## Overview

The Water Emergency Response Organization of Orange County (WEROC) and the Municipal Water District of Orange County (MWDOC) are seeking proposals from experienced consultants to provide professional consulting services for the update of the 2012 Orange County Regional Water & Wastewater Multi-jurisdictional Hazard Mitigation Plan (HMP) for MWDOC and 19 participating agencies within WEROC.

### I. Description of the Municipal Water District of Orange County

MWDOC is a wholesale water supplier and resource planning agency. Our efforts focus on sound planning and appropriate investments in water supply development, water use efficiency, water education, public information, legislative advocacy, and emergency preparedness. MWDOC's service area includes all of Orange County, with the exception of the cities of Anaheim, Fullerton, and Santa Ana. We serve Orange County through twenty-eight (28) water providers comprised of cities, water districts, and investor owned utilities, known as participating agencies. Within Orange County, local water supplies meet nearly half of our demand. To meet the remaining demand, MWDOC purchases imported water from the Metropolitan Water District of Southern California (MET). These supplies come from northern California and the Colorado River. MWDOC delivers this water to its 28 participating agencies, which provide retail water services to the public. MWDOC is governed by a seven-member Board of Directors. The public elects each director to represent a specific portion of Orange County. MWDOC appoints four additional directors to represent the interests of Orange County on the Board of Directors of the Metropolitan Water District of Southern California.

WEROC which is administered by MWDOC, coordinates emergency response and mutual aid planning for all Orange County water and wastewater agencies (36 agencies) including Anaheim, Fullerton, and Santa Ana. WEROC provides its participating agencies and volunteer staff with planning support, emergency preparedness and response training. In the event of a major emergency affecting Orange County, these volunteers would mobilize at the WEROC emergency operations centers to coordinate response. WEROC works closely with the County of Orange, Orange County Fire Authority, California State Water Resource Control Board Division of Drinking Water, and other entities to ensure a holistic approach and a well-coordinated emergency response.

### II. Project Description

The MWDOC will be the lead agency in the coordination and update to the 2012 HMP. Currently, the 2012 HMP has a set of annexes to address issues, goals, objectives, capabilities, assets, and mitigation measures of each participating agency. During the

HMP update process, the consultant shall facilitate a process for each participating agency (15) to update the agency specific annexes. The consultant will work with MWDOC and the participating agencies to update each specific annex. It should be noted that two (2) agencies are brand new to this plan and did not participate last round.

The proposed project is to conduct an update to a regional hazard mitigation assessment and consequently develop a regional hazard mitigation plan that meets the Federal Emergency Management Agency (FEMA) guidelines for approval. The goal is to update each agency's vulnerabilities and apply those to a regional concept of emergency mitigation, in order to have a regional water & wastewater utilities plan.

Currently each participating water utility has conducted security threat vulnerability assessments and have a general emergency plans that are compliant with California's Standardized Emergency Management System, the National Incident Management System, and the America's Water Infrastructure Act (AWIA) of 2018.

QUESTION SUBMISSION DEADLINE: Monday, February 26, 2024

## Scope of Work

### 1 INTRODUCTION

This RFP was prepared in anticipation of possible support required for the five-year update of its Local Hazard Mitigation Plan (LHMP) and recertification of its Risk and Resilience Assessments (RRAs) and Emergency Response Plans (ERPs) in accordance with America's Water Infrastructure Act (AWIA) of 2018.

The Orange County Regional Water and Wastewater LHMP is due to start in August 2024, which aligns with the recommended start date for initiating the RRA process for water utilities serving a population greater than 100,000 residents. Federal Emergency Management Agency (FEMA) LHMP requirements were updated in 2023 and must be incorporated into the 2024 LHMP update. MWDOC has an opportunity to leverage a contractor to use the AWIA data to enhance, while incorporating the RRA end data to support the risk requirements of the LHMP. The end should hopefully meet the new FEMA requirements for the 2024 LHMP updates (refer to the CalOES HMP crosswalk dated 2023 highlighted in **Section 3, Task #1 - LHMP Update.**) The American Water Works Association's standard for the RRA process, the J100-10, was also updated in 2023 to the J100-21. The changes in threat analysis are outlined in **Section 3** of this document under

#### **Task #2 – AWIA Process Part 1: RRA Updates.**

In an effort to minimize impacts for MWDOC/WEROC staff and participating agencies, it is recommended to use a streamlined, collaborative approach by leveraging data calls that would be used for updating both the LHMP and RRA analysis. Additionally, data collected for MWDOC (participating agencies) during the 2019 LHMP and 2020-2021 RRAs will be used as a base for the new documents to further streamline and reduce the effort required by MWDOC member agencies.

