

APPENDIX E: UTILITY BILL INSERT

MWDOC Multi-Jurisdictional Hazard Mitigation Plan Announcement

MWDOC and Participating Agencies have begun preparing an update to our Multi-Jurisdictional Hazard Mitigation Plan (MJHMP), a five-year strategic plan to better prepare for hazard events. The plan is being prepared by Agency staff, with support from key stakeholders and technical consultants. As part of the planning process we are seeking input from residents and businesses throughout Orange County.

Please check our website for future meetings, surveys, and online engagement opportunities.

To take our online survey and provide critical input into the planning process, please use the following address:

<https://forms.gle/RmJDAJddw4CfmrXC7>

The plan will outline a Hazard Mitigation Strategy that will provide specific policy and action recommendations to agency staff and community partners to improve how we respond to hazard events and protect ourselves from current and future hazards. Updating this plan will also ensure eligibility for grants from the Federal Emergency Management Agency (FEMA). Community participation is appreciated and is key to ensuring that residents' concerns are heard and addressed. We look forward to hearing from you!
