources as they are needed.

Operating and Non-Operating Revenues and Expenses

The District's primary purpose is to provide a dependable wholesale supply of imported water for its 28 member agencies. Accordingly, operating revenues, such as charges for services (water sales less the cost of water) result from exchange transactions, associated with the principal activity of the District, the purchase and resale of imported water to the District's member agencies.

Revenues from federal and state grants, reimbursements from participants and special projects (see Note 6), as well as special projects expenses are defined as operating revenues and expenses, respectively. Non-operating revenues consist of investment income and other miscellaneous income.

Water Sales and Cost of Water Sold

Historically, the District's primary source of revenue has been from the resale of imported water to the District's 28 member agencies located in Orange County. Based on Metropolitan's cost of water, each year the Board of Directors approves water rates comprised of a per retail connection charge, readiness to serve charge and a per acre-foot charge. Metropolitan's rates are based on cost of service studies performed on a biennial basis. Water rates are not subject to regulation by the California Public Utilities Commission or by any other local, state, or federal agency. Revenue from sales of water is recognized on the accrual basis as water is delivered.

Over the years, the District's revenue has been approximately 65% from a per retail connection charges, and 35% from per acre-foot charges. In June 2010, MWDOC and its member agencies came to agreement on changes to MWDOC's structure of charging for its services. First, MWDOC agreed to segregate our services between "Core" services and "Choice" services to give our agencies more "choices" to the services received. It was also agreed that, in addition to the cost of water and other charges from Metropolitan, MWDOC would transition its method of charging for "Core" services in the following manner. Commencing in fiscal year 2011 -12, MWDOC began transitioning to a 100% fixed charge. In the first year of this process, 80% of MWDOC's water rate charges for its operating budget would be fixed, and 20% would be based on water sales charges. Each year for the subsequent four years, MWDOC would increase the amount on fixed charges by 5%, reaching 100% in fiscal year 2015-16. Choice services would be charged directly to the agencies as a "fee for service". These changes to the rate structure were determined to be more equitable among MWDOC's member agencies. The member agencies also pay for the resale of imported water in addition to the other charges noted.

Investments

The District's investment policy and delegation of investment authority, is reviewed and approved each year by the Board of Directors. The investment policy authorizes the Treasurer to invest, reinvest, sell or exchange permitted fixed income securities in accordance with the California Government Code. The District accounts for investments in debt securities at fair market value (the value at which a financial instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale). Investment income from restricted assets remains restricted.

Cash and Cash Equivalents

Cash and cash equivalents are defined as cash and short-term, highly liquid investments (i.e., Local Agency Investment Fund and Orange County Investment Pool) which are readily convertible to cash and mature within ninety (90) days of original purchase.

Accounts Receivable

The District extends credit to customers in the normal course of operations. Management believes all accounts receivable are collectible. In the event any accounts receivable are determined they are uncollectible, an allowance is recorded.

Municipal Water District of Orange County
Notes to Basic Financial Statements
For the Year Ended June 30, 2014

Capital Assets

Capital Assets are defined by the District as assets with an initial, individual cost of more than \$5,000 and useful life greater than one (1) year. Upon retirement, sale or other disposition of capital assets, the cost and related accumulated depreciation are removed from respective accounts and any gains or losses are recognized. Depreciation is computed using the straight-line method over the estimated useful life of the asset, which range from 3 to 5 years for furniture, fixtures, and equipment, and up to 30 years for leasehold improvements.

Deposits and Prepaid Expenses

Certain payments to vendors reflect costs or deposits applicable to future accounting periods and are recorded as Deposits and Prepaid items in the basic financial statements.

Compensated Absences

As vacation leave is a vested employee benefit, the District is obligated to compensate employees for all earned but unused vacation days. Employee vacation days are accrued each pay period and reported as accrued liabilities. Depending on the length of employment, employees earn a minimum of 10 to a maximum of 26 vacation days per year. Accumulated vacation days may not exceed 1.5 times the number of days earned per year without prior approval of the General Manager. Sick leave time is a non-vested employee benefit (i.e. accumulated sick leave is not payable in the event of employee termination); is considered a contingent liability and is not reflected in the accompanying financial statements.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that could affect certain reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates. Also, the preparation of the financial statements inherently requires rounding of amounts and estimates. Management believes that any differences due to rounding are not material.

Budgetary Policy and Control

The District Administrative Code requires that a budget be prepared each year under direction of the General Manager based on estimates of revenues and expected expenditures. The District's Board of Directors adopted an annual budget of expenditures for the period ended June 30, 2014. All amendments to the budget, or transfers of operating budget appropriations to or from reserve accounts, require Board approval. The General Manager is authorized to transfer budget amounts within programs. The legal level of budgetary control is at the total fund level.

New Accounting and Reporting Requirements

For the fiscal year beginning July 1, 2013 the District is required to apply the following GASB Statements:

GASB Statement No. 65 – In March 2012, GASB issued Statement No. 65 – *Items Previously Reported as Assets and Liabilities*. This Statement establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities. The Statement is effective for periods beginning after December 15, 2012, or the 2013-2014 fiscal year. The District has determined this statement is not applicable.

GASB Statement No. 66 – In March 2012, GASB issued Statement No. 66 – *Technical Corrections – 2012 – an amendment of GASB Statements No. 10 and No. 62*. The objective of this Statement is to improve accounting and financial reporting for a governmental financial reporting entity by resolving conflicting guidance that resulted from the issuance of two pronouncements, Statements No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions* and No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*. The Statement is effective for periods beginning after December 15, 2012, or the 2013-2014 fiscal year. The District has determined this statement is not applicable.

GASB Statement No. 67 – In June 2012, GASB issued Statement No. 67 – *Financial Reporting for Pension Plans – an amendment of GASB Statement No. 25*. The objective of this Statement is to improve financial reporting by state and local governmental pension plans. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for pensions with regard to providing decision-useful

information, supporting assessments of accountability and interperiod equity, and creating additional transparency. This Statement replaces the requirements of Statement No. 25 – *Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans*, and Statement No. 50 – *Pension Disclosures*, as they relate to pension plans that are not administered through trust covered by the scope of this Statement and to defined contribution plans that provide postemployment benefits other than pension. The Statement is effective for periods beginning after June 15, 2013, or the 2013-2014 fiscal year. The District implemented this pronouncement effective July 1, 2013.

GASB Statement No. 70 – In April 2013, GASB issued Statement No. 70 – *Accounting and Financial Reporting for Nonexchange Financial Guarantees*. The objective of this Statement is to improve the recognition, measurement, and disclosure guidance for state and local governments that have extended or received financial guarantees that are nonexchange transactions. The Statement is effective for periods beginning after June 15, 2013, or the 2013-2014 fiscal year. The District has determined this statement is not applicable.

Effective in Future Years

GASB Statement No. 68 – In June 2012, GASB issued Statement No. 68 – *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27*. The primary objective of this Statement is to improve accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for pensions with regard to providing decision-useful information, supporting assessments of accountability and interperiod equity, and creating additional transparency. The Statement is effective for periods beginning after June 15, 2014, or the 2014-2015 fiscal year. The District has not determined the effect on the financial statements.

GASB Statement No. 69 – In January 2013, GASB issued Statement No. 69 – *Government Combinations and Disposals of Government Operations*. The objective of this Statement is to establish reporting standards related to government combinations and disposals of government operations. The Statement is effective for periods beginning after December 15, 2013, or the 2014-2015 fiscal year. The District has not determined the effect on the financial statements.

GASB Statement No. 71 – In November 2013, GASB issued Statement No. 71 – *Pension Transition for Contributions Made Subsequent to the Measurement Date—an amendment of GASB Statement No. 68*. The objective of this Statement is to address an issue regarding application of the transition provisions of Statement No. 68, Accounting and Financial Reporting for Pensions. The issue relates to amounts associated with contributions, if any, made by a state or local government employer or nonemployer contributing entity to a defined benefit pension plan after the measurement date of the government's beginning net pension liability. The Statement is effective for periods beginning after June 15, 2014, or the 2014-2015 fiscal year. The District has not determined the effect on the financial statements.

Disclosures Relating to Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair market value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair market value to changes in market interest rates. One of the ways that the District manages its exposure to interest rate risk is by purchasing a combination of shorter-term and longer-term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations. Information about the sensitivity of the fair market values of the District's investments to market interest rate fluctuations is provided by the following table that shows the distribution of the District's investments by maturity:

		<u>Remaining Maturity (in Months)</u>		
<u>Investment Type</u>		<u>12 Months or Less</u>	<u>13 to 24 Months</u>	<u>25-60 Months</u>

Disclosures Relating to Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required by (where applicable) the California Government Code or District's investment policy, or debt agreements, and the actual rating by Standard and Poor's (S&P) as of the year end of each investment type. The District purchases all investments at the minimum rating but some investments' ratings may downgrade during its life but it is the District's policy to hold investments until their maturity.

Concentration of Credit Risk

The District's investment policy contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. At June 30, 2014 the District had investments in more than one issuer (other than U.S. Treasury securities, mutual funds, external investment pools) that represented 5% or more of total District investments as follows:

<u>Issuer</u>	<u>Amount</u>	<u>Percent of Portfolio</u>
MetLife Global Funding	\$518,560	5.91%
Morgan Stanley	\$517,350	5.89%
UBS Financial Services	\$509,560	5.80%

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for *investments* is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the District's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments, other than the following provision for deposits:

The California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agency. The Government Code also allows financial institutions to secure public agency deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits. As of June 30, 2014 the District's deposits with financial institutions are covered by FDIC up to \$250,000 and at this point in time our exposure is \$349,909.

Investment in State and County Investment Pool

The District is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by California Government Code Section 16429 under the oversight of the Treasurer of the State of California, and in the Orange County Investment Pool (OCIP) under the oversight of the Orange County Treasurer. The fair market value of the District's investment in these pools are reported in the accompanying financial statements at amounts based upon the District's pro-rata share of the fair market value provided by LAIF and OCIP for the entire LAIF and OCIP portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF and OCIP, which are recorded on an amortized cost basis.

LAIF is a governmental investment pool managed and directed by the California State Treasurer and is not registered with the Securities and Exchange Commission. An oversight committee comprised of California State officials and various participants provides oversight to the management of the fund. The daily operations and responsibilities of LAIF fall under the auspices of the State Treasurer's office.

The Agency is a participant in the County Treasurer's Orange County Investment Pool (OCIP). The OCIP is an external investment pool, is not rated, and is not registered with the Securities Exchange Commission (SEC). The County Treasury Oversight Committee conducts OCIP oversight. Cash on deposit in the OCIP at June 30, 2014, is stated at fair value. The OCIP values participant shares on an amortized cost basis during the year and adjusts to fair value at year-end. For further information regarding the OCIP, refer to the County of Orange Comprehensive Annual Financial Report.

(3) Restricted Assets

Restricted assets are monies held in restricted funds or accounts by the District for the benefit of member agencies, including a rate stabilization fund. As of June 30, 2014, \$2,513,346 was included in trustee Activities.

(5) Trustee Activities

Since 1978, the District has acted as trustee for certain member agencies in the financing, construction and operation of a water pipeline system and related facilities necessary to improve water quality and provide capacity to accommodate new development in the southeastern portion of the District's service area. The original 1979 pipeline project consisted of the construction of a 26-mile pipeline, which was augmented in 1989 with the construction of a 3-mile parallel pipeline and flow control facility. Together these projects, known as the Allen-McColloch Pipeline (AMP) and the Flow Augmentation Project (FAP), were funded through tax-exempt bonds originally issued by WFC and cash participation by some participating agencies.

In 1995, the Metropolitan acquired the AMP and FAP pipelines and related facilities. At the same time, all participating agencies agreed upon a Revised Percentage of Investment (RPOI) formula for sharing of revenue from Metropolitan and other participants for capacity swaps until the final payment of all outstanding debt or liabilities in 2016, or sooner.

As trustee, the District records current year transactions to receive payments from the financing member agencies, and to make payments to member agencies which paid cash. For the year ended June 30, 2014, The District received \$4,452,487 from certain AMP member agencies, and disbursed \$5,877,215 by the RPOI formula. As of June 30, 2014, the balance of \$4,665 included in "Due to Participants" is to be disbursed to the AMP member agencies in the first quarter of the following fiscal year.

(6) Special Projects Revenue and Expenses

The District receives revenues from member agencies, as well as grants from federal and state agencies, to the benefit of the District's ratepayers for a variety of programs and projects, including water conservation education, water use efficiency, and desalinization feasibility studies. As stipulated in executed grant agreements, the District is reimbursed by the granting agency for eligible grant project expenses which are first incurred by the District. For eligible District-Incurred grant expenses not reimbursed by the end of the District's fiscal year, the District accrues revenue for unreimbursed grant funds due the District. As of June 30 2014, the District accrued \$423,487 of grants receivable. The District recognized \$2,315,530 in contributions from Metropolitan and member agencies, federal and state grant revenue, and corresponding expenses, for the year ended June 30, 2014.

(7) District Directors and Employees Retirement Plans

(a) Defined Contribution Plan

On January 1, 1997, the Districts' Board of Directors adopted a defined contribution, private Money Purchase Pension Plan (Plan). Employee contributions were made to the Plan until the District joined the California Public Employees Retirement System (CalPERS). Effective, March 1, 2003, District employees became members of CalPERS and employee contributions to the Plan were frozen. Currently, seven Board members participate in the Plan and contributions are made by the District on behalf of the current participants. The District is required to contribute 10.5% of a participant's gross salary, increasing to 13.5% after one year of service. The District's Board of Directors has the authority to amend or terminate the plan at any time. A summary of this plan's contribution and District payroll information follows:

District contributions for participants	\$23,748
District contributions as a percent of covered payroll	10.5% / 13.5%
Total covered payroll	\$175,908

Municipal Water District of Orange County
Notes to Basic Financial Statements
For the Year Ended June 30, 2014

Participants become vested in the District's Plan 20% per year of service until they become fully vested after five (5) years of service.

(b) Defined Benefit Plan (CalPERS Employee Retirement Plan)

Plan Description:

Effective March 1, 2003, the District has participated in the California Employees Retirement System (CalPERS), a cost sharing multiple-employer public employee defined benefit pension plan. CalPERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. CalPERS serves as a common investment and administrative agent for participating public entities within the State of California. Benefit provisions and all other requirements are established by State statute and District ordinance. Copies of CalPERS' annual financial report may be obtained from the CalPERS Executive Office, 400 "P" Street, Sacramento, CA, 95814 (<http://www.calpers.ca.gov>).

Funding Policy:

The District funded employer payroll contributions to CalPERS for the 2.0% at 55 Risk Pool Retirement Plan (Plan) on behalf of eligible District employees. These contributions included the employer paid member (employee) contribution (7% of annual covered salary), and the employer's contribution (10.781% of annual covered salary) for a total contribution of 17.781%; consisting of the actuarially determined remaining amount necessary to fund benefits for its members. The member contribution amounts are established by State statute and employer contribution rate is established by CalPERS based on actuarial valuations. Effective with the 2012/13 budget year, employees began paying 1% of the 7% member (employee) contribution and 2% of the 7% effective 2013/14 budget year. It is anticipated that this amount will increase by 1% each budget year until the 7% member (employee) contribution is fully funded by the employee.

Classic CalPERS members hired after March 1, 2013 are required to pay the entire 7% member (employee) contribution rate and are not subject to the above 1% increase each year.

Pursuant to the Public Employees Pension Reform Act (PEPRA), employees hired after January 1, 2013 that are new to CalPERS, are enrolled in the 2% @ 62 CalPERS Retirement Formula and are required to pay 6.25% of the member (employee) contribution rate with the employer paying 6.25% of the Employer contribution rate (12.50% total contribution). Employer contributions are included and equaled the required contributions for each period. Recent District contribution rates and amounts are presented in the following table.

<u>Fiscal Year</u>	<u>Contribution Rate (%)</u>	<u>Contribution Amount (\$)</u>
2013-14	17.781 / 12.50	390,763
2012-13	17.238	437,323
2011-12	17.059	450,721

(8) Retiree Medical Plan - Other-Post-Employment Benefits

(a) Plan Description:

Effective October 1, 2011, the District established a Post Retirement Healthcare Plan (Plan), and has contributed to a Section 115 Irrevocable Exclusive Benefit Trust for the pre-funding of post-employment health care costs. Currently, the District provides health insurance for its retired employees and their dependent spouses (if married and covered on the District's plan at time of retirement), or survivors in accordance with Board resolutions. Medical coverage is provided for retired employees who are age 55 or over and who have a minimum of 10 years service with the District.

The District pays 100% of the premium for the single retiree and 80% of the married retiree and spouse until age 65. If a retiree in receipt of these benefits dies before reaching age 65, the surviving spouse will continue to receive coverage that the retiree would have been entitled to until age 65 only. When a retiree reaches age 65 and/or is eligible for Medicare, the District reimburses the retiree up to \$1,800 per calendar year for the cost of Supplemental Medical Insurance and Medicare Prescription Drug (Part D) Insurance. Retirees who complete at least 25 consecutive years of full-time service receive District-paid dental and vision benefits along with the above-mentioned medical coverage until the time of the retiree and spouse's death. Plan benefits and

contribution requirements of Plan members and the District are established, and may be amended, by the District's Board of Directors.

The following parties are responsible for administration of the Plan:

- Public Agency Retirement Services (PARS) serves as Trust Administrator and Consultant,
- US Bank serves as Trustee, and
- HighMark Capital Management servers as Investment Manager.

PARS issues monthly account reports to the District and HighMark publishes quarterly performance reports.

(b) Funding Policy:

The contribution requirements of Plan members and the District are established, and may be amended, by the District's Board of Directors. Currently, contributions are not required from Plan members. The District is currently funding the OPEB obligation on a pre-funding basis. For the year ended 2014, the District made a total contribution of \$273,982 of which, \$44,546 were actual health care costs for its retirees and their covered dependents.

(c) Annual OPEB Cost and Net OPEB Obligation:

The District's annual OPEB cost (expense) is calculated based on the Annual Required Contribution of the employer (ARC), an amount actuarially determined in accordance with GASB Statement 45. The most recent GASB 45 actuarial valuation is dated July 1, 2011. The ARC represents a level of funding that, if paid on an on-going basis, is projected to cover normal costs each year and to amortize any unfunded liabilities of the Plan over a period not-to-exceed 30 years.

The following table shows the components of the District's annual OPEB costs for FY 2013-14, the amount actually contributed to the Plan and changes in the District's net OPEB Asset.

Annual Required Contribution (ARC)	\$ 205,390
Interest on Net OPEB Obligation	1,917
Adjustment to ARC	<u>(2,322)</u>
Annual OPEB Cost	204,985
Contribution made	<u>273,982</u>
Decrease in Net OPEB Obligation	<u>(68,997)</u>
Net OPEB Obligation June 30, 2013	<u>31,956</u>
Net OPEB Asset at June 30, 2014	\$ <u>(37,041)</u>

(d) Three-Year Trend Information:

For fiscal year 2014, the District's annual OPEB cost (expense) of \$204,985 was equal to the ARC including adjustments. Information on the annual OPEB cost, Percentage of Annual OPEB Cost Contributed, and Net OPEB Obligation (Asset) are presented below:

Fiscal Year Ended	Annual OPEB Cost	Actual Contribution (Net of Adjustments)	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation (Asset)
6/30/2012	\$200,223	\$ 621,370(1)	310.34%	\$ (12,692)
6/30/2013	200,223	155,575	77.70%	31,956
6/30/2014	204,985	273,982	133.66%	(37,041)

(1) Included \$500,000 contribution to irrevocable trust.

(e) Funded Status and Funding Progress:

As of July 1, 2011, the most recent actuarial valuation date, the plan was zero percent funded. The actuarial accrued liability for benefits was \$1,610,754, and the actuarial value of assets was zero, resulting in an Unfunded Actuarial Accrued Liability (UAAL) of \$1,610,754. The covered payroll (annual payroll of active employees covered by the plan) was \$2,734,534 and the ratio of the UAAL to the covered payroll was 58.90%.

Municipal Water District of Orange County
Notes to Basic Financial Statements
For the Year Ended June 30, 2014

Actuarial valuations of an on-going plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trends. Amounts determined regarding the funded status of the Plan and the annual required contributions of the District are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

(f) Actuarial Methods and Assumptions:

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and the plan members at that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets consistent with the long-term perspective of the calculations.

In the July 1, 2011 actuarial valuation report, the projected unit credit cost method was used. The actuarial assumptions included a 6.00% investment rate of return (net of administrative expenses), a trend rate for the fiscal year beginning 2012 of 7.00% for healthcare costs, and an inflation rate of 6.00%. The District's unfunded actuarial accrued liability was planned to be amortized by a 30 year level dollar contribution over an open period but in 2013 the District has decided to accelerate this plan to be fully funded within 10 years.

