

CALLING ALL ORANGE COUNTY ELEMENTARY SCHOOL TEACHERS!

Free Water Education Program For Grades 3-6

Offered by the Municipal Water District of Orange County and participating Orange County water providers.

- ✓ Supports California content standards and curriculum frameworks

Through interactive, grade-specific remote assemblies, students are **engaged** in live, online lessons that emphasize the **value and importance of water**.

- ✓ Includes hands-on activities from creating a self-sustaining ecosystem to building a 3-D map of the California Aqueduct

Assembly Topics :

- 💧 **3rd Grade:** Local climate, health of ecosystems, and the necessity of water to all living things
- 💧 **4th Grade:** Local water resources, and how humans affect, depend on, and benefit from water
- 💧 **5th Grade:** Water supply, water cycle, and ways to be water efficient
- 💧 **6th Grade:** Humans, weather, and other natural cycles affect the health of ecosystems
