

MESA WATER DISTRICT – 100% LOCAL AND RELIABLE

June 18, 2205

About Mesa Water

- Governed by a publicly-elected, five-member Board of Directors
- 110,000 residents served
- 24,926 service connections
- 56 employees
- Service area includes Costa Mesa, portions of Newport Beach, unincorporated areas of Orange County and John Wayne Airport

Fiscally Responsible and Financially Strong

About Mesa Water

- Nine groundwater wells
- Three reservoirs
- 317 miles of pipeline
- 3,383 fire hydrants
- 5,138 valves
- Mesa Water Reliability Facility
- Green Acres Recycled Water

\$70M Capital Improvement Project

Pipeline Integrity Program (PIP)

Mesa Water Reliability Facility (MWRF)

Benefits of Local Water:

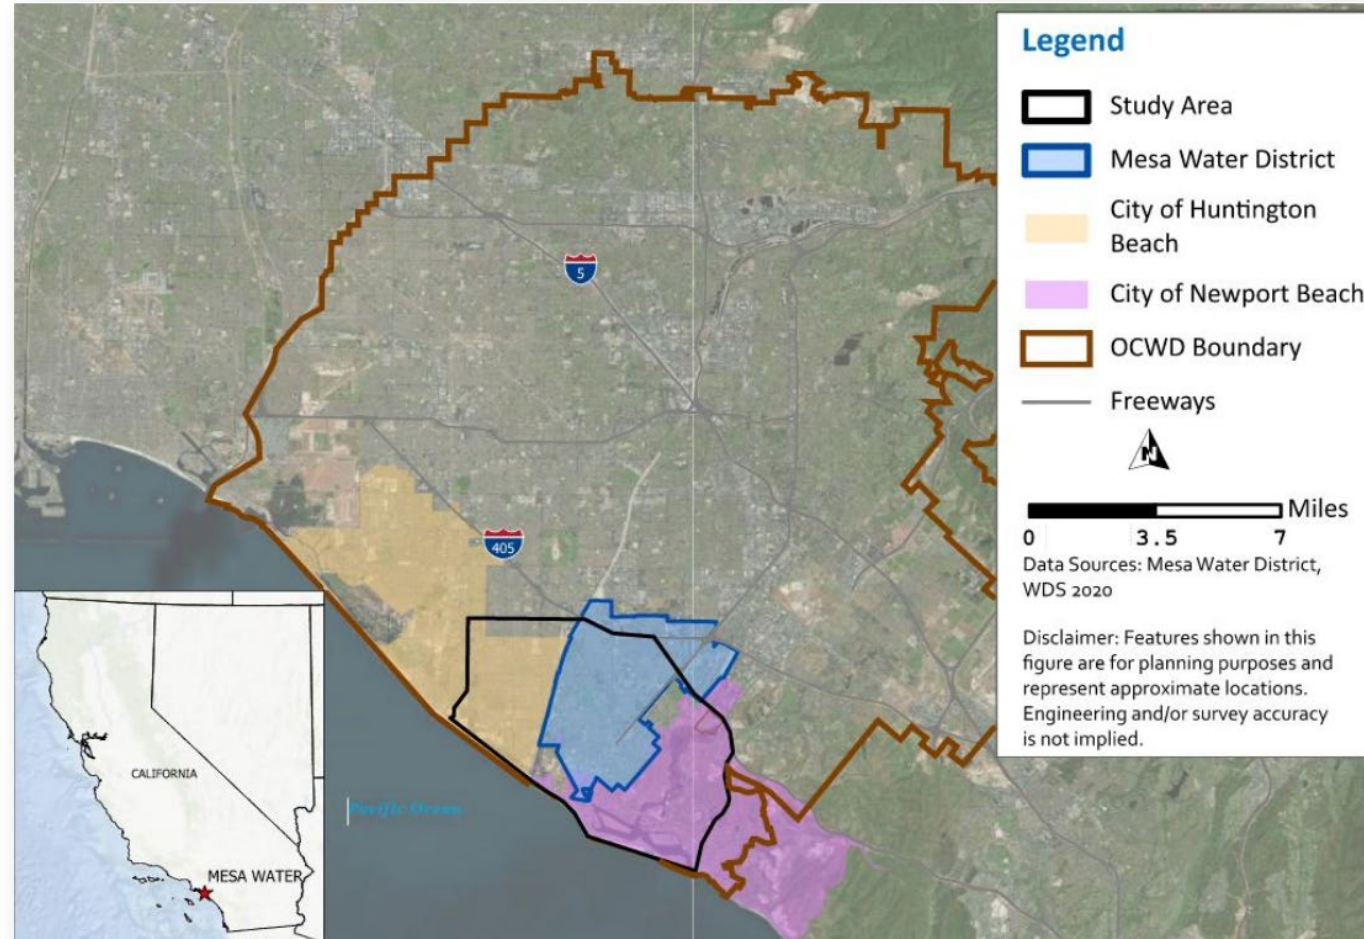

- Regional water quality
- 100% local and reliable, not dependent on imported water
- Less costly
- Less energy use, lower carbon footprint

Imported Water Use (1965-Present)

New Local Water Supply Feasibility Study: “Local SIP”

- Received \$250,000 WaterSMART Grant from US Bureau of Reclamation
- Participating agencies include Mesa Water District, Orange County Water District, City of Newport Beach and City of Huntington Beach
- Potential 5-8 mgd brackish groundwater desalination plant
- Local groundwater south of the Injection Barrier