(9) Risk Management

The District is a member of the Association of California Water Agencies Joint Powers Insurance Authority (Insurance Authority). The Insurance Authority is a risk-pooling self-insurance authority, created under provisions of California Government Code Sections 6500 et. seq. The purpose of the Authority is to arrange and administer programs of insurance for the pooling of self-insured losses and to purchase excess insurance coverage for member agencies.

The Insurance Authority bills the District a deposit premium at the beginning of each year, which is placed in a reserve fund to cover the self-insurance portion of any claim. Settlements and/or expenses related to claims during the year are then charged to the reserve. If the balance of the reserve at the end of the year is deemed too low in relation to the amount of outstanding claims, the District is billed for additional premiums. When the claims are fully settled, any amounts remaining in the reserve are refunded to the District.

At June 30, 2014, the District participated in the self-insurance programs of the Insurance Authority as follows:

Property Loss - The Insurance Authority has pooled self-insurance up to \$100,000 per occurrence and has purchased excess insurance coverage up to \$100 million (total insurable value of \$1,335,472). The District has a \$1,000 deductible for buildings, personal property and fixed equipment.

General Liability - The Insurance Authority has pooled self-insurance up to \$2 million per occurrence, and has purchased excess insurance coverage up to \$60 million.

Auto Liability - The Insurance Authority has pooled self-insurance up to \$2 million per occurrence, and has purchased excess insurance coverage up to \$60 million.

Public Officials' Liability - The Insurance Authority has pooled self-insurance up to \$2 million per occurrence and has purchased excess insurance coverage up to \$60 million.

Fidelity Bond - The Insurance Authority has pooled self-insurance up to \$100,000 per occurrence and has purchased excess insurance coverage up to \$2 million. The District has a \$1,000 deductible.

Workers' Compensation - The Insurance Authority is self-insured up to \$2 million per occurrence and has purchased excess insurance coverage up to the statutory limit. Employer's liability is insured up to a \$4 million limit with pooled self-insurance up to \$2 million, and has purchased excess insurance coverage up to \$2 million.

The District pays annual premiums to the Insurance Authority for all coverage's. There were no instances in the past three years when a settlement exceeded the District's coverage.

(10) Subsequent Event

Special Item - Refund of OC-88 South County Pipeline Error

A metering error was discovered at the OC-88 Service Connection off of the Allen McColloch Pipeline (AMP); OC-88 is the interconnection of the AMP and the South County Pipeline (SCP). The metering error resulted from the incorrect programming of the acoustic meter in 2005 by a third party company, external to the organization and hired by Metropolitan (MET); the problem lasted for nine years of billings that were 3.4% too high. The majority of the refund will go to the five agencies receiving water via OC-88. However, in two of the years, MWDOC incurred Tier 2 water charges from MET. When MWDOC incurs Tier 2 charges, the charges are paid to MET by all agencies within MWDOC via the Tier 2 Contingency Fund or by MWDOC's melded water charges assessed by MWDOC to all water purchasers in those years. The overbilling refund for 2007 and 2008 also included a refund of Tier 2 charges in the amount of \$331,528 (refunded by MET). MWDOC went through a series of calculations to ensure the funds were properly credited back to the agencies while also taking into account the Tier 2 refund that was provided to the agencies in 2013 and accounting for lower contributions into the Tier 2 fund by the five South County Pipeline agencies based upon adjusted lower purchases of water. MET's statute of limitations according to their Administrative Code ranges from six months to three years but MET decided to go back to inception to correct the billing which totaled \$7,812,706 in water deliveries and \$331,528 in Tier 2 for a total refund from MET in the amount of \$8,144,234. MWDOC's Board approved MWDOC's Increment and Tier 2 overpayments to be refunded totaling \$130,608 for a total refund to member agencies in the amount of \$8,274,842.

MET's total refund was received as a credit on the August 2014 water bill. Member agencies affected will receive a check or credit on their water bill in October 2014.

Fiscal Impact (explain if unbudgeted): Estimated DC travel for calendar year 2015 is \$15,000. Calendar year 2014 estimated expenses total \$9,500. The first six months of FY 2014/15 expenses estimate at \$6,000.			

ANNUAL SUMMARY FROM DECEMBER 2014

Each year a number of trips are made to Washington DC to carry out MWDOC's Federal Initiatives. Anticipated trips are as follows:

In the past, typically MWDOC has budgeted six person-trips to Washington DC per year (a person-trip is one person traveling to and from Washington DC typically involving a two night stay). For 2015, it is anticipated that a few more trips will be made through the inclusion of the General Manager, and/or one staff and/or another director. These trips cost about \$1500 per person per trip and so the total estimated travel costs would be about \$15,000.

Typically, the first of these trips occurs in early to mid-January to begin the process of scoping out sentiments and positions relative to funding opportunities for the year. The search includes looking for funds for Water Use Efficiency, Planning, and other projects such as the Doheny Desalination Project and any other grant funding that might be developing. Early input into the process is sought to collect information and the current sentiment and to shape the policy direction in a manner beneficial to our needs.

Additional trips occur as the year proceeds. Typically, the second trip occurs in mid-February. The purpose is to continue making the rounds with Committee and Congressional staff members ahead of the appropriation submittal process (March & April) to further develop our strategy and requests for the year.

A third trip occurs in the May timeframe for meetings with the various legislative offices.

The fourth and fifth trips for the year occur in the summer or early fall to follow-up on any late issues as appropriations bills are drafted and approved.

Each of these trips can include one to two persons (staff and/or Directors; typically Director Brett Barbre makes all of the trips because of his expertise and connections).

FISCAL IMPACTS

The following is budgeted for fiscal year 2014/2105:

Washington Legislative Advocacy - \$15,000 budgeted. Approximately \$5,873 has been spent, leaving \$9,127 remaining.

Separate budget item for your information:

ACWA D.C. Conference (February 2015) – 2 staff, \$1,200/registration, \$3,800/travel
2 directors, \$1,200/registration, \$3,800/travel

SUBJECT: APPROVAL OF REVISED PERSONNEL MANUAL

STAFF RECOMMENDATION

Staff recommends the Board of Directors approve the proposed revisions to the Personnel Manual, as presented.

COMMITTEE RECOMMENDATION

The Committee reviewed the draft Personnel Manual and recommended it be presented to the Board for approval with a revision to the Grievance Procedure, stating that grievances concerning the General Manager or grievances that are not adequately resolved are to be reported to the Executive Committee.

DETAILED REPORT

A proposed draft of the Personnel Manual was presented to the A&F Committee at its November 12 meeting. Staff received input from the Committee and incorporated the recommended changes. Following review by the Committee, the proposed draft was also distributed to staff and legal counsel for input. Based on input received, revisions were made to the Personnel Manual.

The following is a summary of the revisions made to the manual since the Committee's review:

MUNICIPAL WATER DISTRICT OF ORANGE COUNTY

INTRODUCTION

The Municipal Water District of Orange County (MWDOC) was formed by Orange County voters in 1951 under the Municipal Water District Act of 1911. Today, MWDOC is Metropolitan Water District of Southern California's (MET's) third largest member agency, providing and managing the imported water supplies used in Orange County.

The Municipal Water District of Orange County (MWDOC) is a wholesale water supplier and resource planning agency. Our efforts focus on sound planning and appropriate investments in water supply development, water reliability, water resources management, and water use efficiency, public information, legislative advocacy, water education, and emergency preparedness. MWDOC's service area covers all of Orange County, with the exception of the cities of Anaheim, Fullerton, and Santa Ana. We serve Orange County through 28 retail water agencies.

MWDOC is governed by a seven-member Board of Directors. Each director is elected by the public to represent a specific portion of Orange County. MWDOC also appoints four representatives to advocate the interests of Orange County on the Metropolitan Board. MWDOC holds key leadership positions on the Board of Directors that oversee policy development, strategy, and implementation.

The General Manager is directly responsible to the Board of Directors for the administration of policies established by the Board.

EMPLOYMENT POLICY

The Municipal Water District of Orange County is an at-will employer and as such employment with the District is without a specified term and may be terminated at the will of either the District or the employee, with or without cause and with or without prior notice to the other. Employees of the District are not entitled to due process procedures, hearings, or any so-called *Skelly* rights related to their employment. This policy of employment at-will can be changed only in a formal written contract signed by the employee and an authorized representative of the Board of Directors. No other representative of the District has any authority to make any agreement contrary to the foregoing.

~~All persons considered for employment with the Municipal Water District of Orange County shall be qualified to perform the duties of the position for which they are employed. All persons shall be granted the opportunity to seek, obtain or hold employment without discrimination because of race, age (over 40), religious creed, color, national origin, ancestry, physical or mental disability, medical condition, pregnancy or childbirth, marital status, gender, sex, sexual orientation, veteran status, political beliefs, or any other classification protected by State or Federal Law.~~

~~In accordance with Federal and State Immigration and Naturalization laws, all employees must provide the necessary documentation to prove identity and the right to work in the United~~

States within the required period of time after starting work. Failure to provide such documentation will result in disqualification from position and/or grounds for immediate termination.

Adopted: 4/28/76; revised: 4/1/87; 6/6/90; 12/12/90; 10/15/97; 4/21/04

SELECTION OF EMPLOYEES

All persons considered for employment with the Municipal Water District of Orange County must be qualified to perform the duties of the position for which they are employed. All new employees will be required to complete a medical examination and, based on the safety sensitive nature of their job duties, a pre-employment drug test before reporting for work may be required. All employees shall be required to sign an Oath of Allegiance pursuant to State law.

As required by law, all new employees must provide necessary documentation to prove identity and the right to work in the United States in accordance with federal and state laws. Failure to provide such documentation will result in disqualification from selection and is grounds for immediate termination.

EQUAL OPPORTUNITY EMPLOYMENT

The District values diversity within its community, workforce and applicant pool. We embrace diversity in age, race, ability, ethnicity, family or marital status, gender identity or expression, language, national origin, physical and mental ability, political affiliation, race, religion, sexual orientation, socio-economic status, veteran status, and other characteristics that make our employees unique. Diversity initiatives built on the premise of equity that encourages and enforces: (1) Respectful communication and cooperation; (2) Teamwork and employee participation, permitting the representation of all perspectives; (3) Work/life balance through flexible work schedules; and (4) Employer and employee contributions to the diverse communities we serve.

The District is an equal opportunity employer and hires on the basis of individual qualifications. District policy prohibits unlawful discrimination based on race, color, sex, sexual orientation, gender identity or expression, religious or political affiliation, creed, citizenship status, military service status, marital status, pregnancy, age (over 40), national origin, ancestry, medical condition, physical or mental disability, or any other basis protected by federal, state or local laws. The District is committed to accommodating all applicable laws which provide for equal employment opportunities. This commitment applies to all persons involved in District operations and prohibits unlawful discrimination by any District employee.

REASONABLE ACCOMMODATION FOR APPLICANTS WITH DISABILITIES

To comply with the Americans with Disabilities Act of 1990 and the laws ensuring equal employment opportunities to qualified individuals with a disability, the District will make reasonable accommodations for the known physical or mental limitations of applicants who are otherwise qualified to safely perform all of the essential functions of their position unless

undue hardship would result. Any applicant who requires an accommodation in order to perform the essential functions of the job should contact Human Resources and request such accommodation.

EQUAL EMPLOYMENT AND HARASSMENT POLICY PROHIBITION AGAINST DISCRIMINATION AND HARASSMENT

The District strictly prohibits and has "zero tolerance" for discrimination and harassment in any phase of the employment, including but not limited to recruitment, testing, hiring, upgrading, promotion/demotion, transfer, layoff, termination, rates of pay, benefits, and selection for training. This includes discrimination and harassment on the basis of sex, sexual orientation, gender identity or expression, race, color, ancestry, religious creed, handicap or disability, medical condition, age (over 40), marital status, or any other protected class under applicable law.

The District is committed to a policy of equal employment opportunity for all applicants and employees and to providing a work environment that is free of discrimination or harassment. In keeping with this commitment, the District maintains a policy prohibiting discrimination or harassment in any form based on race, religious creed, color, national origin, ancestry, physical or mental disability, medical condition, pregnancy or childbirth, marital status, gender, sex, sexual orientation, military and veteran status, age, sexual identity and any other category protected by law, veteran status or age (protected status) by officials, employees and non-employees (vendors, contractors, etc). This policy applies to all employees', officials, consultants and contractors of the District whom the District knows or has reason to know are violating this policy. Appropriate corrective action will be taken against all offenders, up to and including immediate discharge. Harassment includes, but is not limited to, the following:

• Physical Forms of Harassment: assault, impeding or blocking movement, grabbing, patting, leering, mimicking, taunting or any physical interference with normal work or movement when directed at an individual on the basis of their protected status.

• Visual Forms of Harassment: derogatory posters, cartoons or drawings or emails based on a person's protected status.

• Sexual Harassment: includes, but is not limited to, unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature when (1) submission to such conduct is includes either an explicit or implicit condition of employment; (2) submission to or rejection of such conduct is used as the basis for an employment decision affecting the harassed employee; or (3) the harassment substantially interferes with an employee's work performance or creates an intimidating, hostile or offensive work environment. Examples include unwelcome sexual propositions, hugging, kissing, or other offensive physical contact of a sexual nature; lewd gestures, remarks or innuendoes, unwelcome discussions of sexual practices or anatomy, and sexually offensive posters, photographs, drawings, cartoons, jokes, stories, nicknames, or comments about appearance.

Examples of Sexual Harassment: For the purpose of clarification, examples of what may constitute prohibited sexual harassment include, but are not limited to, the following:

• Making unsolicited sexual advances written, verbal, physical, or visual contact with sexual overtones. (Written examples: suggestive or obscene letters, notes, invitations. Verbal examples: derogatory comments, slurs, jokes, epithets. Physical examples: touching, assault blocking or impeding access, leering gestures, display of sexually suggestive objects or pictures, cartoons or posters.)

• Continuing to express sexual interest after being informed that the interest is unwelcome. (Reciprocal attraction is not considered sexual harassment.)

• Making reprisals, threats of reprisal, or implied threats of reprisal following a negative response. (For example, implying or actually withholding support for an appointment, promotion, or change of assignment; suggesting a poor performance report will be prepared; or suggesting probation will be failed.)

• Engaging in implicit or explicit coercive sexual behavior which is used to control, influence, or affect the career, salary, or work environment of another employee.

• Offering favors or employment benefits, such as promotions, favorable performance evaluations, favorable assigned duties or shifts, recommendations, reclassifications, etc., in exchange for sexual favors. (Similar conduct when applied to other protected

classes including but not limited to race, color, creed, national origin, age, disability, medical condition, religion, sexual orientation, or marital status may constitute harassment and a violation of this policy. For example, racial jokes or degrading comments about age or ethnic background can constitute harassment under this policy). Accordingly, in order to avoid the risk of discipline, such acts should be avoided in all circumstances.

Internal Complaint Procedure: Any applicant or employee who believes that he or she has been the victim of sexual or other prohibited discrimination or harassment by co-workers, supervisors, clients or customers, visitors, vendors, Board Members or others must immediately notify Human Resources of the alleged conduct and submit the issue pursuant to Step 2 of the District's Grievance Procedures Section of this policy manual. Complaints will be investigated by Human Resources or, where appropriate, a designated neutral, and the complainant will be advised of the general outcome of the investigation.

Penalties for Violation: Any employee who violates this policy is subject to immediate termination, or such other disciplinary action as the District deems appropriate, including but not limited to verbal or written warning, suspension, demotion, transfer, cut in pay, leave of absence, and required anti-harassment training.

Complaint Procedures Involving Discrimination or Harassment

~~An employee or applicant who believes he or she has been discriminated against or harassed or who believes this policy has been violated in any manner should make his or her complaint directly to the General Manager, Human Resources, the Board President or any member of the Board of Directors, or any member of management staff, a supervisor or to the Administrative Services Manager. The recipient of the complaint supervisor or Administrative Services Manager is responsible for immediately reporting complaints that have been made to the General Manager. If the complaint involves the Administrative Services Manager, it should be made directly to the General Manager; if it involves the General Manager, it should be made directly to the Board President, any member of the Board of Directors or the Administrative Services Manager, who will convey the complaint to the Board President. No information regarding the complaint will be provided to the Board until such time as it is determined whether the Board will be involved.~~

~~Any employee who is not satisfied with the reply may appeal to the Board President and will receive a reply. Complaints of harassment of any type will be investigated fairly and impartially. The nature and scope of the investigation will depend on the particular circumstances surrounding the complaint.~~

Corrective Action: If any violation of this policy is found to have occurred, the District will take appropriate corrective action which may include discipline against the individual(s) involved. In each case, the employee reporting the problem will receive an oral or written reply from management on the general results of the investigation and that remedial action has been taken, if any.

Any employee who is not satisfied with the reply may appeal-request review by the Board of Directors and will receive a reply.

Cooperation: All employees are required to cooperate fully and in good faith with the District in any investigation under this policy. Knowingly making a false charge of harassment or a false statement in connection with an investigation, or deliberately interfering with any such investigation, is also a violation of this policy and grounds for discipline, up to and including termination.

Formatted: Indent: First line: 0.5"

Confidentiality: The District will attempt to keep complaints and investigations under this policy confidential to the greatest extent possible, but some disclosure will may be necessary to conduct a proper investigation and take appropriate corrective action. Employees are encouraged to use discretion in discussing complaints or investigations under this policy with others since unnecessary disclosure may prevent a fair investigation.

Formatted: Indent: First line: 0.5"

No Retaliation: No employee will shall be subject to any form of retaliation for reporting any violation or participating in any investigation under this policy truthfully and in good faith. Employees who believe they have been retaliated against in violation of this policy should utilize the same complaint procedure described above.

Contractors, Consultants, Vendors, Customers and Other Third Parties: This policy applies to leased employees and individuals providing service to the District under contract such as consultants and other independent contractors. This policy also applies to vendors, customers and other third parties who are present in any workplace where District employees are performing duties (depending on degree of control that the District has over such individual).

Formatted: Indent: First line: 0.5"

Complaint Procedures Not Involving Discrimination or Harassment:

An employee who has a complaint regarding (1) the application or interpretation of any District rule or regulation or (2) a working condition, can make a complaint orally or in writing to the Administrative Services Manager or General Manager. The Administrative Services Manager or General Manager will have the complaint investigated, the complaint and notify the employee of what action, if any will be taken to remedy the complaint.

Option to Report to Outside Administrative Agencies: Applicants, officials, contractors and employees may file complaints about harassment or other employment discrimination with any of the local offices of the U.S. Equal Employment Opportunity Commission (EEOC) or the California Department of Fair Employment and Housing (DFEH), whose addresses may be found in the local telephone directory.

Formatted: Indent: First line: 0.5"

The U.S. Equal Employment Opportunity Commission and the California Department of Fair Employment and Housing EEOC and DFEH are authorized to accept and investigate complaints of employment discrimination, and to mediate settlements. These agencies have Fair Employment and Housing Commission has authority to issue accusations against employers, conduct formal hearings, and award reinstatement, back pay, damages, and other affirmative relief. State and federal law also prohibit retaliation against employees because they have filed a complaint with the EEOC, DFEH, or other relevant agency or FEHC, for participating in an investigation, proceeding, or hearing with either the agency, or opposing any practice made unlawful by federal or state law.

REASONABLE AMERICANS WITH DISABILITIES ACT ACCOMMODATION OF DISABILITIES

Formatted: No underline

Formatted: No underline, English (United States)

The District complies with the Americans with Disabilities Act of 1990, the state Fair Employment and Housing Act, and all laws governing the treatment of employees with disabilities and the provision of protected medical leave when necessary. The District is committed to promoting equal employment opportunities for all qualified individuals with disabilities.

This policy protects any individual with a physical or mental impairments that limit ~~e~~ their major life activities—such as walking, seeing, hearing, speaking, communicating, and caring for themselves—provided the individual can perform the essential functions of the job safely and efficiently with or without reasonable accommodations. Depending on the particular employee's condition, this can include not only persons who traditionally have been regarded as disabled—such as those with impaired vision, hearing, or speech—but also those with “invisible” disabilities, such as AIDS or HIV-positive, cancer, or learning disabilities. These protections may apply if the individual currently suffers from a disability, or has a history or record of a disability, or is perceived by the employer to have a disability (even if that is not the case), or associates with persons with disabilities.