MWDOC/WEROC will be seeking an experienced contractor/consultant who is positioned and ready to provide a succinct plan that will assist MWDOC, member agencies, and adjacent utilities with ensuring regulatory compliance.

The LHMP, RRA, and ERP processes have corresponding technical requirements that should be consistent across each planning effort. The following matrix illustrates how information can be shared across the multiple required regulatory plans.

## 2 CONTRACTOR/AGENCY MINIMUM QUALIFICATIONS

MWDOC/WEROC will be pursuing an agency with at least 12+ years of experience with a working knowledge in water systems, emergency management and mitigation actions for water and wastewater systems. Additionally, the agency must have experience with the development of a regional, multi-agency document with complexities of Municipal (City Water Departments) vs. Special District Water Agencies.

Contractor needs to provide an example of a successful submittal to FEMA receiving approval of a Hazard Mitigation plan with the new 2023 standards.

Contractor needs to provide success with submitting the initial AWIA certifications cycle (2020). For this cycle both the RRA and ERP requirements managed by MWDOC may include 25 of the potable water utilities within Orange County.

## 3 PROPOSED PROJECT APPROACH

### *Task #1 – LHMP Update*

MWDOC will identify participants of the plan from the MWDOC member agencies and other potential water or wastewater participants within Orange County. To perform the LHMP prior to the due date, WERO recommends a project kickoff meeting no later than July 2024. A comprehensive workshop would be conducted in August 2024 to gather key information from project participants.. In September-October 2024, Contractor will facilitate virtual one-on-one meetings with key stakeholders in each jurisdiction to validate data, identify and request missing data, and hold RRA-specific discussions. After all data has been collected and validated, Contractor will complete the draft LHMP and jurisdiction annexes. MWDOC comments on the revised draft LHMP will be incorporated by the 2<sup>nd</sup> week of November 2024. WEROC will support plan submission to CalOES HMP Division for review first and then to FEMA for final review and approval no later than December 1<sup>st</sup> in order to meet the 90 day review process. All participating Special Districts are required to have their Board of Directors adopt and approve the plan (resolution which needs to be submitted with the plan for approval). Any city water department who developed an annex to the regional plan is welcome to participate again and be listed as a planning partner, however FEMA will not provide that agency approval, as their information needs to be included with the city's Local Hazard Mitigation Plan. Please note the current plan expires on March 9, 2025.

### *Task #2 – AWIA Process Part 1: RRA Updates*

AWIA categories potable water utilities into three tiers by population size served. RRA and ERP due dates for each tier are illustrated in **Exhibit 3-1**.

Tier Name	Population Served	RRA Certification Due Date	ERP Certification Due Date
1	≥ 100,000	March 31, 2025	September 30, 2025
2	99,999 – 50,000	December 31, 2025	June 30, 2026
3	49,999 – 3,301	June 30, 2026	December 31, 2026

Data previously collected during the 2020 and 2021 assessments will create the base of the 2025 and 2026 assessments. The RRA process will follow the American Water Works Association’s J100-21 Standard. However, due to the update of the J100 Standard that occurred in 2023, some changes will be made in comparison to the 2020 and 2021 assessments. Malevolent threats underwent a significant change with the creation of the threat (C1) – Cyber Attack, which took the place of the four previous cyber threats. The majority of threat changes occurred within the Natural Hazard Threats section with the expansion of the six previous threats into 25 threats. While not all of these threats may be analyzed based on utility locations, they will be considered for each utility. These changes are outlined in **Exhibit 3-2**.

**Exhibit 3-2. J100 Standard Update Change Matrix**

N(T) – Tornadoes	T0 – Fujita 0
	T1 – Fujita 1
	T2 – Fujita 2
	T3 – Fujita 3
	T4 – Fujita 4
	T5 – Fujita 5

	Ice Storms – I3 – Numerous Outages
	Ice Storms – I4 – Prolonged Outages
	Ice Storms – I5 – Widespread Outages
N(W) – Wildfire	W1 – Minor Wildfires
	W2 – Major Wildfires

WEROC proposes to facilitate three workshops with the selected contractor per AWIA tier (Tiers 1, 2, and 3) to review and update MWDOC/WEROC RRAs. For each tier, Workshop 1 will review assets, identify any changes that occurred in the past five years, discuss threats, and identify and prioritize threat-asset pairs. Following Workshop 1, contractor will obtain any missing data on critical assets and utility operations. Workshop 2 will include a facilitated discussion of any

changes to the utility, such as new security measures or new assets that may impact the consequence, vulnerability, and threat likelihood calculations. The utility's overall system resilience will be recalculated using the Utility Resilience Indicator (URI). Cyber security discussions will also be held during Workshop 2. Following Workshop 2, contractor will complete risk calculations and generate a draft report for the utility to review. Workshop 3 will be a facilitated, working meeting to review the final risk calculations and update the draft report by incorporating comments. Workshop 3 will also serve as the introduction for the ERP update process.

