No items were distributed.

PRESENTATION/DISCUSSION/INFORMATION ITEMS

INPUT OR QUESTIONS ON MET ISSUES FROM THE MEMBER AGENCIES/MET DIRECTOR REPORTS REGARDING MET COMMITTEE PARTICIPATION

Director Ackerman advised that November was a fairly light month at MET, but that the continuing major issues include the California WaterFix and the Drought Contingency Plan.

Director McKenney highlighted MET’s Conservation & Local Resources Committee’s discussion regarding high technology tools (aerial imagery) for irrigation.

Director Dick noted that the Board elected its Board Secretary, Leticia Vasquez-Wilson (Central Basin Municipal Water District).

President Barbre highlighted activities relating to the California WaterFix and the Delta Stewardship Council.

WATER SUPPLY UPDATE

MWDOC Water Resources Analyst, Kevin Hostert, provided a presentation on the U.S. drought monitor, climate outlook, Santa Ana precipitation statistics, northern California Accumulated precipitation, storage level data throughout the state, the State Water ProjectTable A allocations (currently at 10%), and MET estimated storage levels.

Following the presentation, the Board received and filed the report as presented.
DISCUSSION OF A METROPOLITAN IN-LIEU DELIVERY PROGRAM

Associate General Manager Harvey De La Torre provided an overview on MET’s potential In-Lieu Delivery Program, noting such a program would provide operational flexibility to maximize storage during surplus conditions, provide opportunities to enhance groundwater basin levels, and add to MET’s multiple storage programs.

Mr. De La Torre’s presentation included information on the Cyclic Storage Program (including a summary of water deliveries), an overview of the 2017 water year, and an overview of the 2017-18 Limited-Term In-Lieu Program. He highlighted the main terms of proposed In-Lieu Deliver Program which include (1) provides the General Manager the authority to enter into agreements, (2) member agencies would accept supplies in addition to base deliveries, (3) supplies would be purchased within five years at full service untreated rate on an agreed upon schedule, and (4) would include certifications/reconciliations. Mr. De La Torre concluded his presentation with an overview of the financial terms (credit up to $225/af, member agency would be billed treatment surcharge, credit and reconciliation terms, and member agency pays full service rate on a defined schedule).

Discussion ensued following the presentation, with specific emphasis on surface storage (in addition to groundwater storage), the importance of such a program, and how the MET member agencies feel about the program (positive feedback).

The Board received and filed the report as presented.

CALIFORNIA WATERFIX ACTIVITIES UPDATE

Sr. Water Resources Analyst Melissa Baum-Haley updated the Board on the status of the State Resources Control Board and Delta Stewardship Council activities, noting that Governor-Elect Newsom, along with Governor Brown requested a postponement of the Bay Delta Water Quality Control Plan (to December 12th).

The Board received and filed the staff report without any discussion.