Formatted: English (United States)

In accordance with the relevant laws, the District's policy strictly forbids all forms of intentional discrimination against qualified applicants or employees with disabilities, and requires reasonable accommodation if necessary for such individuals to perform the essential functions of the job safely and efficiently without serious risk to health and safety.

Confidential Nature of Medical Diagnoses: Applicant or employee medical diagnoses and conditions are confidential, and the District prohibits any employee from attempting to require disclosure of such private information. Applicants or employees may be questioned only in the context of their ability to perform the essential functions of a particular job, but they are not to be asked about specific diagnoses, medications, or if they are “disabled.” Applicants or employees who indicate they have a physical or mental impairment that interferes with job performance will be directed to the interactive process and may be asked for medical certification of the purported limitation.

The Interactive Process: The District is committed to making reasonable accommodations for the known physical or mental limitations of an otherwise qualified individual with a disability who is an applicant or an employee unless undue hardship would result. Applicants and employees who have disabilities or limitations affecting their ability to perform the essential functions of their job must inform the District of the issue and request an interactive process meeting to discuss possible accommodations. In many cases, the District will have no way of knowing whether an individual has a limitation unless he or she requests accommodation. Any applicant or employee who has physical or mental limitations that require an accommodation in order to participate in the application process or to perform the essential functions of the job should contact the Human Resources and request such an accommodation. Human Resources shall engage the applicant or employee interactively to determine what, if any, reasonable accommodations are available. In addition, all employees of the District are expected to abide by the following basic guidelines:

Formatted: English (United States)

Formatted: English (United States)

1. Applicants or employees may be questioned if they have the physical and mental ability to perform the essential functions of a particular job, but they are not to be asked if they are "disabled" or "handicapped." Applicants or employees who indicate they have a physical or mental impairment that interferes with job performance may be asked for medical evidence of such disability and may also be asked to state what the District could do to accommodate them.

Formatted: Indent: Left: 0", First line: 0"

2. Applicants and employees who have disabilities should inform the District of their desire to be reasonably accommodated. In many cases, the District will have no way of knowing whether an individual has a disability unless he or she requests accommodation.

Formatted: Body Text, Indent: Left: 0", First line: 0", Hyphenate

3. After the District becomes aware of the disability and requests to be accommodated, the District will arrange for a discussion with the employee, in person or via telephone, to consider the employee's limitations and potential reasonable accommodation. This process is intended to be interactive.

4. Employees who are made aware that an applicant or employee has a disability should consider the information confidential, and discuss it only with management, affected employees, and the Human Resources Department unless the disabled individual discloses the information or consents to further disclosure. In certain cases, further disclosure may be necessary in order to assess the reasonableness of the accommodation, and to assure that adequate precautions are taken for dealing with emergencies or other safety and health issues. In some cases, further medical opinion may be appropriate.

Formatted: Indent: First line: 0"

5. The law requires only reasonable accommodation, which does not result in an undue hardship to the District or a direct threat to health and safety, and the individual must be able to perform the essential functions of the position. Whether a certain accommodation meets these standards must be determined on a case-by-case basis, after consultation with the individual and consideration of all the particular facts and circumstances.

Formatted: Indent: Left: 0", First line: 0"

6. Unwelcome verbal or physical harassment of an individual because he or she is disabled or has been given special accommodation is absolutely forbidden and grounds for immediate termination. Employees who believe they have been harassed in violation of this policy may pursue a complaint under the District's policy on equal employment/unlawful harassment.

GRIEVANCE PROCEDURE

Formatted: Font: Bold

The grievance procedure provides a means for settling grievances or complaints that arise over the application of this manual as quickly as possible and at the lowest possible level of authority. Each step in the procedure must be completed before the next step may be taken. Failure to take the next step within the timeframes allotted herein will result in the conclusion that the prior step resolved the grievance and waiver of the right to continue the grievance. Grievance procedures are not used for contesting disciplinary actions or performance assessments, unless said actions are alleged to be pretextual.

A grievance must be filed within ten (10) calendar days of the occurrence of the event or within ten (10) calendar days following the date the grieving party could have reasonably known of the occurrence of the act or omission giving rise to the grievance. Any supervisor or other member of management who receives a grievance *must* notify the Human Resources of the grievance as soon as practicable. The facts concerning the grievance

and the grievance process are to remain confidential, to the extent possible given the requirements of District business.

Grievance Steps. The following are the “steps” utilized in grievance reporting. Grievances concerning the General Manager will be immediately reported to the Board of Directors’ Executive Administration & Finance ~~pursuant~~ Committee pursuant to Step 4 as stated in this policy.

Step 1. The employee should initially try to resolve any item of concern informally with his or her direct supervisor. The direct supervisor should hold a conference with the employee as soon as reasonably practicable, following the employee’s request and attempt to informally resolve the issue. If the grievance is against the direct supervisor, the matter shall be taken directly to Step 2.

Step 2. If successful resolution is not reached in Step 1, the employee shall reduce his or her concern to writing and submit it to his or her direct manager. A copy of the formal written grievance must also be provided to Human Resources. This formal written grievance must be submitted within ten (10) calendar days of the date of the occurrence giving rise to the grievance or the right to file a grievance is waived. The manager, or his or her designee, shall meet with the grievant, and after the initial meeting, the manager or his or her designee will investigate the complaint. This investigation may involve separate conversations or meeting of all parties at the manager’s discretion. The manager shall attempt to provide his or her written decision with ten (10) calendar days of the date of the first meeting with the employee.

Step 3. If the employee believes the decision of the manager does not adequately resolve the issue, the employee may submit a written appeal of that decision to the General Manager. This appeal must be submitted within ten (10) calendar days of the date of the manager’s written decision or the right to appeal is waived. The General Manager shall meet with the grievant and, after the initial meeting, the General Manager or his or her designee will investigate the complaint. This investigation may involve separate conversations or meeting of all parties, at the General Manager’s discretion. The General Manager shall attempt to provide his or her written decision with ten (10) calendar days of the date of the first meeting with the employee.

Step 4. If the employee believes the decision of General Manager does not adequately resolve the issue, the employee may request reconsideration by the District’s Executive Administration & Finance Committee. The written request must be submitted within ten (10) calendar days of the General Manager’s decision. The Executive Administration & Finance ~~will~~ Committee will be furnished with the then-existing written record. The Executive Administration & Finance ~~will~~ Committee will meet as soon as practicable to consider the grievance. The Executive Administration & Finance ~~may~~ Committee may, in its discretion, rely on the existing record or conduct a hearing in whatever way deemed appropriate under the circumstances. The Committee may call any witnesses or parties, if it deems such testimony necessary. If the employee desires, he or she may be represented. He or she may also, at his or her own expense, have the hearing transcribed by a certified court reporter. The decision of the Executive Administration & Finance ~~shall~~ Committee shall attempt to provide its decision in writing within ten (10)

calendar days of the close of the hearing. The action of the Executive ~~Administration & Finance~~ Committee is final and binding. Observing these guidelines will help achieve the District's goal of assuring equal employment opportunity for all qualified individuals, including those with disabilities.

DRUG AND ALCOHOL FREE WORKPLACE

General Prohibition Against Use or Possession: At no time shall employees use, possess, carry, or transport alcoholic beverages, non-prescribed drugs, narcotics (including marijuana, whether obtained via prescription or not), or any other regulated item during working hours or on District premises, nor shall an employee report for work under the influence of alcoholic beverages, non-prescribed drugs or narcotics (including marijuana, whether obtained via prescription or not). (Human Resources may request information in written form from a doctor certifying that any prescribed drugs or medication that an employee is taking will not affect the employee's performance or the safety of the employee or others.) Such use or possession ~~Section 1. Introduction~~

Using, possessing, purchasing, selling, negotiating sale or purchase or being under the influence of drugs, or being under the influence of alcohol, during working time, or on District premises, including parking lots, or while operating a personal vehicle on company business, is absolutely forbidden and will result in discharge or other discipline as the District deems appropriate.

With prior approval of management and in management's sole discretion, the District may allow employees to consume moderate amounts of alcohol at District-sponsored social events outside of normal business hours where such use is appropriate in the circumstances.

Prescription Drugs: Where the usage of a drug, even where the drug is prescribed, affects District safety or an employee's ability to perform the essential functions of his or her job, the affected employee must notify the District.

The use of prescription drugs which would not alter an employee's work performance is acceptable, if prescribed to the employee by a licensed healthcare provider and used in accordance to the prescription directions. In the event there is a question regarding an employee's ability to perform assigned duties safely and effectively while using such drugs under the influence of prescribed drugs, clearance from a licensed health care provider may be required before the employee is allowed to resume the employee's regular duties.

Drug & Alcohol Testing: It is the policy of the District to prohibit its employees from using or being under the influence of alcohol or illegal drugs (including, without limitation, marijuana – whether or not the employee maintains a prescription for the same) in connection with their employment, as it constitutes a threat to the safe and efficient performance of employee's duties. At no time shall any employee be under the influence of any controlled drug or alcohol while on the job. (Employees who are taking medication pursuant to a physician's prescription – other than for medical marijuana – who has also

certified that they may perform their duties without jeopardizing the health or safety of others will not be considered to have violated this policy for taking such prescription medicine within the range prescribed.)

Prohibitions. The following conduct is prohibited and may result in discipline, up to and including termination:

- Using or possessing alcohol or any illegal drug (including marijuana, whether or not the employee maintains a prescription for the same) while on duty;
- Reporting for duty or remaining on duty when the employee used alcohol or controlled substance, except if the use is pursuant to the instructions of a physician who has advised the employee that the substance (other than medical marijuana) does not adversely affect the employee's ability to safely operate a vehicle or otherwise perform the employee's job;
- Reporting for duty or remaining on duty if the employee tests as having a blood alcohol concentration of 0.04 or greater (or a blood alcohol concentration of 0.02 if the employee's duties require him or her to possess a valid Class A driver's license or otherwise be subject to the 0.02 limitation);
- Reporting for duty or remaining on duty if the employee tests positive for controlled substances (including marijuana, whether or not the employee maintains a prescription for the same);
- Refusing to submit to any alcohol or controlled substances test required by this Policy. An employee who refuses to submit to a required drug/alcohol test will be treated in the same manner as an employee who failed a blood alcohol test or tested positively for a controlled substances test. A "refusal to submit" to an alcohol or controlled substances test required by this Policy includes, but is not limited to:
 - An explicit or implied refusal to provide a urine sample for a drug test;
 - An inability to provide a urine sample without a valid medical explanation;
 - A refusal to complete and sign the breath alcohol testing form, or otherwise to cooperate with the testing process in a way that prevents the completion of the test;
 - An inability to provide breath or to provide an adequate amount of breath without a valid medical explanation;
 - Tampering with or attempting to adulterate the urine specimen or collection procedure;
 - Not reporting to the collection site in the time allotted by the supervisor or manager who directs the employee to be tested; or
 - Leaving the scene of an accident without a valid authorization.

Employees are obligated to report violations of this Policy to Human Resources. In addition to the above prohibitions, employees are reminded of their obligations under the Federal Drug Free Workplace Act of 1988. All employees covered by this Policy have previously been provided with a copy of the District's Drug Free Workplace Statement and have signed an acknowledgment that they have read the Statement and agreed to comply with it.

Pre-Employment Testing: Applicants for positions that require a Commercial Driver's license or are designated as "safety sensitive" will be required to submit to pre-employment drug and alcohol testing.

Reasonable Suspicion Testing. All employees may be required to submit to an alcohol or drug test if a supervisor has reasonable suspicion to believe the employee is under the influence of alcohol or controlled substances. Reasonable suspicion shall be reported to Human Resources which shall arrange the testing. The observation should generally be based on short-term indicators, such as behavior that is inconsistent with the normal work status and including, but not limited to, blurry vision, slurred speech or alcohol on the breath. Reasonable suspicion alcohol and drug testing will generally be administered within two (2) hours of the observation. If not, the supervisor should provide written documentation as to why the test was not promptly conducted.

In addition, a post-accident test will be conducted if an accident results in injuries requiring transportation to a medical treatment facility; or where one or more vehicles incurs disabling damage that requires towing from the site; and the employee receives a citation under State of local law for a moving traffic violation arising from the accident. Following an accident, the safety-sensitive employee will be tested as soon as practicable (generally within 2 hours), but not to exceed eight (8) hours for alcohol and thirty-two (32) hours for controlled substances. Any employee who leaves the scene of the accident without appropriate authorization prior to submission to controlled substance and alcohol testing will be considered to have refused the test and subject to termination. Post-accident testing of safety-sensitive employees will include not only the operation personnel, but any other covered employees whose performance could have contributed to the accident.

Regular And Random Testing. Employees in positions that require a Commercial Driver's license or are designated as "safety sensitive" will be required to submit to regular testing, as required by law. If an employee refuses to submit to the testing, the refusal will be handled in the same manner as a failed test. Employees who are designated as safety sensitive by the District may be subject to random testing.

not obtain a fitness for duty certification within that day, or if the employee fails his or her alcohol or drug test, the employee shall remain on paid administrative leave until reinstatement or termination of employment;

- Must submit to an examination by a substance abuse professional. Upon a determination by the substance abuse professional, the employee may be required to undergo treatment for his or her alcohol or drug abuse. The District is not required to pay for this treatment;
- Shall not be returned to his or her former position until the employee submits to a return-to-duty controlled substance or blood alcohol test (depending on which test the employee failed) which indicates and alcohol concentration level of less than 0.02 or a negative result on a controlled substance test; and
- Will be required to submit to unannounced follow-up testing if he or she has been returned to his or her position.

Compliance with State or Federal Law. At all times, the District will comply with current applicable state or federal law concerning drug and alcohol testing. Issues or inconsistencies that are not addressed in this Policy will be determined by referring to state or federal law and regulations governing drug and alcohol testing. The District reserves the right to make changes to this Policy at any time, for the purpose of complying with state or federal law or regulation as it exists now or as it may be amended.

Procedures for Drug Testing: The District will refer the applicant or employee to an independent, National Institute on Drug Abuse (NIDA)-certified medical clinic or laboratory, which will administer the test. The District will pay the cost of the test and reasonable transportation costs to the testing facility. The employee will have the opportunity to alert the clinic or laboratory personnel to any prescription or non-prescription drugs that he or she has taken that may affect the outcome of the test. All drug testing will be performed by urinalysis. Initial screening will be done by EMIT II. Positive results will be confirmed by gas chromatography/mass spectrometry. The clinic or laboratory will inform the District as to whether the applicant passed or failed the drug test. If an employee fails the test, he or she will be considered to be in violation of this Policy and will be subject to discipline accordingly.

The District maintains the right to require any employee to re-submit to testing, pursuant to the same terms and procedures as set forth for the initial test, where the employee's initial test results are inconclusive because of a diluted sample or any other reason.

Section 3. — Employees Duties and Responsibilities

- A. — Notify their supervisor before beginning work when taking drugs (prescription or non-prescription), which the employee reasonably believes may interfere with the safe and effective performance of their duties;
- B. — Not report to work, be at work, or work while under the influence of, or while his or her ability to perform job duties is impaired due to, on or off duty alcohol or drug use;
- C. — Not possess or use alcohol or impairing drugs or substances while on duty, at work, or working;

- ~~D. All testing will be conducted at a clinic or laboratory selected by the District, with appropriate safeguards for privacy, confidentiality, and accuracy. Test results will be kept confidential to the fullest extent required by law, and will be maintained separate from the individual's personnel file. All testing (including sample collection, chain of custody and laboratory services) shall be conducted in accordance with the approved procedures of the Substance Abuse and Mental Health Services Administration, formerly NIDA. The results of testing shall be reviewed by a medical review officer, who shall be a licensed physician, possessing appropriate training, and knowledgeable about substance abuse disorders. The manager or supervisor may arrange for the employee to be transported to a testing facility, and then home afterwards. The manager or supervisor may also notify appropriate law enforcement agencies.;~~
- ~~E. The reports or test results may be disclosed to District management on a strictly need-to-know basis and to the tested employee upon request. Disclosures, without patient consent, may also occur when: (1) the information is compelled by law or pursuant to a lawfully issued subpoena; (2) the information has been placed at issue in a formal dispute between the employee and the District; (3) the information is to be used in administering an employee benefit plan; or (4) the information is needed by medical personnel for the diagnosis or treatment of the patient who is unable to authorize disclosure.; and~~
- ~~F. Managers and supervisors shall notify their department head or designee when they have reasonable suspicion to believe that an employee may have controlled substances in his or her possession or in an area not jointly or fully controlled by the District. If the department head or designee concurs that there is a reasonable suspicion of illegal drug possession, the department head shall notify the appropriate law enforcement agencies.~~

~~Employees are required to cooperate with the District and its clinic or laboratory in conducting tests. Employees who refuse to undergo testing or who interfere with the testing process, including but not limited to interference by unreasonable delay or contamination or tampering of the sample, will be subject to immediate discharge or discipline.~~

~~Employees who test positive, fail to cooperate with testing procedures, or otherwise violate this policy are subject to discharge or other discipline.~~

~~In any case involving unusual or extenuating circumstances, the District in its sole discretion may allow an applicant or employee who tests positive to commence or continue employment, subject to the condition that the employee undergo some form of treatment for addictions or abuse of drugs and alcohol as determined by the District, in its sole discretion and submit to periodic or random testing as required by the District.~~

Section 7. — Accommodation for Drug and Alcohol Rehabilitation Programs:

EMPLOYMENT STATUS

INTRODUCTORY PERIOD

The first six months of employment with the District represents an introductory period during which newly hired employees can demonstrate that they can meet the requirements of their position. This period may be extended upon notice by the supervisor to the employee. This period may also be waived, upon the General Manager's approval, when an employee is converted from temporary or intern status to full-time status. During this period, work habits, performance and attendance will be reviewed by the employee's supervisor and appropriate management staff, and written performance appraisal reports may be completed.

A newly hired employee shall become a regular full-time or part-time employee only upon receipt of written confirmation from the supervisor and appropriate management staff that this introductory period has been satisfactorily completed.

During this review period, an employee is not eligible to take paid vacation time or receive a salary increase unless an adjustment of ranges indicates that the employee's current salary is below the adjusted range. The employee's original date of hire will be the anniversary date for computation of salary and benefits.

Successful completion of this initial six-month evaluation period in no way changes or modifies the employee's at-will status with the District.

OVERTIME

~~The overtime policy shall be in~~As a governmental agency, the District is obligated to be in compliance with the requirements of the federal Fair Labor Standards Act (FLSA), ~~and with Board adopted policy and it~~ shall be applied to all employees as defined in Category I ~~and II and III.~~ (See Appendix "A"). The FLSA does not require overtime to be paid for hours worked over eight in a day. FLSA overtime is required only when the work actually performed exceeds 40 hours in their legal workweek – defined as a consecutive 168 hour period. 9/80 employees should note that their time records, which rely on a calendar week, will not accurately reflect the hours worked in their legal workweek as that workweek begins and ends in the middle of a single day's shift. Please contact Human Resources if you have questions regarding the calculation of overtime. Employees in Category I ~~and II~~ can accrue a maximum of 40 hours of compensatory time. Overtime must be approved by the Supervisor prior to working. However, aAll overtime hours in excess of the allowable maximum will be paid, regardless of prior approval.

In accordance with the Fair Labor Standards Act (FLSA), the use of accrued compensatory time to extend employment when an employee has actually vacated a position due to termination is not considered employment; therefore, an employee separating from employment with the District who has performed authorized overtime service for which he/she has not been compensated as provided for, shall be paid at the employee's last regular rate of pay for such accrued service or the average regular rate of pay that the employee received during his last three years of employment, whichever is higher.

For the purposes of defining overtime policy, personnel are identified by the following ~~three~~ two categories:

Category I (Non-exempt): Any employee may be ~~directed requested~~ to work in excess of the regular workday by the General Manager or their supervisor. The District will pay all Category I employees at the rate of one and a half times the regular rate of pay for all hours physically worked in excess of 40 in a workweek. ~~Because p~~aid leave hours (vacation, holiday, sick leave, bereavement leave, jury duty, ~~military leave, etc.)~~ do not constitute hours actually worked, they will not be included when assessing overall hours in a workweek in the calculation of hours worked for determination of a 40-hour workweek overtime calculation.

Category II (Exempt):

~~Hours worked by an employee in Category II in excess of 40 hours in the designated workweek, with the authorization of the General Manager, shall be classified as exempt overtime hours and as such will be compensated at or granted as compensatory time off on an hour for hour basis, paid at the employee's regular hourly rate of pay. All overtime hours in excess of the allowable maximum for compensatory time off will be paid on this hour for hour basis.~~

An employee shall be eligible to accrue sick leave pursuant to this policy once he or she has worked at least 30 days. An employee shall be entitled to use any accrued and available paid sick leave as of the 90th day of employment. Eligible employees shall accrue paid sick leave at the rate of one hour for every 30 hours worked, not to exceed six days (48 hours). Once the employee accrues six days of sick leave, accrual will cease until the employee uses leave and brings his or her accrual balance below six days. Accrued but unused sick leave shall carry over year to year. Employees are not entitled to any pay out of sick leave accrual upon separation from employment; although if an employee is re-hired within a year, the previously accrued but unused sick leave will be reinstated.