Utilities that participate in the LHMP update have an opportunity to jumpstart the RRA process. By aligning the LHMP and RRA processes, agencies can reduce the number of workshops that participants are required to attend. The collaborative approach enables utilities an opportunity to save money and time.

### *Task #3 – AWIA Process Part II: ERP Updates*

ERP development will follow FEMA's Comprehensive Preparedness Guide (CPG) 101v3 Planning Process as well as best practices and guidance published by the Environmental Protection Agency (EPA) Office of Water and AWWA Standards. To ensure that the ERP is utility-driven, this scope of work proposes two targeted workshops to review current ERP documents, identify any updates required, and review the updated document. If desired, additional ERP efforts may be elected by each utility such as the creation of additional incident annexes or the facilitation of an ERP TTX. Contractor will facilitate one-on-one meetings with key personnel at each utility, as required.

## **4 IMPLEMENTATION**

MWDOC/WEROC member agencies are distributed across all three tiers of the AWIA population categories. Through a streamlined approach, which combines the LHMP update process with the Tier 1-RRA tasks and ensures all AWIA submission deadlines are met by all three tiers of MWDOC/WEROC utilities, a three year period of performance will ensure compliance with all due dates. The proposed high-level schedule (**Exhibit 4-1**) assumes all MWDOC/WEROC utilities will participate in both the LHMP and AWIA process.

<b>ETHICS POLICY</b>	<b>§7100-§7110</b>
----------------------	--------------------

### **§7100 PURPOSE**

The policy of MWDOC is to maintain the highest standards of ethics from its Board members, officers and employees (all shall be referred to as employees for the purposes of this section). The proper operation of MWDOC requires decisions and policy to be made in the proper manner, that public office not be used for personal gain, and that all individuals associated with MWDOC remain impartial and responsible toward the public. Accordingly, all employees are expected to abide by the highest ethical standards and integrity when dealing on behalf of MWDOC with fellow Board members or employees, vendors, contractors, customers, and other members of the public.

### **§7101 RESPONSIBILITIES OF BOARD MEMBERS**

Board members are obliged to uphold the Constitution of the United States and the Constitution of the State of California and shall comply with all applicable laws regulating Board member conduct, including conflicts of interest and financial disclosure laws. No Board member or officer shall grant any special consideration, treatment, or advantage to any person or group beyond that which is available to every other person or group in the same circumstances.

### **§7102 PROPER USE OF MWDOC PROPERTY AND RESOURCES**

Except as specifically authorized, no employee shall use or remove or permit the use or removal of MWDOC property, including MWDOC vehicles, equipment, telephones, office supplies, and materials for personal convenience or profit. No employee shall require another MWDOC employee to perform services for the personal convenience or profit of another employee. Each employee must protect and properly use any MWDOC asset within his/her control, including information recorded on paper or in electronic form. Employees shall safeguard MWDOC property, equipment, monies, and assets against unauthorized use or removal, as well as from loss due to criminal act or breach of trust.

Employees are responsible for maintaining written records, including expense reports, in sufficient detail to reflect accurately and completely all transactions and expenditures made on MWDOC's behalf. Creating a document with misleading or false information is prohibited.

Motion - 1/17/96;

### **§7103 CONFLICT OF INTEREST**

All MWDOC Directors, officers, and employees at every level shall comply with the requirements of Section 1090 of the California Government Code which prohibits such persons from being financially interested in any contract made by them in their official capacity, or by any body or board of which they are members, or from being a purchaser at any sale or a vendor at any purchase made by them in their official capacity.

All Directors and employees designated under MWDOC's Conflict of Interest Code ("designated employees") and employees required to report under Chapter 7, Article 2 of the Political Reform Act (Government Code Section 7300 et seq.) shall promptly and fully comply with all requirements thereof.

MWDOC employees who are not designated employees under MWDOC's Conflict of Interest Code shall refrain from participating in, making a recommendation, or otherwise attempting to influence MWDOC's selection of a contractor, consultant, product, or source of supply if the non-designated employee, or an immediate family member, has a direct or indirect financial interest in the outcome of the selection process. No employee shall use his/her position with MWDOC in any manner for the purpose of obtaining personal favors, advantages or benefits for him/herself or an immediate family member from a person or entity doing business or seeking to do business with MWDOC. Such favors, advantages, or benefits would include, but are not limited to: 1) offers of employment; 2) free or discounted goods or services; or 3) gifts.