Leave may be used for any purpose where sick leave is otherwise typically used at the District, including but not limited for the diagnosis, care, or treatment of an existing health condition of, or preventive care for, the employee or the employee's family member. An employee who is a victim of domestic violence, sexual assault, or stalking, may also use this leave to: (1) attempt to obtain any relief, including, but not limited to, a temporary restraining order, restraining order, or other injunctive relief, to help ensure the health, safety, or welfare of the victim or his or her child; (2) seek medical attention for injuries caused by domestic violence, sexual assault, or stalking; (3) obtain services from a domestic violence shelter, program, or rape crisis center as a result of domestic violence, sexual assault, or stalking; (4) obtain psychological counseling related to an experience of domestic violence, sexual assault, or stalking; or (5) participate in safety planning and take other actions to increase safety from future domestic violence, sexual assault, or stalking, including temporary or permanent relocation.

If the need for paid sick leave is foreseeable, the employee shall provide reasonable advance notification. If the need for paid sick leave is unforeseeable, the employee shall provide notice of the need for the leave as soon as practicable.

DISABILITY LEAVE

All employees are covered for short-term disability under the State Disability Insurance. Long-term disability insurance is also provided for regular full-time employees. Under State Disability, the first seven days of a claim is a waiting period during which no benefits are payable.

The waiting period for the long-term plan is 60 days.

Short-term Disability Program:

The District participates in a short-term disability program through the State of California, Employment Development Department (EDD) Disability Insurance program. Workers who suffer a loss of wages when they are unable to work due to a non-work-related illness or injury, pregnancy or childbirth, may be eligible for disability insurance benefits. Disability Insurance Fund for all full- and part-time employees immediately upon hire with the premiums currently being paid by the District. The program Generally, the program goes into effect on the eighth day of disability (since SDI requires a seven-day waiting period) up to a maximum of 52 weeks (as determined by EDD) based on the requirements of the Plan. There are other limitations apply for a resident in a state-approved Alcoholic Recovery Home or Drug-Free Residential Facility. Visit <http://edd.ca.gov/> for complete program details, eligibility, weekly benefit amount, exclusions, etc.

The weekly and maximum benefit amounts are based on the wages paid during a specific 12-month base period, which is determined based on by the date the claim begins. Any available Use of sick leave accruals may be coordinated with the SDI benefit through EDD to make up offset the difference between disability benefits and an employee's regular pay. In cases where there is not sufficient sick leave to make up the difference, an employee may elect to use vacation and/or compensatory time off CTO to supplement the difference. The program is administered by the EDD, and employees should seek clarification as to eligibility and scope of benefits from the EDD. EDD guidelines and rulings supersede any statement made herein. benefits may elect to apply accrued earned leave time to make up the difference between disability benefits received and the employee's regular salary-

Adopted: 8/28/85 -- Effective 9/1/85; revised 6/1/88

Employee Filing Requirements:

It is the employee's ~~obligation~~ responsibility to file for disability insurance benefits as soon as possible in order to eliminate undue delay in the receipt of their disability pay. See State disability forms can be obtained from Personnel/Human Resources on where to obtain the appropriate forms. , EDD.ca.gov, or your physician, doctor, or hospital.

Verification of Disability:

Employees are required to provide Human Resources ~~their immediate supervisor~~ with a certification of disability from a licensed physician within fifteen ~~calendar days of the commencement of a period of claimed disability leave~~ of the District's request for such certification. The employee ~~shall provide a renewed certification at intervals not exceeding 30 calendar days~~ may be asked to provide re-certifications as allowed by law.

Employee Benefits While on Disability Leave: Employees on an authorized medical ~~/disability/~~ leave of absence without pay may continue disability, health, and life coverage for a ~~period~~ in period in which the leave is protected by law, ~~during, during which time the employee will continue to pay his or her portion of the benefits premium. Where the leave is not protected by law, the employee may continue such coverage upon the District's approval for a period of no more than four months, during which time the employee will continue to pay his or her portion of the benefits premium. The employee's failure to pay his or her portion of the benefit premium may subject the employee to loss of coverage.~~ Upon return to work, the employee will become eligible for reinstatement to have coverage reinstated in accordance with the terms of agreement with the carriers then in effect.

An employee on disability leave without pay from the District will not be eligible to accrue vacation or sick leave and shall not be eligible for any paid leaves or pension plan contributions.

Adopted: 12/12/90 12/12/90; revised 4/20/94; 4/21/04; 12/15/04

RETURN TO WORK

~~An employee will be required to provide a physician's statement attesting to his/her fitness, based upon the normal duties of the job description, before returning to work. An employee who returns to work within the four 12-week month period (maximum of 123 calendar days) will be reinstated in the same or a comparable position unless no such position is available due to business necessity. An employee who returns from disability leave after the fourth month and before the end of the twelfth month will be returned to the first available position for which they are qualified, unless this would impose an undue hardship on the District.~~

California & Federal Family Medical Leave: In accordance with the Federal Family and Medical Leave Act ("FMLA"), the FMLA's Servicemember leave provisions ("Servicemember FMLA"), and the California Family Rights Act ("CFRA"), the District has adopted the following Policy regarding the rights and responsibilities of employees absent for a family leave purpose. This Policy shall supersede the provisions of any District policy, practice, rule or procedure to the extent that such policy, practice, rule or procedure is in conflict or inconsistent with this Policy.

Formatted: Font: Bold, Not Italic

Purpose of the Leave: In accordance with the CFRA, FMLA, Servicemember FMLA and this Policy, the District shall provide up to twelve (12) workweeks of CFRA or FMLA leave in a 12-month period to any "eligible employee" who requests leave for any of the following purposes:

Formatted: Font: Bold, Not Italic

Formatted: Font: Bold

- The birth or adoption of a child by the employee or placement of a child in foster care with the employee (all family leave taken for one of these purposes must be concluded within one year of the event);
- To care for a child, parent, spouse or registered domestic partner of the employee who has a serious health condition;
- For an employee's own serious health condition which makes the employee unable to perform the essential functions of the employee's position; or
- For the care of a covered family member's injuries or exigencies stemming from qualifying service in the Armed Forces as provided for under the Servicemember FMLA's provisions.

Formatted: Bulleted + Level: 1 + Aligned at: 0.25" + Indent at: 0.5"

Eligibility: Employees are eligible for family leave if, at the time leave commences, all of the following apply:

Formatted: Font: Bold, Not Italic

Formatted: Indent: Left: 0.5"

Formatted: Font: Bold

- The employee must have at least 12 months (not necessarily consecutive months) of service with the District;
- The employee must have worked at least 1,250 hours during the 12 months immediately prior to the period of FMLA, Servicemember FMLA or CFRA leave; and
- As of the date of the employee's leave request, the District employs at least 50 full- or part-time employees at the employee's worksite or within 75 road miles of the employee's worksite.

Formatted: Bulleted + Level: 1 + Aligned at: 0.25" + Indent at: 0.5"

Special Rules for Pregnancy Disability Leave: The right to take CFRA leave is separate and distinct from the right to take a pregnancy disability leave. In other words, leave taken by an employee disabled by pregnancy, childbirth or related medical conditions is not family leave under the CFRA, even though it may be FMLA leave.

Formatted: Tab stops: 2", List tab + Not at 2.25"

Formatted: Font: Bold

- In light of the above, the District may require that pregnancy disability and FMLA leave run concurrently (hereinafter "pregnancy disability/FMLA leave"), but CFRA leave can never run concurrently with a pregnancy disability leave. This means that, at the end of the employee's period(s) of pregnancy disability or pregnancy disability/FMLA leave, whichever occurs first, a CFRA eligible employee may take up to 12 workweeks of CFRA leave due to the birth of her child or for other family leave purposes.

Formatted: Bulleted + Level: 1 + Aligned at: 0.25" + Indent at: 0.5"

Formatted: Tab stops: 2", List tab + Not at 2.25"

- Where an employee has exhausted her entitlement to pregnancy disability/FMLA leave prior to the birth of her child, and her health care provider certifies that continued leave is medically necessary, the District may, but is not required to, allow the employee to utilize CFRA leave prior to the birth of her child.
- The maximum combined leave entitlement for pregnancy disability, FMLA and CFRA leave for the birth of a child is four months and 12 workweeks. This assumes that the employee has exhausted all four months of pregnancy disability leave; she exhausted her entitlement to up to 12 weeks of FMLA leave during the period of pregnancy disability leave; and the employee requested and was eligible for a 12 week CFRA leave following the birth of her child.
- For more information regarding rights to pregnancy disability leave contact the Human Resources Department.

Special Rules Regarding Employment of Spouses: Where CFRA and FMLA leave are running concurrently, and both the “husband and wife” are employed by the District, their combined entitlement to CFRA/FMLA leave for the birth or adoption of a child by the employees or placement of a child in foster care with the employees shall be limited to twelve (12) workweeks in a 12-month period between the husband and wife. Where CFRA leave is running separate and apart from FMLA leave (such as following a pregnancy disability/FMLA leave), and both “parents” are employed by the District, their combined entitlement to CFRA leave for the birth, adoption or foster care placement of their child shall be limited to twelve (12) workweeks in a twelve (12) month period between the two parents. This provision applies to the parents of the child, regardless of their marital status. The provisions above do not affect the employees’ right to use any remaining CFRA or FMLA leave for any other qualifying purpose(s).

Calculating the 12-month Period: For the purpose of this Policy, “12-month period” shall mean a 12-month period measured backward from the date employee first uses family leave. The District uses a “backward rolling” calculation.

Notice Requirements: The employee, or a representative for the employee (e.g., spouse, adult family member, or other responsible party), must notify Human Resources, preferably in writing, as soon as it becomes apparent that the employee will be needing leave for a family leave purpose.

- Employees must provide at least 30 calendar days advance notice before leave is to begin if the need for leave is foreseeable, or notice as soon as practicable under the circumstances.
- The employee must consult with his or her supervisor regarding the need for a leave and must make a reasonable effort to schedule any planned medical treatment or supervision so as to minimize disruption of District operations. Actual scheduling is, however, subject to the approval of the patient’s health care provider.
- Failure to comply with these notice requirements is grounds for, and may result in, deferral of the requested leave until the employee complies with these provisions.

However, the District shall not deny a leave, the need for which is an emergency or is otherwise unforeseeable, on the basis that the employee did not provide advance notice of the need for the leave.

- Where leave is requested on the basis of a serious health condition affecting an employee's family member, the District may require evidence of the family relationship.

District Determination and Notification: It is up to the District to designate leave, paid or unpaid, as CFRA or CFRA/FMLA leave based on information provided by the employee or the employee's representative.

- In the event that the District determines that a leave of absence is for a FMLA/CFRA family leave purpose, the District shall, within two business days, if feasible, notify the employee in writing of its determination that the leave constitutes FMLA or CFRA leave.
- Where CFRA leave is running separate and apart from FMLA leave (such as following a pregnancy disability/FMLA leave), the District shall respond to the leave request as soon as possible and, in any event, no later than 10 calendar days after receiving the request. Once given, approval of CFRA leave shall be deemed retroactive to the first day of the leave.
- The District's written notice to the employee shall, among other things:
 - Specify the obligations of the employee while on family leave and explain the consequences of a failure to meet these obligations;
 - Provide notice to the employee in the event that a period of paid leave is to be counted as family leave;
 - Provide notice to the employee in the event that the District requires paid leave to be substituted for unpaid leave.
- Where the employee fails to provide sufficient information until after the leave commenced, the District may make a preliminary determination that the employee's absence is for a family leave purpose, subject to later confirmation by medical certification.
- If either the District or the employee designate an absence as family leave after the leave of absence has begun, such as when an employee advises the District during the leave of absence or after his/her return to work that the entire leave of absence or any part of it was for a family leave purpose, that portion of the leave period which was for a family leave purpose may be retroactively counted as family leave.
- If the employee fails to advise the District that a leave of absence was for a family leave purpose either before, during or within two days after he/she returns to work, the employee will not be able to assert the protections of the family leave laws for the leave of absence.
- Any dispute between the District and an employee as to whether paid leave qualifies as family leave should be resolved through discussions between the employee and the Human Resources.

Medical Certification: An employee's request for leave due to a serious health condition affecting the employee or the employee's child, parent or spouse must be supported by a medical certification issued by the health care provider of the individual requiring care.

Formatted: Font: Bold, Not Italic

- For leave to care for the employee's child, parent, or spouse, this certification need not identify the serious health condition involved, but shall contain:

Formatted: Bulleted + Level: 1 + Aligned at: 0.25" + Indent at: 0.5"

- The date, if known, on which the serious health condition commenced;
- The probable duration of the condition;
- An estimate of the amount of time which the health care provider believes the employee needs to care for the child, parent or spouse; and
- A statement that the serious health condition warrants the participation of the employee to provide care during a period of treatment or supervision of the child, parent or spouse.

Formatted: Bulleted + Level: 2 + Aligned at: 0.75" + Indent at: 1"

- For leave to care for the employee's own serious health condition, this certification need not, but may, at the employee's option, identify the serious health condition involved. It shall contain:

- The date, if known, on which the serious health condition commenced;
- The probable duration of the condition; and

Formatted: Bulleted + Level: 2 + Aligned at: 0.75" + Indent at: 1"

- This type of medical certification is not required where leave is requested for the birth, adoption or placement of a child in foster care with the employee. - Where the District has reason to doubt the validity of the employee's medical certification, the District may require, at the District's expense, that the employee obtain a second medical opinion from a health care provider designated by the District and who is not regularly used by the District; and
- Where the second opinion differs from the first, the District may require that the employee obtain a third and binding medical opinion, again at the District's expense, from a health care provider designated or approved jointly by the District and the employee.

Formatted: Bulleted + Level: 1 + Aligned at: 0.25" + Indent at: 0.5"

Minimum Period of Leave: Leave may be taken in one or more periods and does not have to cover a continuous period of time.

- Where leave is taken due to the serious health condition of the employee or his/her parent, child or spouse, the minimum leave increment shall be the shortest period of time the District's payroll system uses to account for absences or use of leave.
- Where CFRA leave is running separate and apart from FMLA leave (such as CFRA leave following pregnancy disability/FMLA leave), the minimum duration for leave taken in connection with the birth, adoption or foster care placement of a child is two weeks, except that the District shall grant a request for CFRA leave of less than two weeks on any two occasions during the one year period following the birth or placement of the child with the employee.

Substitution of Leave: The District may require that sick leave be used to provide pay during any period of otherwise unpaid family leave due to the employee's own serious health condition. Sick leave may also be used in connection with family leave taken for other purposes in accordance with applicable District Policy (Policy (ies), California Labor Code section 233, and upon the mutual agreement of the District and the employee. The District may require that vacation and other accrued time off (other than sick leave and compensatory time off) be used for any family leave qualifying event other than pregnancy disability leave. Where pregnancy disability leave and FMLA leave are running concurrently, accrued vacation or compensatory time may be used at the employee's option. CFRA and FMLA leave may also run concurrently with a leave of absence covered by workers' compensation or temporary disability. Upon reinstatement, all employee benefits will be resumed without any new qualification period, physical examination or exclusion of preexisting conditions.

Reinstatement: Where a definite date of reinstatement has been agreed upon at the beginning of the leave, the employee will be reinstated to the same or a comparable position by the date agreed upon. If the reinstatement date differs from the District's and employee's original agreement, the employee will be reinstated to the same or a comparable position within two business days, where feasible, after the employee notifies the District of his or her readiness to return. The employee's use of family leave may not result in the loss of any employment benefit that the employee earned or was entitled to before going on family leave. Upon reinstatement, all employee benefits will be resumed without any new qualification period, physical examination or exclusion of preexisting conditions.

Denial of Reinstatement: An employee has no greater right to reinstatement or to other benefits and conditions of employment than if the employee had been continuously employed during family leave. For example, if an employee is laid off while on family leave, the District's responsibility to maintain group health plan benefits and reinstate the employee ceases at the time the employee is laid off.

The District may also deny reinstatement to:

- An employee who gives notice that he or she no longer desires to return to employment with the District;

- An employee who fails to provide certification that he or she is fit for duty and able to return to work after taking family leave based on the employee's own serious health condition; or
- A salaried "key employee" who is among the highest-paid 10% of employees employed within 75 road miles of the employee's worksite, if:
 - It is necessary to prevent substantial grievous economic injury to the operations of the District,
 - Notice is given to the employee at the time of the leave request that the District will grant the leave request, but that the District may deny reinstatement, and
 - The employee is given a reasonable opportunity to return to employment after receiving such notice, but elects not to return, or

SERVICEMEMBER FAMILY & MEDICAL LEAVE

The federal Family and Medical Leave Act (FMLA) entitles eligible employees to take leave for a covered family member's service in the Armed Forces. This Policy supplements our FMLA Policy and provides general notice of employee rights to this leave. Except as stated below, such rights and obligations for Servicemember FMLA are governed by our existing FMLA Policy. Servicemember FMLA runs concurrent with other leave entitlements provided under federal, state and local law.

Entitlement to Servicemember FMLA: Servicemember FMLA provides eligible employees unpaid leave for any one, or combination, of the following reasons:

- A 'Qualifying Exigency' arising out of a covered family member's active duty or call to active duty in the Armed Forces in support of a contingency plan; or
- To care for a covered family member who has incurred an injury or illness while in the Armed Forces provided that such injury or illness renders the family member medically unfit to perform duties of the member's office, grade, rank or rating and is certified by the servicemember's health care provider.

Duration of Servicemember FMLA: (1) When leave is due because of a 'Qualified Exigency' concerning the military duty of a family member: an eligible employee may take up to 12 workweeks of leave during any 12-month period. (2) When leave is to care for an injured or ill servicemember: an eligible employee may take up to 26 workweeks of leave during a single 12-month period to care for the servicemember. Leave to care for an injured or ill servicemember, when combined with other FMLA-qualifying leave, may not exceed 26 workweeks in a single 12-month period. (3) Where spouses are both employed by the District, they may take up to, in aggregate, 26 workweeks of servicemember FMLA, provided that any portion of the aggregate leave that is not for care of a family servicemember does not exceed 12 workweeks.

Notice of Intent to take Servicemember FMLA: In any case where it is foreseeable that an employee will need servicemember FMLA, that employee must provide notice of his or her intent to take leave as soon as reasonably possible and provide certification of either the 'qualified exigency' or family servicemember's need for care as soon as practicable.

MATERNITY & PREGNANCY DISABILITY

Maternity leave shall be granted in accordance with the provisions of the District's Sick Leave Policy and in compliance with the CFRA and the FMLA. Please refer to the information under the previous Section for a more detailed explanation and guidelines in regard to these regulations.

Even if an employee is not eligible for CFRA leave, they are entitled to take a pregnancy disability leave of up to four (4) months depending on the period of actual disability under the Fair Employment and Housing Act (FEHA). Time off needed for prenatal care, severe morning

sickness, doctor-ordered bed rest, childbirth, and recovery from childbirth would all be covered by a pregnancy disability leave. Disability arising out of pregnancy shall be treated by the District the same as other disabilities of similarly situated employees in terms of eligibility for, or entitlement to, sick leave or leave without pay, extended sick leave, or accrued sick leave benefits.

The District may require certification from the employee's health care provider of a pregnancy disability or the medical advisability for a transfer or reasonable accommodation, particularly where the nature of the duties performed are hazardous or burdensome. If possible, an employee must provide at least thirty (30) days advance notice for a foreseeable event such as the birth of a child in accordance with the regulations.

All employees will be placed on leave when their physician states that maternity disability would interfere with the performance of the duties of the position or continuing work would be hazardous. Should disagreement arise between the District and an employee's physician as to the hazardous nature of a job or the ability of the employee to perform the job, the physician representing the District will resolve the conflict and his decision will be binding upon all parties.

Following childbirth and upon release from medical treatment for the disability resulting from the pregnancy, an employee must submit a medical statement of fitness to perform the duties of the position to the Human Resources Manager. At that time, a determination will be made for a return work date. Reinstatement should be accomplished as expeditiously as is reasonably practicable.

BENEFIT ACCRUALS WHILE ON UNPAID LEAVE

Formatted: Font: Bold

Employees on family leave, maternity leave or any other leave, do not accrue vacation, sick leave, or other seniority based benefits during any portion of the leave that is unpaid. Upon completion of family leave, maternity leave or any other leave, any entitlement to benefits shall be governed by the applicable leave policy.

This covers leaves of absence for (1) an employee's own serious health condition; (2) the birth and care of the eligible employee's child or placement for adoption or foster care of a child with the employee, newborn or newly adopted children within one year after birth or placement; or (3) the care of an employee's spouse, domestic partner, parent, or child with a serious health condition. This leave category applies to all full-time and part-time employees who have more than 12 months of service and have worked at least 1,250 hours during the 12-month period immediately prior to the date the leave is to begin.

For purposes of this section, a family member shall include an employee's child, spouse, domestic partner, parent, foster or adoptive parent, stepparent, or legal guardian, grandparent, sibling or parent-in-law. A serious health condition is generally defined as an illness, injury, impairment or physical or mental condition that involves inpatient care in a hospital, hospice or residential medical care facility or continuing treatment or supervision at home by a health care provider.

Requests for family/medical leaves of absence are to be made in writing, using the District's Request for Leave form, 30 days in advance of the need for the leave whenever the need is

foreseeable (i.e., elective surgery, childbirth) or as soon as possible otherwise. Except in cases of emergency, where prior notice cannot be given, a request for family/medical leave may be denied or deferred until appropriate notices are given. Requests for family/medical leaves must be supported by a written certification from the employee's own or the family member's health care provider, which shall include the date on which the health condition began, the probable duration of the condition, and appropriate medical facts regarding the condition. For leaves due to the care of a family member, the certification must include a statement that the employee is needed to care for the child or family member. For leave requests due to the employee's own serious health condition, the certification must include a statement that the employee is unable to perform the functions of his/her job.

Terms of Family/Medical Leave

Unpaid family/medical leaves of absence will be granted for a maximum total of 12 workweeks in a 12-month period. Leave taken intermittently will be aggregated and counted toward the 12 workweek total maximum. The 12-month period is a "rolling" 12-month period measured forward from the first date the employee uses such leave. There is no carryover of unused leave from one period to the next.

Pay/Benefits During Family/Medical Leaves

Family/medical leaves of absence are unpaid. To the full extent allowed by law, the employee is required to use all available accrued sick, compensatory time off and vacation hours before using unpaid leave. All time off, paid or unpaid is counted toward the 12-week period. Group insurance benefits will be continued for up to twelve weeks while a covered employee is on such leave of absence. During such period, the District will continue to contribute its portion of the premiums. The employee's portion of the premium contributions, if any, must continue to be paid by the employee. If an employee does not pay his/her portion of the premium while on such leave, coverage under the benefit plan will cease. Employees on FMLA are to mark the FMLA code on their timesheets accordingly.

Return To Work And Medical Evaluation Policy Ffrom Family/Medical Leave of Absence

Unless otherwise required by law, an employee's original position or a comparable position will be made available upon return from a family/medical leave unless no such position is available due to business necessity as defined under the family leave laws.

If the employee's original position or a similar position is offered at the conclusion of such leave and the employee does not accept the position, the employee will be considered to have voluntarily terminated employment effective the day such refusal is made.

No employee may return to work from an approved family/medical leave of absence due to his/her own serious medical condition without a physician's release (see the section "Return

~~Toto Work" under the previous disability section). Where the health care provider's written statement provides for an indefinite period of disability, periodic written updates at least every 30 days concerning the employee's status, expected date of return, and continued intent to return to work at the end of the leave are required. If the employee fails to return to work at the end of the leave, the employee will be considered to have voluntarily terminated his/her employment, effective the date the approved leave has ended.~~

PAID FAMILY LEAVE

~~Beginning July 1, 2004, eEmployees may be eligible for a benefit known as Paid Family Leave which is a form of compensation paid through the State of California Employment Development Department (EDD). Paid Family Leave is a component of the California State Disability Insurance Program (SDI) and is funded by a payroll tax. The maximum benefit available is limited to six weeks, and the amount depends on the employee's rate of pay. When available, Paid Family Leave is taken concurrently with other family leave under FMLA and CFRA. There is a seven day waiting period before benefits can be paid, and Paid Family Leave is not available to employees already receiving SDI, unemployment benefits, or workers compensation. Eligible employees may request Paid Family Leave in order to:~~

- ~~• Care for a seriously ill child, spouse, parent, or domestic partner, including foster, adopted, and stepchildren, and parentsstepparent, parent-in-law, grandparent, grandchild and sibling;~~
- ~~• To bond with a newborn child of the employee or domestic partner in the first year after birth, or~~

◆ ~~To bond with a newly adopted child or foster child within one year after adoption or placement.~~

~~A certificate from a health care provider is required in order to be eligible for Paid Family Leave.~~

NO RETALIATION & WHISTLEBLOWER PROTECTIONS

No Retaliation: The District's policy and state and federal laws forbid ~~any form of discrimination, harassment, or~~ retaliation against employees because they have exercised their rights under law, protested any violation of law, or participated in any proceeding under law. The U.S. Department of Labor and the California Department of Fair Employment and Housing are authorized to investigate and resolve complaints of any violation of the PDL, FMLA, CFRA, and other laws. Employees also have the right to bring a civil action for violations of the PDL, FMLA, CFRA, and other laws.

Whistleblower Protections: ~~The District is committed to operating in compliance with all applicable laws, rules and regulations, including those concerning accounting and auditing, and prohibits fraudulent practices by any of its Board of Directors, officers, employees, agents, or volunteers. This policy outlines a procedure for employees to report actions that an employee reasonably believes violate a law, or regulation or that constitutes fraudulent accounting or other practices. This policy applies to any matter which is related to District business and does not relate to private acts of an individual not connected to District business.~~

~~If an employee has a reasonable belief that an employee, District officer, or other District agent has engaged in any action that violates any applicable law or regulation, including those concerning accounting and auditing, or constitutes a fraudulent practice, the employee is expected to immediately report such information to the Human Resources Manager. If the employee does not feel comfortable reporting the information to the Human Resources Manager, he or she is expected to report the information to the General Manager. If the employee does not feel comfortable reporting the information to the General Manager, he or she is expected to report the conduct to the Board of Directors, either collectively or by relaying the information to any individual Director to be relayed to the Board. All reports should be submitted in writing to properly characterize the concerns.~~

~~The District will not retaliate against an employee in the terms and conditions of employment because that employee: (a) reports to a supervisor, to Human Resources, General Manager, the Board of Directors or to a federal, state or local agency what the employee believes in good faith to be a violation of the law; or (b) participates in good faith in any resulting investigation or proceeding, or (c) exercises his or her rights under any state or federal law(s) or regulation(s) to pursue a claim or take legal action to protect the employee's rights.~~

~~The District may take disciplinary action (up to and including termination) against an employee who in management's assessment has engaged in retaliatory conduct in violation of this policy. The District will not, with the intent to retaliate, take any action harmful to any employee who has provided to law enforcement personnel, or court, truthful information relating to the~~

COMPENSATION AND BENEFITS SURVEYS AND PAY STRUCTURE ADJUSTMENTS

The compensation philosophy guiding the District's decisions related to employee compensation and benefits is that of desiring to provide salary ranges and benefit practices that are competitive with market practices. In conducting compensation surveys, the District establishes its salary ranges by considering the mean (average) of the marketplace. In administering benefits surveys, the District considers prevailing and emerging practices related to the District's labor market. This approach has been adopted in an effort to attract and retain the best available staff and continue in its commitment to quality service to the District's member agencies.

Human Resources shall conduct a planned pay structure adjustment survey in the first calendar quarter ~~February~~ of each year of the direct labor market agencies to determine the percentage adjustments to ~~for~~ the Pay Structure Ranges for the upcoming fiscal year to go into effective July 1.

A comprehensive compensation and benefits survey shall be conducted every three years to evaluate market practices and job grading. Human Resources may conduct interim market

PROMOTIONS

A promotion is defined as the movement of an employee from one classification to another classification in a higher salary range, i.e. Administrative Assistant to Senior Administrative Assistant. An employee who is promoted ~~will shall~~ receive, at the discretion of the General Manager, a promotional salary increase at least to the salary range minimum. The General Manager may, however, grant greater increases ~~if justified and deemed appropriate.~~

A promoted employee will be required to serve a six-month review period in the new position; retention of the employee in the promoted classification may be determined at any time during this review period. The six-month review period will have no effect on the timing of the promoted employee's annual salary review for merit consideration or salary range adjustments. If the promoted employee fails this review period, he ~~or~~ /she would not have the automatic right to return to his/her former classification, unless there is a vacant position in said former classification. If an employee is returned to his/her former classification, the employee ~~will shall~~ return to their original pay status in the former classification.

~~All District employees are covered by the ACWA/JPIA for on-the-job injuries. A list of available emergency medical services is posted on the bulletin board outside the lunchroom. Whenever an employee sustains an injury or disability arising out of, and in the course of, District employment and requires medical care, the employee shall obtain treatment according to the provisions of the California Labor Code, sections 4600 et seq. and shall receive compensation for hours not worked while obtaining such medical care without loss of accrued leave hours. Employees are required to immediately report a work-related injury/incident to their supervisor and Human Resources. The supervisor of the affected employee shall ensure that the report is made.~~

Whenever, due to a work-related injury, an employee is compelled by direction of his or her physician to be absent from duty on account of such injury or disability, such employee will ~~shall~~ be placed on Workers' Compensation Leave. The employee will~~shall~~ receive full compensation for the first three (3) calendar working days following the date of the injury without loss of accrued leave hours. Thereafter, the employee may elect to apply pro-rated sick leave first, ~~or~~ vacation, or Compensatory Time Off (CTO), if sick leave is exhausted, to such absence to receive compensation in an amount equal to the difference between the compensation to which he/she is entitled under in order to compensate for the difference between Workers' Compensation Act and his or her regular pay, benefits and his/her regular pay, not to exceed the amount of accrued leave. ~~An employee who is receiving Workers' Compensation will shall continue to accrue sick leave and vacation.~~

Workers' Compensation benefits begin with the fourth full consecutive calendar day of missed work (including weekends); however, if the absence continues beyond fourteen (14) days, Workers' Compensation will then pay the applicable benefits for the first three (3) days of missed work. When this occurs, the employee will be docked for the first three (3) days the District previously paid him/her in an amount equal to the Workers' Compensation benefits received.

An employee, who is on Workers' Compensation leave of absence and who was covered by disability insurance when the work related injury occurred, may be eligible for disability benefits. Compensation to which an employee is entitled from Workers' Compensation and disability shall not exceed an employee's regular pay.

Supervisors are required to complete the required reporting forms whenever an employee is injured and/or placed on Workers' Compensation Leave. A doctor's release must be provided to the District upon the employee's return to work from a Workers' Compensation Leave. See Human Resources for the appropriate forms.

Return To Work (RTW) From Industrial Injury or Illness:

The decision to return an employee to work or place an employee back on the job, with or without modified work, shall be made by the District, independent of any decision made in the Workers' Compensation process, as follows:

- The employee shall submit to a fitness-for-duty assessment.

- Where there is an indication of continued physical or mental limitations, the employee and the District shall engage in the interactive process to determine whether reasonable accommodations to the limitations exist.
- If there is no permanent disability, no work restrictions, and the absence has not been longer than thirty days, the employee shall be returned to work.
- If there is no permanent disability, but temporary work restrictions, or there has been an absence of thirty days or more, a review of the employee's medical records from the Workers' Compensation case and RTW medical evaluation may be conducted. An employee shall be returned to work if the work restrictions are compatible with job demands or modified job demands, if available pursuant to reasonable accommodations.
- If there is a permanent disability, placement of the employee in the position last held by the employee will be considered following a RTW medical evaluation and complete assessment of potential reasonable accommodations.

The employee must obtain a release to work or be properly discharged from the medical provider utilized by the District prior to returning to his or her job. If it is determined that the job demands of the position last held by the employee are not compatible with the employee's restrictions and the employee is willing to return to work, placement in an alternative position, if available, will be considered. The employee shall be reclassified as "medically disqualified" and placed on unpaid leave while alternative positions are being considered. However, the employee may elect to use accrued leave hours, such as vacation, to receive compensation. Placement of an employee in an alternate position requires a pre-placement medical evaluation for the alternative job.

MEDICAL INSURANCE

Group medical insurance is provided to eligible regular full-time District employees or where otherwise required by law (including the Affordable Care Act or the state paid sick leave laws). Coverage is also offered to spouses, dependents and registered domestic partners of eligible employees in accordance with the terms of the pPlan documents. The District will pay a portion toward the monthly premiums based on employee and dependent status for medical coverage based on the amounts approved by the Board and in accordance with the insurance policy guidelines. ~~Employees may choose to elect or decline coverage from the plans offered by the District, either at the time of enrollment or prior to the anniversary date for renewal of the plans (each January).~~ This benefit goes into effect on the first day of the month following 30 days of service. ~~Brochures and claim forms are available in the Personnel Department.~~

EMPLOYEE ASSISTANCE PROGRAM (EAP)

The EAP provides confidential, professional assistance program for use when personal problems affect an employee's life and work. The program provides information, consultation, and counseling for employees, dependents, and domestic partners, as well as offering training and consultation to management.

The EAP encourages employees to use services early in the progression of a problem before situations significantly impact work. This is accomplished by promoting service for "normal problems in living" such as relationships, stress, legal and financial problems, career concerns, anxiety and depression. The EAP also services more serious concerns such as alcohol and drug problems, family violence, and threats of suicide.

This benefit is provided for all regular full-time employees. The District will pay a portion toward the cost of the monthly premiums based on the amounts approved by the Board and in accordance with insurance policy guidelines. This benefit goes into effect on the first day of the month following 30 days of service.

The Municipal Water District of Orange County cares about your well-being. As part of that concern, it has established an Employee Assistance Program (EAP) that provides confidential, professional assistance when personal or relationship problems affect your life and work. The program offers information, consultation and counseling for you, your dependents and or domestic partners. If you need more information, please contact Personnel/Human Resources or call the EAP at (800) 999-7222.

EMPLOYEE RECOGNITION PROGRAMS

Service Awards: The Service Award Program is designed to formally recognize all regular full and part-time employees for continuous years of dedicated service with the District. Employees will be formally recognized at completion of five-years of service and at five-year increments thereafter. Following completion of the required years of service, a certificate will be presented to the employee at the Board meeting during the employee's anniversary month.

At completion of five years, the employee will be granted one compensation day (8 hours) to be used within the following 12 months. At completion of ten years and every five years thereafter, the employee will be granted two compensation days (16 hours) to be used within the following 12 months. These compensation days shall be cashed out if not used within the 12 month period.

Adopted: 10/5/88; Revised: 6/20/12

EMPLOYEE EXCELLENCEEmployee Excellence: This program has been established to recognize outstanding Municipal Water District of Orange County (MWDOC) District employees and to acknowledge their contributions to MWDOC District. The goal is to encourage quality work, continuous improvement, teamwork, efficiency, customer service, and a high level of dedication. The program recognizes that MWDOC that District employees are the source of our strength, reputation, and innovation.

Recipient will receive recognition at either a District Staff meeting or the Regular Board Meeting by way of an Outstanding Performance Certificate and either a gift certificate or check up to a maximum of \$200 for individuals and larger awards to departments or groups, as determined by the General Manager. Based upon the act or accomplishment, the General Manager may grant a special award of up to \$1,000. Award amounts over \$25 are taxable in accordance with IRS guidelines.

Adopted: July, 2004, Rev. June, 2005

VEHICLE POLICY

When necessary during the course of an employee's or Director's official duties, transportation or reimbursement shall be provided by ~~MWDQC~~the District. The transportation method authorized will be determined in terms of the best interest of ~~MWDQC~~the District and in accordance with the provisions of this policy. When alternate transportation is not available for use by employees engaged in District business, permission may be obtained from the General Manager for use of privately-owned vehicles, provided the employee has adequate insurance. The employee must submit proof of adequate insurance, and permission must be expressly obtained, in writing, prior to use of a privately-owned vehicle. Further, once permission is provided, the employee maintains a duty to notify the District of any license restriction or lapse of adequate insurance coverage. The District requires strict adherence to state and federal laws law regarding the operation of motor vehicles. Reimbursement for mileage to the employee will be paid at the rate established by the Internal Revenue Service (IRS). A mileage report must be filled out and approved to obtain reimbursement.

PURPOSE

~~It is the purpose of this policy to establish and provide for the implementation of procedures relative to the reimbursement procedures and insurance requirements for privately-owned vehicles used for MWDQC business and for which MWDQC pays an automobile allowance or mileage.~~

Exceptions: The General Manager may authorize exceptions to any of the provisions herein set forth and shall give written notification to the Administration & Finance Committee of such exception within 30 days of the date such exception is authorized. All exceptions shall be reviewed by the General Manager annually to determine whether continuation of such exception is justified.

Implementation: The provisions of this policy will be implemented and administered by the General Manager. Annually, the General Manager shall conduct a review of automobile allowances to assure that continuation is justified. During this review, the following should be considered: employee's duties and responsibilities, including "on-call" duties, type of vehicle, classification, location of employee's residence and work station, justification for allowance and average monthly business mileage.

New requests for automobile allowance shall be made through the annual budget process and may be made from time to time as necessary throughout the year following the above review procedures. Requests may be made during the year when required by circumstances. All requests made as the result of the creation of a new position within ~~MWDQC~~the District are subject to the approval of the Administration & Finance Committee of the Board.

The General Manager shall submit an annual report to the Administration & Finance Committee listing employees receiving a vehicle allowance for use of privately-owned vehicles as defined in the Operating Rules for Automobile Allowance Section of this policy, and a listing of exceptions to the provisions of this policy authorized under the Exceptions Section of this policy.

Driver Responsibility: The District requires strict adherence to state and federal laws law regarding the operation of motor vehicles.

1. Only those ~~MWD~~ District employees who possess a valid California driver's license may drive on behalf of ~~MWD~~ the District.
2. It is the responsibility of all employees who drive vehicles on ~~MWD~~ District business to practice safe and defensive driving.
3. As required by ~~MWD~~ the District's insurance carrier, all employees and Directors who are paid an auto allowance or may receive mileage reimbursement, are to attend, at ~~MWD~~ District cost, a defensive driver training course every four years or more often if driving record so dictates.

Employees who drive a vehicle while on District business must exercise due diligence to drive safely and comply with all the laws applicable to driving a vehicle. Employees should pull over and cease driving when taking calls and, where not possible, are required to use hands-free equipment while using their cell phones, GPS, or mapping service. It is against the law to drive while reading, writing, or sending a text message. Employees are responsible for any driving infractions or fines as a result of their driving. It is mandatory that lap belts and shoulder harnesses be used. Seatbelts must be used by the driver and all passengers. Violation of these or any vehicle code or traffic law is grounds for discipline.

Mileage Reimbursement/Automobile Allowance: Employees and Directors may use their own vehicles and be reimbursed for mileage driven when on official ~~MWD~~ District business at the rate then permitted by the IRS. Cost of gasoline or oil purchases, vehicle repairs or maintenance and vehicle insurance are incorporated into the mileage reimbursement rate. No employee who receives an automobile allowance shall receive mileage reimbursement.

The General Manager and Assistant Manager, ~~and Associate General Managers~~ may receive an automobile allowance in an amount established by resolution of the Board of Directors. The payment of automobile allowance is subject to review during the Total Benchmark and Compensation Study or at the Board's discretion. ~~executive management's annual review process.~~

The General Manager may authorize the payment of an automobile allowance to others in an amount not to exceed that established by resolution of the Board of Directors for executive use, when the interest of ~~MWD~~ the District would best be served by paying an allowance rather than mileage; providing, however the following criteria are met:

MILEAGE REIMBURSEMENT

Employees ~~authorized by the General Manager to use~~ are reimbursed for mileage expenditures when using their private automobile in the performance of District related business. ~~duties. Mileage will shall be reimbursed for such mileage at the standard rate established permitted by the IRS, at the time. Mileage reimbursement shall automatically be adjusted whenever the IRS adjusts their rate. Mileage should ordinarily be computed between the employee's worksite and the destination. Reimbursable mileage is calculated based on the lesser amount of miles driven from home to event or office to event.~~

~~Revised: 12/12/90; 2/16/94; 4/21/04~~

EDUCATION REIMBURSEMENT

The education reimbursement program is designed to provide financial assistance to regular, full- time employees with one or more years of service; who wish to continue their formal education, training and certification and to assist employees in obtaining skills ~~and~~ or knowledge to become better qualified for their current work or for advancement in the District.

Courses must be related to the employee's position, occupation, or advancement within the District as determined by the Supervisor, General Manager and Human Resources. This includes courses that are prerequisites for work-related courses and those that are required to obtain a degree in a work-related field. Eligible courses are those taken at an accredited institution.