### **§7104 GIFTS**

No employee shall accept, directly or indirectly, any compensation, reward or gift from any source except from MWDOC, for any action related to the conduct of MWDOC business, except as set forth below:

1. Acceptance of food and refreshments of nominal value on infrequent occasions in the ordinary course of a breakfast, luncheon or dinner meeting or other meeting or on an inspection tour where the arrangements are consistent with the transaction of official business.\*
2. Acceptance of transportation, lodging, meals or refreshments, in connection with attendance at widely attended gatherings sponsored by industrial, technical or professional organizations; or in connection with attendance at public ceremonies or similar activities financed by nongovernmental sources where the employee's participation on behalf of MWDOC is the result of an invitation addressed to him or her in his/her official capacity, and the transportation, lodging, meals or refreshment accepted is related to, and is in keeping with, his/her official participation.\*
3. Acceptance of unsolicited advertising or promotional materials such as pens, pencils, note pads, calendars, or other items of nominal value.\*

4. Acceptance of plaques and commemorative mementoes, of nominal value, or of value only to the recipient, such as service pins, recognition awards, retirement mementoes.

5. Acceptance of incidental transportation from a private organization, provided it is furnished in connection with an employee's official duties and is of the type customarily provided by the private organization.

\* Nothing herein shall be deemed to relieve any Director or designated employee from reporting the value of such meals, transportation, lodging or gifts and abstaining from participation in any decision of MWDOC which could foreseeably have a material financial effect on the donor when the value of such gifts reaches the limits set forth in MWDOC's Conflict of Interest Code and the Political Reform Act.

In no event shall any employee accept gifts from any single source, the cumulative value of which exceeds the applicable gift limit under California law.

A gift or gratuity, the receipt of which is prohibited under this section, shall be returned to the donor. If return is not possible, the gift or gratuity shall be turned over to a public or charitable institution without being claimed as a charitable deduction and a report of such action, and the reasons why return was not feasible shall be made on MWDOC records. When possible, the donor also shall be informed of this action.

#### **§7106 USE OF CONFIDENTIAL INFORMATION**

Employees are prohibited from using any confidential information for personal advantage or profit.

#### **§7107 POLITICAL ACTIVITIES**

During the course and scope of their employment employees are prohibited from engaging in campaign activities associated with MWDOC Director elections, MWDOC Director appointments, the appointment of MET Directors, or from attempting to influence changes to MWDOC Division boundaries, except where such activities are expressly required in the course of official duties. Employees are otherwise free to personally, endorse, advocate, contribute to, or otherwise support any political party, candidate, or cause they may choose; however, employees are prohibited from soliciting political funds or contributions at MWDOC facilities or during the course and scope of their duties for MWDOC. In any personal political activity an employee may be involved in, it shall be made clear that the employee is acting personally and not for MWDOC. These provisions are intended to protect employees against political assessments, coerced political activities, and to prevent political activities on the part of employees from interfering with MWDOC operations. Motion – 6/17/15

### **§7108 IMPROPER ACTIVITIES**

A perceived violation of this policy by a Director should be referred to the President of the Board or the full Board of Directors for investigation, and consideration of any appropriate

action warranted. A violation of this policy may be addressed by the use of such remedies as are available by law to MWDOC, including, but not limited to: (a) adoption of a resolution expressing disapproval of the conduct of the Director who has violated this policy, (b) injunctive relief, or (c) referral of the violation to MWDOC Legal Counsel and/or the Grand Jury.

MWDOC employees who are not designated employees under MWDOC's Conflict of Interest Code shall refrain from participating in, making a recommendation, or otherwise attempting to influence MWDOC's selection of a contractor, consultant, product, or source of supply if the non-designated employee, or an immediate family member, has a direct or indirect financial interest in the outcome of the selection process. No employee shall use his/her position with MWDOC in any manner for the purpose of obtaining personal favors, advantages or benefits for him/herself or an immediate family member from a person or entity doing business or seeking to do business with MWDOC. Such favors, advantages, or benefits would include, but are not limited to: 1) offers of employment; 2) free or discounted goods or services; or 3) gifts.

### **§7104 GIFTS**

In no event shall any employee accept gifts from any single source, the cumulative value of which exceeds the applicable gift limit under California law.

A gift or gratuity, the receipt of which is prohibited under this section, shall be returned to the donor. If return is not possible, the gift or gratuity shall be turned over to a public or charitable