Correspondence courses from reputable institutions will be considered when equivalent courses are not available at local accredited schools, or when the employee's circumstances prevent attendance at courses offered locally.

Courses must be taken on the employee's time, unless special circumstances warrant otherwise and prior arrangements have been made with the supervisor and approved by the General Manager.

Requests for tuition reimbursement may be denied based on district budgeting constraints for that particular fiscal year.

Employees may not use District computers to complete classes online or complete homework assignments during working hours.

Eligible expenses are tuition, parking, books, registration fees and laboratory/materials fees. The annual limit each year for educational expenses shall be based on the Cal State Fullerton adopted program fee schedule for undergraduate and graduate programs given the program which the employee is enrolled. Expenses for travel and other incidental costs are not reimbursable. Written approval for reimbursement must be obtained from Human Resources, the employee's supervisor and the General Manager prior to or within 30 days of enrollment in the course.

Funds received from outside sources such as scholarship grants or Veterans educational benefits must be applied toward the cost of the course before the District's reimbursement is applied.

Evidence of successful completion of the course with a minimum grade of "B" or higher and receipts for the allowable expenses must be submitted prior to reimbursement.

Expenses reimbursed may be considered taxable income and subject to tax withholding.

If an employee voluntarily terminates employment or is terminated for cause within 24 months of completing a course in which educational reimbursement has been paid, the employee shall reimburse the District based on the following pro-rated service requirement:

- Voluntary termination or termination for cause within one year of completing a course = 100% reimbursement to the District.
- Voluntary termination or termination for cause within 13 to 24 months of completing a course = 50% reimbursement to the District.

If an employee fails to reimburse the District, the District may sue the employee for breach of Agreement.

OFFICE EQUIPMENT POLICY

Introduction: The District provides a wide variety of office and telecommunications equipment for employee use, including telephones with voice mail, computers with email and Internet access, ~~and~~ fax machines, photocopiers, postage meters, and other facilities. All employees are expected to comply with this policy when using any of this office equipment.

Formatted: Indent: Left: 0.5", No bullets or numbering

Formatted: English (United States)

Formatted: Indent: First line: 0.5"

Business Use Only: All office equipment is intended strictly for business use in the course of performing assigned duties and responsibilities. All office equipment, as well as the content of voicemail, email, and other files, ~~is-areconsidered~~ District property. We recognize that some personal use cannot be avoided, as in the case of family, personal, or medical emergencies, but ~~employees should have no expectation of we cannot guarantee the~~ privacy of such messages. All such personal use should be kept to an absolute minimum and must not interfere with work performance.

Formatted: Indent: First line: 0.5"

District's Right of Access and Employee Privacy: All District voicemail, email, harddrives, and other electronic data storage is solely the property of the District, regardless of the nature of the email, physical location, or how maintained. The District, as owner has at all times the right to access all email, voicemail, or other data, including email protected by security measures. Human Resources may access email within any department or office. When necessary, assistance in obtaining authorized access shall be provided by the IT Administrator. The accessing of a department's email shall be coordinated with the department's Director, unless the Human Resources determines that the access should remain confidential. Email users shall cooperate in the access of email when requested by Human Resources. Employees should be aware that, as a public entity, all communications and data within the District's possession is potentially subject to a Public Records Act request. No employee has an expectation of privacy in any District email account, voicemail, harddrive, or other electronic data storage device.

Formatted: Font: Bold

No Guarantee of Privacy: The District does not or cannot guarantee the privacy of any employee use of its office equipment, and the District reserves the right to monitor all such use and to access and copy information found on its office equipment to the fullest extent allowed by law. This includes but is not limited to all use of voice mail, e-mail, and Internet access. Confidential telephone conversations are ~~may be~~ subject to monitoring, with the consent of all parties to the conversation. The District also reserves the right to utilize software or other measures to block employee access to improper or unauthorized web sites. Employees should not give any absolute assurances of privacy to anyone outside the District that their messages will be kept confidential, especially with email. Even erasing an email message does not assure privacy since it is likely to be preserved on back-up systems.

Formatted: Indent: First line: 0.5"

Passwords and Security Measures: The District may allow employees to use passwords or other security measures on its office equipment in order to channel communications to the proper persons. Unless authorized by Human Resources pursuant to District business, eEmployees are expected to honor passwords and other security measures, and are not to access information unless it was intended for them. Moreover, management must be kept informed of all passwords and other security measures, as the District retains the right to override passwords and other security such measures in order to assure full access to all office equipment. Employees must comply with all District requests for access to District-owned equipment, communications, or data.

Formatted: Indent: First line: 0.5"

Unlawful Harassment or Discrimination: Employees are forbidden from using the District's office equipment for any form of unlawful harassment or discrimination based on race, color, national origin, ancestry, sex, sexual orientation, gendersexual identity or expression, age, pregnancy or childbirth, religion, political beliefs, disability, marital status, veteran status, or any other criteria prohibited by District policy or applicable law.

Formatted: Indent: First line: 0.5"

Other Misconduct: Use of ~~office and telecommunications~~ ~~the voice-mail and e-mail~~ systems is subject at all times to all other District rules concerning employee conduct. Under no circumstances are these systems to be used for pornography, gambling, sports, shopping, stock trading, hobbies, criminal or fraudulent activity, buying or selling goods and services, outside activities, or any other non-work related purpose.

Formatted: Indent: First line: 0.5"

Confidential Information: Employees are expected to use special caution in handling any confidential or proprietary information. In general, email should not be used to transmit confidential information outside of the District unless extraordinary precautions are taken to assure confidentiality.

Formatted: Indent: First line: 0.5"

Good Judgment: Employees are expected to exercise good judgment and professional demeanor and discretion when using the District's voicemail, ~~or email~~, or internet systems, and must resist the temptation to use these systems for any purpose that violates this policy even when a client, applicant, or vendor initiates or welcomes inappropriate messages. Employees should not forward chain letters that are sent by email, even if they appear to be for a legitimate cause. Employees must also be careful in the overall tone and content of all messages they send. Unprofessional messages can prove embarrassing when read by an unintended recipient. Emails should include a clear and concise subject line for easy identification. They should be kept to a minimum in length, and proofread carefully before being sent.

Formatted: Indent: First line: 0.5"

Intellectual Property Rights: The District's computer systems are not to be used to violate or infringe copyrights, trademarks, or other intellectual property rights of third parties. Employees are forbidden from installing or downloading software on to the District's computer system without the express authorization of management, and must refrain from utilizing trademarks or other copyrighted material without proper permission from the owner.

STAFF REPORT

The District currently carries long-term disability insurance through Assurant Employee Benefits, and life insurance through Mutual of Omaha and both programs have been secured through the current broker, WSP Insurance. Due to an 18.56% renewal increase for the life and long-term disability plans for 2015, staff requested that the current broker (WSP Insurance) seek quotes from additional carriers. Staff also contacted Alliant and requested quotes.

Plans were compared on a variety of factors such as maximum and minimum benefit, policy limitations, waiting period, benefit period, social security benefit integration, rates, annual premium cost to the District, rate guarantee and other factors.

Long-Term Disability

Long-term disability insurance provides partial income replacement should an employee become disabled due to a non-work-related illness or injury. The current policy offers a maximum benefit of \$7,500/month and is paid on a percentage of an employee's salary up to the maximum benefit.

The long-term disability insurance premium is currently paid for by the District.

Life / ADD Insurance

The District currently provides a Life/ADD (Accidental Death & Dismemberment) benefit of two times annual salary to a maximum of \$250,000.

The life insurance premiums are currently paid for by the District. Supplemental life insurance is paid by the employee.

EAP

The existing Employee Assistance Plan is through ACWA/JPIA and the carrier is Managed Health Network who offers a variety of services such as support for grief, loss, traumatic event counseling, child care and eldercare assistance as well as referrals for legal and financial concerns. NJPA offers a similar program at less than half the cost. ACWA has a cancellation clause of 1st of the month following 60 days notice and therefore the earliest cancellation would be March 1, 2015.

Attached is a table outlining the plans and costs.

Staff Recommendation

Based on benefit and cost comparison, staff recommends moving the life insurance and EAP to National Joint Power Alliance (NJPA) which is a pooled product for life insurance through Sun Life. The proposal was provided by Alliant.

The long term disability insurance will be covered with the existing broker, WSP, through Lincoln National.

**MEMBERSHIP AGREEMENT
PARTICIPATING MEMBER**

This Agreement, made and entered into this 17th day of December 2014 ,
by and between National Joint Powers Alliance®, hereinafter referred to as "NJPA" and
Municipal Water District of Orange County hereinafter referred to as the "Applicant".

Witnesseth:

That for a good and valuable consideration of the premises, mutual terms, covenants, provisions, and conditions hereafter set forth, it is agreed by and between the parties as follows:

Whereas, the NJPA is created by Minnesota Statute §123A.21 (with membership further defined in M.S. §471.59) to serve cities, counties, towns, public or private schools, political subdivisions of Minnesota or another state, another state, any agency of the State of Minnesota or the United States including instrumentalities of a governmental unit and all non-profits; and

Whereas, NJPA's purpose as defined in M.S. §123A.21 is to assist in meeting specific needs of clients which could be better provided by NJPA than by the members themselves; and

Whereas, the NJPA Board of Directors has established the ability for an "Applicant" desiring to participate in NJPA contracts and procurement programs to become a Participating Member; and

Whereas, the NJPA Board of Directors has determined that Participating Members will have no financial or organizational liability to NJPA or to its organizational activities;

Now Therefore, it is hereby stipulated and agreed that the "Applicant" Agency desires to be a Participating Member of NJPA with contract purchasing benefits, in accordance with terms and conditions of the applicable contract(s), and that NJPA hereby grants said Membership to said "Applicant."

Term:

This continuing agreement shall remain in force or until either party elects to dissolve the Agreement by written notice.

THEREFORE, IN WITNESS THEREOF,

the parties hereto have executed this Agreement the day and year written above.

SUBJECT: AMENDMENT TO THE MWDOC MONEY PURCHASE PENSION PLAN

STAFF RECOMMENDATION

The Board of Directors adopt a Resolution amending the District Money Purchase Pension Plan; as presented.

COMMITTEE RECOMMENDATION

Committee concurred with staff recommendation.

DETAILED REPORT

The General Manager currently participates in CalPERS as a new member under the Public Employees Pension Reform Act (PEPRA). Currently, the District and the employee (General Manager) each contribute 6.25% of the General Manager's salary to CalPERS. Pursuant to PEPRA, once the employee reaches the pensionable compensation limit currently \$138,077, the employer and employee contributions stop, until the start of the new calendar.

In accordance with the Employment Agreement between the General Manager and MWDOC, once the pensionable compensation limit is reached; the District will contribute (as the Employer Contribution) up to 6.25% to a qualified pension plan established pursuant to Section 401(a) of the IRS Code for the employee's benefit.

In order to enroll the General Manager into the District's 401(a) Pension Plan (currently Voya, formerly known as ING) the District must amend its Plan. The amendments to the plan would include the following:

Budgeted (Y/N): NA	Budgeted amount: NA	Core _x_	Choice __
Action item amount: NA	Line item:		
Fiscal Impact (explain if unbudgeted):			

- Add the General Manager as a participant to the Plan;
- Allow the District to contribute 6.25% of the General Manager's salary to the 401(a) Plan as (Employer Contribution)
- Allow the General Manager to make contributions (Employee Contribution) based on the same percentage (6.25%) of his excess compensation.

Please be advised that at the beginning of each new calendar year, CalPERS contributions would resume and 401(a) Employer and Employee contributions would stop until the pensionable compensation limit is reached.

Staff is recommending the Board Adopt a Resolution Amending the District's Money Purchase Pension Plan, as presented. The Pension Plan Amendments and the Resolution have been reviewed by legal counsel and are recommended for Board approval.

Attached for review is the following:

Attachment 2 – Resolution

**MUNICIPAL WATER DISTRICT OF ORANGE COUNTY
MONEY PURCHASE PENSION PLAN**

AMENDMENT NO. 2

RECITALS

A. Municipal Water District of Orange County ("Employer"), maintains the MUNICIPAL WATER DISTRICT OF ORANGE COUNTY MONEY PURCHASE PENSION PLAN (the "Plan") for the benefit of certain Employees and their Beneficiaries.

B. The Employer desires to amend the Plan only for the purpose of providing for employer and employee contributions to be made for Employer's General Manager in accordance with his employment agreement. Benefits for all other participants are to be determined in accordance with a restatement of the Plan to be adopted at a future date.

C. Section 10.01 of the Plan provides that the Employer reserves the right to amend the Plan at any time.

AMENDMENT

NOW, THEREFORE, effective January 1, 2014, Employer hereby amends the Plan for the purpose of providing pension benefits for the General Manager, as follows:

1. Section 2.15(g) is amended to read as follows:

"Those on payroll who are actively participating in the California Public Employee Retirement System except the General Manager of Employer."

2. Section 3.01 is amended to add the following:

"The effective date of participation for the General Manager is January 1, 2014."

3. Section 4 is amended to add the following Sections:

4.05 Nonelective Employer Contribution (General Manager). The Employer shall annually pay into the Trust, on behalf of the General Manager of the Employer in accordance with the terms of a separate employment agreement between the General Manager and Employer, a Nonelective Employer Contribution in an amount equal to the Employer's employer percentage contribution rate to the California Public Employees' Retirement System up to 6.25%, of the General Manager's "excess compensation" for each Plan Year. For purposes of this Section 4.05, "excess compensation" shall mean that portion of the General Manager's base salary which exceeds the pensionable compensation limits established by California Government Code Section 7522.10(c) and subject to any

regulations or opinions issued by the CalPERS Board and/or California Attorney General's Office.

4.06 Employee Pick-Up Contributions. Any Participant belonging to the Employee classification of General Manager may irrevocably elect to contribute to the Plan for each Plan Year the same percentage of his or her excess compensation as is provided under Section 4.05. Such Contribution shall be treated as an Employer Contribution for purposes of Code Section 414(h)(2).

4.07 Allocation to Accounts. Contributions under Sections 4.05 and 4.06 shall be allocated to the Nonelective Employer Contribution and Employee Pick-up Contribution Accounts of General Manager.

4. Section 7 is amended to add the following:

7.08 Vesting of General Manager Accounts. The Nonelective Employer Contribution and Employee Pick-up Contribution Accounts of the General Manager shall be fully vested at all times.

IN WITNESS WHEREOF, the Employer has caused this amendment to be executed on _____, 2014.

RESOLUTION NO. _____
MUNICIPAL WATER DISTRICT OF ORANGE COUNTY RE:

**AMENDMENT OF DISTRICT MONEY PURCHASE PENSION PLAN AND
IMPLEMENTATION OF PROVISIONS OF INTERNAL REVENUE CODE
SECTION 414(h)(2) TO TAX DEFER EMPLOYEE RETIREMENT
CONTRIBUTIONS**

WHEREAS, the Municipal Water District of Orange County (the “District”) maintains a qualified retirement plan known as the Municipal Water District of Orange County Money Purchase Pension Plan (the “Money Purchase Plan”) which provides retirement benefits for the District’s employees and members of the Board of Directors; and

WHEREAS, the District desires to amend the Money Purchase Plan to permit for the funding of both employer and employee “excess compensation” contributions on behalf of the General Manager in accordance with the terms of the employment agreement between the General Manager and the District; and

WHEREAS, under Section 414(h)(2) of the Code, employee contributions to a public employer pension plan may be picked up on a pre-tax basis by the public employer and excluded from an employee’s gross income if the employer specifies that the contributions, although designated as employee contributions to the plan, are being paid by the employer by salary reduction pursuant to the employee’s irrevocable election in lieu of contributions by the employee, and the employee cannot choose to receive the amounts directly instead of having them paid by the employer; and

WHEREAS, the Board of Directors has determined that, even though the implementation of Section 414(h)(2) is not required by law, the tax benefits of Section 414(h)(2) in reducing taxable employee gross income should be provided to those employees contributing to the Money Purchase Plan; and

WHEREAS, Internal Revenue Service Revenue Ruling 2006-43 requires that the District take contemporaneous action evidencing an intent to establish a proper pick-up under Section 414(h)(2) of the Code.

NOW, THEREFORE, be it resolved, determined and ordered by the Board of Directors of the MUNICIPAL WATER DISTRICT OF ORANGE COUNTY as follows:

SECTION 1. Adoption of Plan Amendment. The Board of Directors hereby approves the adoption of an Amendment No. 2 to the Money Purchase Pension Plan, effective January 1, 2014, in the form presented and reviewed in this meeting, and directs the General Manager to sign the Amendment on behalf of the District.

SECTION 2. Employer Pick Up of Employee Contributions.

(a) Pursuant to Section 414(h)(2) of the Code, the Board of Directors hereby elects to implement an employer pick-up of employee retirement contributions to the Money Purchase Plan;

(b) Picked up contributions, although designated as voluntary employee contributions to the Money Purchase Plan, will be picked up on a pre-tax basis by the District through salary reduction in lieu of employee contributions so that such contributions are treated as employer contributions.

(c) Amounts picked up by the District shall be paid from the same sources of funds as used in paying salary.

(d) Amounts picked up by the District shall be treated for all purposes, other than taxation on gross income, in the same manner and to the same extent as employee contributions made prior to the effective date of this Resolution.

SECTION 3. The Recitals set forth above are incorporated herein and made an operative part of this Resolution.

**SUBJECT: EXTENSION OF STATE LEGISLATIVE ADVOCACY CONTRACT WITH
TOWNSEND PUBLIC AFFAIRS, INC.**

STAFF RECOMMENDATION

Staff recommends the Board of Directors to authorize a one-year extension to the advocacy contract with Townsend Public Affairs and discuss whether to increase the fee from \$7500 to \$8500 per month.

COMMITTEE RECOMMENDATION

The Public Affairs & Legislation Committee will meet on December 15, 2014 and make a recommendation to the Board.

DETAILED REPORT

Townsend Public Affairs, Inc. (TPA) has provided state legislative advocacy services to the Municipal Water District of Orange County since 2001. This has included tracking, analysis and advocacy on legislation, assisting with strategy development on policy issues, helping with the coordination and preparation of directors and staff for high-level meetings, serving as a District liaison to legislators and staff, and state administration representatives, and participating in working groups and coalitions on the District's behalf. A proposed scope of services is attached for you

Please note, Legislative Advocacy contracts are on a calendar year basis so as not to interrupt services during a legislative session.

Budgeted (Y/N): Yes	Budgeted amount: \$90,000	Core X__	Choice __
Action item amount: \$90,000; \$45,000 for FY 2014/2015 and \$45,000 for FY 2015/2016 (proposed)	Line item: 31-7040		
Fiscal Impact (explain if unbudgeted): The FY 14-15 budget of \$90,000 will be complete as of 6/30/15. TPA is asking for an additional \$12,000 per year for calendar year 2015.			

Proposal Cost

Over the past 12 years TPA has charged MWDOC a fee of \$7,500 per month to provide comprehensive state advocacy services with respect to legislative, regulatory, policy, and funding matters. (Please note this amount is separate and distinct from fees that have been charged for federal advocacy and staff augmentation services.) However, in order to successfully execute the robust scope of services as outlined in TPA's scope attached, especially with respect to the major issues involving the BDCP, desalination, and appropriation of water bond funding, TPA is respectfully requesting a fee of \$8,500 per month for 2015.

Staff recommends the Board discuss whether to increase the fees to \$102,000 per calendar year (or \$8500 per month).

MEMO

TO: Municipal Water District of Orange County

FROM: Townsend Public Affairs, Inc.

DATE: December 9, 2014

SUBJECT: 2015 State Advocacy Scope of Services

Townsend Public Affairs, Inc. ("TPA") is proud and honored to represent the Municipal Water District of Orange County ("MWDOC") as its advocate in Sacramento for legislative, regulatory, policy, and funding issues and opportunities that are important to MWDOC and its Member Agencies. Our scope of services has included identification, analysis and advocacy on legislative matters, as well as identification and assistance with infrastructure funding and regulatory matters. TPA conducts its efforts under the direction of the General Manager and his designee, which at times has included working with the Board of Directors, Executive Staff and member agencies. TPA provides services via an office in Sacramento located across the street from the Capitol that houses six full-time registered advocates; these services are supplemented by a local office in Orange County that houses four full-time registered advocates. The regional office allows TPA to provide in-person participation (including the President of the firm) at numerous and various MWDOC committee meetings, including every meeting of the Public Affairs/Legislative (PAL) Committee, as well as staff meetings as requested by the General Manager.

The following is an outline of the scope of services that TPA proposes to provide for MWDOC (and, as directed, its Member Agencies) for 2015:

Legislative Advocacy and Monitoring

TPA will manage legislative tracking, analysis and advocacy for MWDOC including, but not limited to:

- Monitor and analyze state legislation and issues on a proactive basis that includes input from MWDOC on bills to target, initial topics could include:
 - CEQA regulatory streamlining;
 - Local government issues, such as finance, governance, and transparency;
 - Other legislative and regulatory matters as directed.
- Provide strategic guidance and recommendations to assist MWDOC in developing policy positions and achieving legislative objectives with appropriate legislators, staff, committees, and Administration officials;
- Advocate on legislation and issues in response to formal positions taken by MWDOC;

- Assist with the preparation of support letters, written testimony, oral testimony, and talking points for hearings and other legislative activities involving MWDOC;
- Facilitate and coordinate meetings and events on behalf of MWDOC with members of the Orange County state legislative delegation, Administration officials, local governments, and other key stakeholders.

Proposition 1

TPA will work to strategically place MWDOC in a position of maximum funding potential.

- TPA will provide support to MWDOC and member agencies (as requested by MWDOC) regarding Proposition 1 water bond funding opportunities, water infrastructure funding opportunities, analysis of funding, assistance with application preparation, and advocacy with officials from the appropriate funding agency;
- Advocate and influence implementing legislation and administrative guidelines for Prop 1 to align with MWDOC's priorities and projects. These efforts may include legislative trailer bill language, budget trailer bill language and/or administrative grant guideline amendments.

Bay Delta Conservation Plan

TPA will oversee the implementation of BDCP to ensure continued water supply reliability for MWDOC.

- TPA will monitor and advocate on behalf of MWDOC related to the Bay Delta Conservation Plan and Delta Visioning Process including, but not limited to:
 - Monitor, analyze and advocate as appropriate on legislation related to the implementation of components of the Bay Delta Conservation Plan and Delta Visioning Council, including bill addressing governance, funding, conveyance, and transfers;
 - Provide updates on the Bay Delta Conservation Plan.

Ocean Desalination

TPA will promote desalination as a viable and local water alternative.

- TPA will provide ongoing advocacy for ocean desalination projects including, but not limited to:
 - Support MWDOC and its Member Agencies on legislation that could facilitate or impeded ocean desalination and take position/action as appropriate;
 - Collaborate and coordinate with local water agencies and associations that take a similar stance;
 - Facilitate tours and briefings of the South Orange Coastal Ocean Desalination Project by key state stakeholders;
 - Work with MWDOC staff to facilitate meetings and outreach related to the South Orange County Coastal Desalination facility.

Regulatory and Funding Advocacy

TPA will manage all advocacy efforts related to regulatory and funding priorities.

- Monitor California State Water Resources Control Board and the legislature regarding water conservation, regulations, and activity;
- Will work to ensure MWDOC plays a prominent role in the development and implementation of urban water conservation and other drought-related activities;
- Advocate for State energy/water policies that could be beneficial to MWDOC and its Member Agencies, along with supporting efforts for potential funding opportunities that would assist in helping to offset costs for appropriate MWDOC projects;
- Provide ongoing support on all State water-related funding opportunities including, but not limited to:
 - Advocate for equitable distribution of water infrastructure-related funding and eligibility requirements, which align with MWDOC priority projects;
 - Advocate for Orange County projects/plans, facilitate coordination at the local stakeholder level, including outreach and advocacy with members of the legislature and the administration.

MWDOC Administrative Support

TPA will guide MWDOC throughout the legislative process and will participate as a representative on its behalf.

- Prepare monthly written state legislative reports and additional materials as requested by staff for Public Affairs/Legislative (PAL) Committee;
- Attend and participate in monthly PAL Committee meetings;
- Attend and participate in the regular Member Agencies Legislative Coordination meeting hosted by MWDOC;
- Attend and participate as a representative of MWDOC at Statewide association meetings/events, state legislative committees meetings, public hearings, legislative working groups, and other groups and submit follow up reports/meeting summaries to MWDOC in a timely manner.

Proposal Cost

Over the past 12 years TPA has charged MWDOC a fee of \$7,500 per month to provide comprehensive state advocacy services with respect to legislative, regulatory, policy, and funding matters. (Please note this amount is separate and distinct from fees that have been charged for federal advocacy and staff augmentation services.) However, in order to successfully execute the robust scope of services as outlined above, especially with respect to the major issues involving the BDCP, desalination, and appropriation of water bond funding, TPA respectfully requests a fee of \$8,500 per month for 2015.

SUBJECT: ANNUAL REVIEW OF LEGISLATIVE POLICY PRINCIPLES

STAFF RECOMMENDATION

Staff recommends the Public Affairs & Legislation Committee review and discuss the updated legislative policy principles and direct staff as appropriate.

COMMITTEE RECOMMENDATION

The Public Affairs & Legislation Committee will review this item on December 15, 2014 and make a recommendation to the Board.

DETAILED REPORT

In September 2012, the Municipal Water District of Orange County Board of Directors adopted legislative policies principles. They were reviewed again in March 2014 (discussion only). The purpose of these principles is to assist District staff and its legislative advocates in the evaluation of legislation that may impact the District, its member agencies, the interests of Orange County, the Metropolitan Water District of Southern California and/or its member agencies. The principles establish guidelines to allow the District to respond to certain types of legislation in a timely manner while issues that are not clear or have complicated implications will be presented to the Board for further guidance.

IMPORTED WATER SUPPLY

It is MWDOC's policy to support legislation that:

- 1) Ensures the development of a long- term state water plan that balances California' s competing water needs and results in a reliable supply of high- quality water for Orange County.
- 2) Facilitates the implementation of the Bay Delta Conservation Plan, the co- equal goals of reliable water supply and ecosystem restoration, and related policies that provide long term, comprehensive solutions for the San Francisco Bay/Sacramento-San Joaquin River Delta that:
 - a) Provides reliable water supplies to meet California's short- and long- term needs;
 - b) Improves the ability to transport water across the Delta either for, or in supplement to, State Water Project deliveries;
 - c) Improves the quality of water delivered from the Delta;
 - d) Enhances the Bay-Delta's ecological health in a balanced manner that takes into account all factors that have contributed to its degradation;
 - e) Encourages cost-effective water-use- efficiency measures;
 - f) Employs sound scientific research and evaluation to advance the co-equal goals of improved water supply and ecosystem sustainability.
- 3) Funds a long-term, *comprehensive* Bay-Delta solution in a manner that equitably apportions costs to all beneficiaries.
- 4) Seeks to keep BDCP on schedule and prudently expedites the approval process for projects that will improve water reliability and security.
- 5) Provides funding for Colorado River water quality and supply management efforts.
- 6) *Provides conveyance and storage facilities that are cost-effective for MWDOC and its member agencies, while improving the reliability and quality of the water supply.*
- 7) *Authorizes and appropriates the federal share of funding for the long-term Bay Delta solution.*
- 8) *Authorizes and appropriates the ongoing state share of funding for the long-term Bay Delta solution.*

It is MWDOC's policy to oppose legislation that:

- 1) Would make urban water supplies less reliable, or would substantially increase the cost of imported water without also improving the reliability and/ or quality of such water.

2) Imposes water user fees to fund Bay Delta ecosystem restoration and other public purpose, non-water supply improvements in the Delta region.

LOCAL WATER RESOURCES

It is MWDOC's policy to support legislation that:

- 1) Provides funding for, *and authorizes and/or facilitates the expanded use of*, water recycling, *potable reuse, conservation*, groundwater recovery and recharge, storage, brackish and ocean water desalination and surface water development projects.
- 2) Recognizes that recycled water is a resource and should be permitted and managed as such.
- ~~3) Authorizes and/or facilitates expanded use of local water resources including water recycling and brackish groundwater.~~
- 4) Authorizes local governmental agencies to regulate the discharge of contaminants to the sewer collection system that may adversely affect water recycling and reuse.
- 5) Reduces regulatory burdens on water recycling and brackish and ocean water desalination projects.
- 6) Supports ecosystem restoration, increased stormwater capture and sediment management activities at Prado Dam.
- 7) Recognizes and supports the development of ocean desalination as a critical new water supply for the state and Orange County, specifically.*
- 8) Authorizes, promotes, and provides incentives for potable reuse projects.*
- 9) Recognizes that the reliability of supplies to the end user is the primary goal of water suppliers.*

It is MWDOC's policy to oppose legislation that:

- 1) Restricts a local governmental agency's ability to develop their local resources in a manner that is cost-effective, environmentally sensitive, and protective of public health.
- 2) Imposes barriers to the safe application of recycled water and continues to define recycled water as a waste.
- 3) Would make urban water supplies less reliable, or would substantially increase the cost of imported water without also improving the reliability and/ or quality of such water.
- 4) Restricts or limits a local governmental agency's ability to establish local priorities for water resources planning decisions.*

WATER USE EFFICIENCY

It is MWDOC's policy to support legislation that:

1) ~~Requires the installation and use of retail water meters and billing based on a volumetric use.~~

1) Furthers the statewide goal of a 20% reduction in per capita water use by 2020 as set forth in SBx7-7, enacted in November 2009.

2) *Would allow flexibility and options for compliance in achieving statewide water reduction goals.*

3) Sets cost-effective efficiency standards for water-using devices.

4) Provides loans and grants to fund incentives for water conserving devices or practices.

5) Advances and ensures accurate reporting of the implementation of water efficiency measures of the Best Management Practices (BMPs) for the California Urban Water Conservation Council's Memorandum of Understanding.

6) Increases landscape water use efficiency and promotes Commercial, Institutional and Industrial (CII) water use efficiency programs.

7) *Requires individual metering connections to be built in new construction of multiple unit commercial or residential buildings.*

8) *Encourages stakeholders to investigate and develop statewide landscape water conservation standards and regulations.*

9) *Provides incentives, funding, and other assistance where needed to facilitate market transformation and gain wider implementation of water-efficient indoor and outdoor technologies and practices.*

10) *Provides incentives, funding, and other assistance where needed to facilitate water use efficiency partnerships with the energy efficiency sector.*

It is MWDOC's policy to oppose legislation that:

1) Fails to ensure balance in the implementation of water efficiency practices and requirements for both urban and agricultural use.

2) *Would repeal cost-effective efficiency standards for water-using devices.*

WATER QUALITY

It is MWDOC's policy to support:

- 1) Legislation that protects the quality of surface water and groundwater.
- 2) Funding that helps agencies meet state and federal water quality standards.
- 3) The establishment and/ or implementation of standards for water-borne contaminants based on sound science and with consideration for cost-effectiveness.

It is MWDOC's policy to oppose:

- 1) Legislation that could compromise the quality of surface water and groundwater supplies.
- 2) Legislation that establishes and/ or implements standards for water-borne contaminants without regard for sound science or consideration for cost effectiveness.

METROPOLITAN WATER DISTRICT OF SOUTHERN CALIFORNIA

It is MWDOC's policy to support legislation that:

- 1) Implements a rate structure that is consistent with MWDOC board-adopted policy.

It is MWDOC's policy to oppose legislation that:

- 1) Compromises the existing governance structure and the representation of member agencies on the Metropolitan Water District Board of Directors.

WATER TRANSFERS

It is MWDOC's policy to support legislation that:

- 1) Encourages and facilitates voluntary water transfers.
- 2) Provides appropriate protection or mitigation for impacts on the environment, aquifers, water-rights holders and third- parties to the transfer including those with interests in the facilities being used.
- 3) Legislation that encourages transfers which augment existing water supplies, especially in dry years.

It is MWDOC's policy to oppose legislation that:

- 1) Undermines the operations and maintenance of the conveyance system.
- 2) Interferes with the financial integrity of a water utility and compromises water quality.

3) *Increases regulatory or procedural barriers to water transfers at the local or state level.*

WATER INFRASTRUCTURE FINANCING

It is MWDOC's policy to support legislation that:

- 1) Employs a "beneficiary pays" principle that establishes a clear nexus between the cost paid to the direct benefit received. Likewise, those who do not benefit from a particular project or program should not be required to pay for them.
- 2) Establishes grants or other funding opportunities for local and regional water infrastructure projects.
- 3) Considers local investments made in infrastructure, programs, mitigation and restoration in determining appropriate cost shares for water infrastructure investments.
- 4) *Would reduce the cost of financing water infrastructure planning and construction, such as tax-credit financing, tax-exempt municipal bonds, Water Resources Development Act (WRDA), Water Infrastructure Finance Innovation Act (WIFIA), the Environmental Infrastructure Accounts and other funding mechanisms.*

It is MWDOC's policy to oppose legislation that:

- 1) Establishes a fee or tax that does not result in a clear benefit to the District, its member agencies, and their customers.

ENERGY

It is MWDOC's policy to support legislation that:

- 4) Facilitates the development and expansion of clean, renewable energy in California, including hydropower.
- 2) *Supports water supply reliability as the primary focus of water agencies and energy intensity of water supplies as a secondary factor.*
- 3) *Recognizes the role and value of the water industry investment in water use efficiency and therefore recognizes WUE efforts towards greenhouse gas reduction, including funding such activities.*
- 2) 4) Recognizes hydroelectric power as a clean, renewable energy source and that its generation and use meets the greenhouse gas emission reduction compliance requirements called for in the Global Warming Solutions Act of 2006 (AB 32).

It is MWDOC's policy to oppose legislation that:

- 1) Grants preferential consideration to certain types of clean, renewable energy projects over others, resulting in those preferred projects receiving advantages for state funding, project permitting, and regulatory compliance.

FISCAL POLICY

It is MWDOC's policy to support legislation that:

- 1) Requires the federal and state governments to provide a subvention to reimburse local governments for all mandated costs or regulatory actions.

It is MWDOC's policy to oppose legislation that:

- 1) Is inconsistent with the District's current investment policies and practices.
- 2) Pre-empts the District's ability to impose or change water rates, fees, or assessments.
- 3) Impairs the District's ability to maintain levels of reserve funds that it deems necessary and appropriate.
- 4) Impairs the District's ability to provide services to its member agencies and ensure full cost recovery.
- 5) Makes any unilateral reallocation of District revenues, or those of its member agencies, by the state unless the state takes compensatory measures to restore those funds.
- 6) *Would impose mandated costs or regulatory constraints on the District or its member agencies without reimbursement.*

GOVERNANCE

It is MWDOC's policy to support legislation that:

- 1) Advances good government practices and public transparency measures in a manner that do not take a "one-size fits all" approach, respects local government control, and facilitates technological efficiencies to meet state reporting and disclosure requirements.

It is MWDOC's policy to oppose legislation that:

- 1) Advances local government reform measures by imposing unnecessarily broad burdens upon all local governments, particularly when there is no demonstration of rampant and wide-spread violations of the public trust.
- 2) Shifts state programs, responsibilities and costs to local governments without funding to support the shift.
- 3) Seeks to limit or rescind local control.

- 4) *Reduces or diminishes the authority of the District to govern its affairs.*
- 5) Imposes new costs on the District and the ratepayers absent a clear and necessary benefit.
- 6) Resolves state budget shortfalls through shifts in the allocation of property tax revenue or through fees for which there is no direct nexus to benefits received.

PUBLIC EMPLOYEE PENSION REFORM

It is MWDOC's policy to support legislation that:

- 1) Seeks to contain or reform public employee pension and other post-employment benefit (OPEB) cost obligations that are borne by public agencies via taxpayers and ratepayers.

GENERAL MANAGER'S REPORT OF STAFF ACTIVITIES DECEMBER 2014

Managers' Meeting	<p>MWDOC held its Member Agency Managers' meeting in Fountain Valley on Thursday, November 20. In attendance were Eric Bauman and Keith Van Der Maaten (San Juan Capistrano); Andy Brunhart (SCWD); Mike Grisso (Buena Park); Renae Hinchey (LBCWD); Jerry Vilander (SWD); Lisa Ohlund (EOCWD); Joone Lopez and Matt Collings (MNWD); Nabil Saba (Santa Ana); Paul Shoenberger and Phil Lauri (Mesa); Art Valenzuela (Tustin); George Murdoch (Newport Beach); Mike Dunbar (EBSD); Dan Ferons (SMWD); Dave Rebensdorf (San Clemente); Mark Sprague (Fountain Valley); Ken Vecchiarelli (GSWC); Scott Miller (Westminster); Betsy Eglash (Brady & Assoc.); Hector Ruiz (TCWD); Dan Rodrigo (CDM Smith); Brian Ragland (Huntington Beach); Marc Marcantonio and Steve Conklin (YLWD); Paul Cook (IRWD); Mike Markus (OCWD); and Karl Seckel; Harvey De La Torre; Darcy Burke; Joe Berg; Kevin Hostert; Keith Lyon; Kelly Hubbard; Richard Bell and myself of staff.</p> <p>The agenda included the following:</p> <ol style="list-style-type: none"> 1. MET's Water Supply Allocation Plan (WSAP) 2. Schedule for Workgroup meetings on MWDOC's WSAP 3. Turf Removal Program update 4. State Water Board Emergency Drought Water Usage Report update 5. MET Purchase Orders 6. Rolling Thunder WEROC Exercise Report <p>The next meeting is scheduled for December 18, 2014.</p>
AARO Annual Meeting & Retreat	<p>In Austin on November 17, I presented <i>Atlanta: Conservation Wasn't Enough</i>, one part of the two-part <i>A Tale of Two Thirsty Cities: Las Vegas and Atlanta</i>, at the Annual Meeting & Retreat of the Austin Area Research Organization, Inc. (AARO). Patricia Mulroy, former General Manager of Southern Nevada Water Authority, presented the second part, <i>Las Vegas: Don't Gamble with your Water</i>.</p>
ACWA 2014 Fall Conference	<p>In San Diego, Directors Susan Hinman, Jeffery Thomas, Larry Dick, Sat Tamaribuchi, Wayne Osborne, MET Director Linda Ackerman, and Karl, Harvey, Heather and I attended the conference.</p>

MET ITEMS CRITICAL TO ORANGE COUNTY

MET's Water Supply Conditions	<p><u>Updating MET's Water Supply Allocation Plan (WSAP)</u></p> <p>The MET Board approved four revisions to the Water Supply Allocation Plan. They included:</p> <ul style="list-style-type: none"> • Updating the Base Period from Calendar Year 2004-06 to Fiscal Years ending 2013 and 2014 • Updating the Conservation Demand Hardening Credit to a method based on member agency per capita water use reduction with consideration for the early enforcement of mandatory conservation ordinance and requirements • Including a separate allocation for drought-impacted groundwater basins • Replacing the current penalty rates with an Allocation Surcharge based on marginal water conservation program costs <p>Although there was much discussion on the separate allocation for groundwater basins, most of the MET directors understood the importance of groundwater basins to the region and the regional benefits they provide during an allocation.</p> <p>Depending on the rainfall and State Water Project Table "A" allocation, MET will evaluate its water supplies and determine whether they plan to implement the WSAP in early 2015.</p>
MET's Finance and Rate Issues	<p><u>MET Financial Report</u></p> <p>At MET's Finance and Insurance Committee, staff reported that MET's water deliveries through November were 47,000 AF higher than budgeted. This results in water sales generating \$28 million higher than budgeted estimates. In January, MET staff plans to provide a six month review and show projections for the year.</p>
Colorado River Issues	<p><u>Proposals Received for System Conservation Agreement</u></p> <p>In early October, the Bureau of Reclamation (USBR) sent letters to users of Colorado River water in the Lower Basin requesting water conservation proposals that could be funded through the Colorado River System Conservation Agreement. Proposals were due in late November, and the USBR received more than a dozen proposals that came from the Lower Basin states. The total amount of funding available under this program in the Lower Basin is \$8.25 million. Funding for the projects will be provided by the USBR, Southern</p>

Colorado River Issues (Continued)	<p>Nevada Water Authority, Central Arizona Project, Denver Water, and MET. Staff from each of the funding agencies will evaluate the various proposals to determine what additional information might be needed and eventually determine which ones to pursue. It is hoped that the selected proposals will begin conserving water in early 2015. All water conserved under this agreement would remain in Lake Mead as system water for the benefit of all users of Colorado River water. USBR would issue a first-ever shortage declaration for the Colorado River.</p>
	<p><u>Imperial Irrigation District Files Water Right Modification Petition with State Water Board</u></p> <p>On November 18, Imperial Irrigation District (IID) filed a petition with the State Water Resources Control Board to modify Water Rights Order 2002-0013, which gave approval for the transfer of water from IID to San Diego County Water Authority and Coachella Valley Water District. The existing Water Rights Order is conditioned in part on the requirement for IID to fallow land to create conserved water to be delivered to the Salton Sea on an annual schedule to offset the reduction in agricultural drainage flowing into the Sea resulting from the transfers. These Salton Sea mitigation deliveries are to continue from 2003 through 2017, which was considered to be sufficient time for the state of California to study whether restoration of the Salton Sea is feasible and to develop and implement a restoration plan. In its petition, IID notes that the state has done little toward developing a restoration plan, and asserts that without such a plan in place, the residents of the Imperial Valley face increased dust exposure due to the seabed that will become exposed as the Sea begins to recede in 2018. IID's petition also cites a recent report by the Pacific Institute that estimates that inaction at the Salton Sea could cost up to \$70 billion over the life of the transfers. IID seeks to have the State Board require the Quantification Settlement Agreement parties, to meet with the state of California and other stakeholders to work together to identify a feasible restoration plan and funding mechanism that would address primarily air quality and habitat development on the shoreline. The petition further seeks to condition the continuation of transfers under the Water Rights Order on the state implementing a restoration plan for the Salton Sea. Metropolitan staff is reviewing the petition and will provide a more detailed report to the MET Board at a future meeting.</p>
Bay Delta/State Water Project Issues	<p><u>Bay Delta Conservation Plan</u></p> <p>On November 14, the California State Treasurer's Office released <i>The Bay Delta Conveyance Facility: Affordability and Financing Considerations</i>, a study of affordability for the water facility construction proposed in the Bay Delta Conservation Plan (BDGP). This independent study, requested by the California Natural Resources Agency, was commissioned by the</p>

Bay Delta/State Water Project Issues (Continued)	<p>California Debt and Investment Advisory Commission, chaired by State Treasurer, Bill Lockyer. The study finds that the cost of the Delta conveyance facility is within the range of urban and agricultural users' capacity to pay.</p> <p>The California Department of Water Resources (DWR) continues to work on addressing the comments received during the public comment period on the Draft BDCP and Draft Environmental Impact Report/ Environmental Impact Statement. Part of this process involves identifying topics that should be covered in the expected Recirculated Draft documents. No formal decision on the scope or timing of the recirculation has been announced.</p> <p><u>State Water Resources Control Board (SWRCB)</u></p> <p>MET continues to participate in the State Water Resources Control Board's (SWRCB) process to curtail water use of post-1914 water right holders in the Delta and Sacramento and San Joaquin River watersheds in response to ongoing drought conditions. On November 12, the SWRCB lifted water right curtailments for post-1914 water rights with a priority date earlier than January 1954. The rationale provided for this action was based on reduced diversion demands and the switch in diversion demand from direct diversion to storage. The SWRCB will be monitoring weather forecasts and stream gages to determine if curtailments should be re-imposed in the future, or if lifting of remaining curtailments is appropriate.</p> <p>MET also continues to work with state and federal water contractors to consider actions that would be needed to protect the projects' stored water. Several efforts are underway to evaluate key legal and technical arguments raised by various interests in letters filed with the SWRCB in August 2014. Initial results from the technical analyses are targeted for completion in December 2014.</p>
ENGINEERING & PLANNING	
Baker Treatment Plant	<p>MWDOC has been asked to help secure MET's concurrence on the quality of water being introduced into the South County Pipeline. MWDOC and MET have exchanged agreements and continue working on this issue. It is important to get it wrapped up by the end of the year to allow the actual construction tie-in of the new pipeline to the South County Pipeline to be made during a February 2015 shutdown.</p>

Doheny Desalination Project	Work is continuing on the Foundational Action Program Studies for both the Doheny Desal and the SJBA. It is expected that the new information developed will provide an impetus for the project to move forward.
Poseidon Resources Ocean Desalination Project	MWDOC staff prepared a response to the DRAFT Clean Energy Capital (CEC) Report on the Poseidon Huntington Beach Project. OCWD held a joint meeting of its Board and the Groundwater Producers on December 10 at 8:00 am on the CEC Report.
Orange County Water Reliability Study	Kick-off meetings have been held with MWDOC, OCWD and the full Workgroup. On November 26, the kick-off meeting with MET occurred to determine what level of information will be provided by MET with respect to modeling of the SWP, CRA and supplies from MET's various storage accounts.
South Orange County IRWMP Management Group	<p>Karl participated in the South Orange County IRWMP Management Group. The Management Group requested the various workgroups convene meetings to discuss the prioritization of:</p> <ul style="list-style-type: none"> • Water supplies, including recycled supplies, stormwater capture and groundwater quality • Flood • Water Use Efficiency • Watershed Management • Water Quality <p>Karl convened the Water Supply Group. Each group met and reported to the full Management Group on December 1.</p>
Water-Energy Team Program Advisory Group	Karl participated in the Water-Energy Team Program Advisory Group meeting in November. This effort was initiated based upon the shutdown of SONGS to ensure that cooperative efforts between the energy and water groups occurred on operations, coordination, outreach, efficiency and reliability (water and energy). The meeting included a review of discussions and updates from past meetings, a review of the 2014 Annual Report for the group prepared by SCE, an update on the energy outlook and rate cases before the PUC and a discussion on the drought issues from around the table. The group will continue to work together. The collective input from the group has improved the work by SCE on energy efficiency and resulted in a greater offering of programs by SCE and has afforded them a better understanding of water operations and the cost of energy in the business of providing water. I was able to share with the group the prior work MWDOC had initiated with the South Coast Air Quality Management District related to energy shortages along with some of the corollary information being developed towards the Orange County Water Reliability Study. The next meeting of the group will be in February 2015.

Poseidon/OCWD	Recent meetings with MET and what is needed with respect to the integration of the Poseidon Water into the OC water system were discussed when Karl and Keith hosted Scott Maloni and Jodie McKinley (Poseidon) and John Kennedy (OCWD).
NWRI Clark Prize Conference	<p>Karl and Richard attended the 2014 National Water Resources Institute (NWRI) Clark Prize Conference where a number of presentations were made on research and innovations in Urban Water Sustainability. Discussions were held on:</p> <ul style="list-style-type: none"> • Research involving continuous monitoring of pathogens and chemical risk that will ultimately help move Direct Potable Reuse forward • Impacts of agricultural and farm practices on receiving waters resulting in depressed oxygen levels • IEUA master planning issues related to water supply reliability and sustainability • Multi-drug resistant “super bugs” in wastewater systems and the concern for water recycling and direct potable reuse • Forward osmosis and associated issues in high saline water such as fracking water and in zero liquid discharge types of applications for wastewater or brackish water treatment • Nano materials in the environment • Energy-Water Nexus and the ability to generate energy based on constituent gradients in the water <p>The event is a wonderful opportunity to hear about research and innovation toward meeting our future needs.</p>
MET Courtyard Dedication	Director Susan Hinman, Karl, and Pat Meszaros attended the ceremony at MET for the dedication of the Courtyard in honor of Jack Foley, former MET Chair and MWDOC representative on the MET Board. MWDOC's four MET Directors (Ackerman, Barbre, Dick, and McKenney) were also in attendance. Mary Jane Foley, Jack's son John, and Jeff Kightlinger spoke at the ceremony.
OCWD Producers	The December Producers' meeting was combined with the Water Issues Committee meeting as a joint OCWD Board and Groundwater Producers' workshop to discuss the revised Clean Energy Capital Financial Report about the Poseidon Huntington Beach Ocean Desalination Project. MWDOC staff that attended included Karl, Keith, Richard and Kevin. Karl responded to a few questions from the Board to provide clarification about imported water issues and MWDOC's work related to the LRP application that was submitted to MET for the Poseidon Project.

Groundwater Recharge Flow through OC-28	On November 21, Karl and Keith participated in a phone conference with Jim Green and Brent Yamasaki from MET and the decision was made to continue a 100 cfs flow through connection OC-28 to deliver untreated Full service water for recharging the basin. However, OCWD elected to turn off the connection on December 1 due to significant runoff received from the rainstorm. OCWD was able to capture about 10,000 AF of runoff from the storms. As of December 1, OCWD has purchased about 63,000 AF of MET untreated Full service water during CY2014 for recharging the basin. It will take some time for OCWD to capture the runoff water stored behind Prado Dam, and another rain storm is forecast for December 19.
MWDOC Drought Allocation Workshop	Joe, Keith, Harvey and I attended the initial meeting of the MWDOC Drought Allocation Workgroup on December 9. Representatives from 13 MWDOC Member Agencies participated in the meeting. Harvey reviewed revisions to MET's Drought Allocation Plan, and potential methods for implementation within MWDOC's Drought Allocation Plan were discussed. A make-up meeting is scheduled for December 15 to review the same material for agencies that were not able to attend the December 9 meeting. Details and additional discussion will be the focus of the second workshop scheduled for December 18.
EMERGENCY PREPAREDNESS	
General Activities	<p>Kelly Hubbard attended the California Emergency Services Association, State Board Meeting on November 11, 2014 via conference call. She is the incoming State Board Treasurer for 2015.</p> <p>Kelly provided a short presentation to the Industrial Environmental Coalition of Orange County (IECOC). IECOC is a professional association that provides monthly programs supporting the Compliance, Environmental Health and Safety community. Her presentation provided the group with an overview of water preparedness and response in Orange County. A representative of the City of Irvine also spoke about City preparedness.</p>
Member Agency Coordination	Ongoing – Joint Met/WEROC Exercise – WEROC hosted the Rolling Thunder Exercise at the WEROC South Emergency Operations Center on November 5. An After Action/ Corrective Action Report has been included in the MWDOC Planning and Operations agenda for Board review. Kelly shared a preliminary version of this report at the WEROC Quarterly meeting and the MWDOC Member Agency Managers' meeting. Both groups will receive the final report via email.

Member Agency Coordination (Continued)	<p>Darcy, Jessica, and Lisa Parson participated in a Virtual Joint Information Center Training that the County Operational Area hosted to prepare exercise participants for joint information communications during the exercise. MET and several MWDOC member agencies attended as well.</p> <p>Lisa and Kelly participated in MET's Exercise/Simulation Team After Action meeting via conference call. Participants provided the MET Emergency Management staff with feedback on the planning process, the exercise and disaster response protocols. It appears that MET had a great exercise overall and a lot of great lessons learned.</p> <p>The WEROC Quarterly Emergency Coordinators meeting was held on Monday, November 17. The Orange County Intelligence Assessment Center (OCIAC) sent two staff to provide a presentation on SCADA and IT security for water utilities. They provided information on the type of threats being observed against utilities, as well as resources for assessing an agency's security and threats. Additionally, attendees participated in an After-Action discussion for the Rolling Thunder Exercise. This discussion was very beneficial for all in regards to response and communications protocols.</p> <p>Lisa and Kelly received a tour of the Emerald Bay Services District (EBSB) and an update on their emergency response program. EBSB has a robust Community Emergency Response Team (CERT) program.</p>
Coordination with the County of Orange	<p>Kelly and Lisa attended the Orange County Emergency Management Organization (OCOMO) monthly meeting at the City of Brea. Dr. Cheung from the Orange County Health Care Agency provided a presentation on Ebola and US response protocols. She emphasized the greater probability of being infected from Influenza and the importance of vaccination.</p> <p>Kelly attended the quarterly Orange County Drought Task Force. The task force is working on response protocols if the drought were to become a prolonged response and more of an emergency within Orange County. The task force is looking at how to define what are drought trigger points within Orange County that would make it an emergency response concept, and not just a water utility operations and public information campaign. The Operational Area (OA), in coordination with WEROC and the task force, has developed a monthly reporting format to send to the State Office of Emergency Services. WEROC and MWDOC staff will contribute efforts and actions being taken in OC to that report.</p>

Coordination with the County of Orange (Continued)	<p>Kelly attended the County Emergency Management Council and OA Executive Board meeting on November 12 as the voting representative of the Independent Special Districts of Orange County. The group received a presentation on the Silverado Canyon Fire (September 2014) and the resulting Debris Flow Plan for the canyons due to this burn area. The canyon area is highly susceptible to mud flows if it rains intensely for short periods of time. The OA will be sharing a GIS map of the potential debris flow area for Irvine Ranch Water District to assess any potential impacts to their system and, therefore, water supply. Updates were also provided about the County's preparedness actions, exercises that the county participated in, an update on the San Onofre Nuclear Generation Station (SONGS) decommissioning, and the OCIAC Terrorism Update. Lastly, the group approved updates to the Operational Area Weapons of Mass Destruction Annex and the Joint Information System Annex.</p>
Coordination with Outside Agencies	<p>Ongoing: Kelly was asked to join the California Office of Emergency Services Southern Region Drought Conference Calls as the Region 1 Mutual Aid Coordinator for the California Water and Wastewater Agency Response Network (CalWARN). This is now a bi-weekly conference call to provide an update to the Southern Region and the State Operations Center (SOC) on drought impacts, activities and needs. The conference calls are serving as a way to share methods for assisting this group within the southern region.</p> <p>Kelly participated in the Cal WARN State Steering Committee conference call. Cal WARN has been asked to provide 4 breakout session presentations for the upcoming AWWA ACE Conference in Anaheim this spring. Kelly will be presenting in several of these sessions. There is also an ongoing effort to create a better Standard Operating Procedure for the Cal WARN agreement signature process, including the keeping of the documents and updating of the website. This has been an ongoing process which was complicated by a new website for the organization. The group is close to finishing this effort which will result in water and wastewater utilities being able to coordinate mutual aid statewide in a much more efficient manner.</p>
WEROC Emergency Operations Center (EOC) Readiness	<p>The radio test for MARS and WEROC corresponded with the EOC exercise for the month of November.</p> <p>Lisa continues to assist WEROC EOC staff, member agency staff and coordinating partners in the process of downloading the In Case of Crisis phone application. This application for smartphones is a very efficient method for keeping plans and contacts updated and available to all volunteers. She is also working on incorporating comments and suggestions as people start to use the application and feedback from the exercise.</p>

WATER USE EFFICIENCY	
CUWCC	<p>On November 12 and 13, Joe Berg participated in the quarterly California Urban Water Conservation Council (CUWCC) Board Meeting and annual Strategic Planning Workshop in Sacramento. The Board Meeting focused on general business and the Strategic Planning Workshop focused on:</p> <ul style="list-style-type: none"> • Addressing Three Fundamental Council Challenges • New Potential Directions for a more Relevant and Effective Council • Board Guidance on Future Council Water Savings Actions; and • Board Guidance on New Potential Directions for a More Relevant and Effective Council <p>The next meeting is set for February 25 and will be hosted by MWDOC.</p>
County of Orange, Public Works	<p>On November 18, Joe met with Don Ries from the County of Orange, Public Works. Don manages all utilities provided to County facilities. The discussion focused on Water Use Efficiency Programs available to the County. Don will bring the information provided back to the County's Drought Task Force and will begin organizing projects to access our incentive programs.</p>
MET's Water Use Efficiency Meeting	<p>On November 20, Beth Fahl participated in Metropolitan's monthly Water Use Efficiency meeting. Approximately 40 member and sub-agency representatives attended the meeting. Agenda items included:</p> <ul style="list-style-type: none"> • Conservation Program Board Update • Turf Talk • Media and Outreach • Water Supply Update • Water Savings Incentive Program • Member Agency Roundtable • MWD Program Updates <p>The next meeting is scheduled for December 18, 2014 at Metropolitan.</p>
CSUF Geography Club	<p>On November 21, Joe presented as a Key-Note Panelist at the All Points of the Compass, 18th Annual Cal State Fullerton Geography Club annual conference, "California Water: Past, Present and Future." Fellow panelists included Dave Carle, author, and William Hunt of OCWD. The conference was well attended by more than 120 CSUF students and professors, as well as students from surrounding community colleges.</p>

South OC Integrated Watershed Management Area	<p>On November 24, Joe convened a small ad hoc committee of local stakeholders to brainstorm short-term and long-term water use efficiency program ideas for the management area. Topics focused on landscape and utility operations. Ideas compiled at this meeting were then presented to the Management Committee on December 1. The Management Committee was generally supportive of the projects identified and requested that the landscape projects be consolidated into one program proposal. Discussion on utility operations-type projects focused on the eligibility of these projects for grant funding or if these projects were the responsibility of individual agencies as part of general operations and maintenance. It was explained that some of these projects could be eligible for funding and others could benefit from economies of scale through agencies working together with common consultants and vendors acquired via joint requests for proposals. Ultimately, these projects will be presented to the Executive Committee and included in an updated IRWM project list.</p>
Orange County Water Use Efficiency Coordinators Workgroup	<p>On December 4, Joe, Beth, Sergio Ramirez, and Jessica Ouwerkerk attended the OC Water Use Efficiency Coordinators' Workgroup meeting. The meeting was hosted by the City of Anaheim, and approximately 18 agencies participated. Highlights on the agenda included:</p> <ul style="list-style-type: none"> • MWDOC Updates <ul style="list-style-type: none"> ○ Allocations • Agency Roundtable <ul style="list-style-type: none"> ○ Agency Drought Response Update • Problem Solving Roundtable • Public Affairs/Marketing Update <ul style="list-style-type: none"> ○ Drought Messaging ○ Public Affairs/WUE Marketing • Metropolitan Update <ul style="list-style-type: none"> ○ MET December Board Letter ○ Turf Removal Program Proposed Changes ○ California Friendly Landscape Training Program Update ○ Large Landscape Audit Program Update ○ Media/Outreach Campaign Update ○ Water Savings Incentive Program Update • Water Use Efficiency Programs Update <ul style="list-style-type: none"> ○ Choice Discussion for Next Year's Programs ○ Turf Removal Program ○ Smart Timer Program ○ California Sprinkler Adjustment Notification System • California Urban Conservation Council <p>The next meeting is scheduled for February 5, 2015 and will be hosted by the City of Santa Ana.</p>

PUBLIC/GOVERNMENT AFFAIRS

Member Agency Relations

Darcy and Tiffany continue to work with MET on this year's inspection trip season. Darcy has scheduled a meeting with the Jet Propulsion Laboratory staff, Tiffany and MET staff to prepare for an inspection trip of their facilities for WACO. The trip is currently being re-scheduled for early next year and will be part of Director Dick's Weymouth Tour.

Tiffany and Bryce created electronic and print materials for Director Barbre's CRA trip scheduled for January 23 and 24, and Director McKenney's State Water Project trip scheduled for February 20 and 21. Tiffany is currently working with Director McKenney and Director Barbre on itinerary options, and has been accepting reservations, guest and Director needs for these two trips, as well as for Director Ackerman's Colorado River Aqueduct inspection trip scheduled for February 7 and 8.

Tiffany and Heather Baez accompanied Director Barbre on a Colorado River Aqueduct Trip December 5, 6 and 7.

Darcy hosted three Public Affairs Workgroup meetings. The first was in coordination with Heather Baez and the Legislative Coordinators' group; this joint meeting occurs three to four times a year and Townsend Public Affairs provides lunch for the group. The other two were focused on drought messaging as we move to allocations and the kick off meeting for the Value of Water (VOW) Choice Program. Darcy, Tiffany, Heather and Bryce participated in the Legislative Coordinators workgroup; Darcy, Jessica, Tiffany and Sarah participated in the drought messaging and VOW workgroups.

Tiffany is continuing to work with Immersiv Media on the initial development phase of the OC Water Hero Program phone app.

Heather met with Jim Leach from SMWD to review legislative priorities and discuss how our agencies can continue to work together.

Heather and Jessica staffed the ISDOC Executive Committee meeting on Dec. 9. Jessica is working to book a speaker for the January 29 Quarterly Lunch Meeting. On January 1, Heather will take over as the staff administrator for ISDOC.

Member Agency Relations	As a follow up to the Value of Water Choice Program kickoff meeting, Darcy and Jessica distributed materials to the participating agencies, including a survey to determine their priorities for various outreach materials and information to submit on their programs and activities.
Community Relations	<p>On November 13, Tiffany met with Ellen Orange-Brown and Austin Brown, Co-Founder and Project Manager with Coastkeeper, at the Coastkeeper sustainable garden. Tour options, social media content, water use efficiency efforts, and partnership opportunities were discussed.</p> <p>In San Juan Capistrano, Darcy attended the City Council meeting on December 2, 2014 and presented appreciation plaques to outgoing City Council Members, Larry Kramer and John Taylor.</p> <p>Darcy presented an overview of the findings and efforts of the Value of Water Communications plan to key staff members at the City of Orange Public Works, Community Services and water operations staff.</p> <p>On December 9, Darcy presented at the Society of Marketing Professionals, Orange County Chapter, on the drought, the water bond and other water projects.</p> <p>Tiffany, Sarah and Bryce implemented MWDOC's social media activities through Facebook, Twitter, and Pinterest during this period. Jessica and Tiffany updated several pages on the MWDOC website.
