Waste Streams

Agriculture & Food

Access the Network

- Sustain SoCal members collaborate during professional events, gain access to regional newsletters to promote initiatives, and track trends via Working Groups.
- Lunch and learn gatherings offer smaller venues to discuss specific pain points or partnership opportunities. Can be public or private.
- Access free or discounted passes for partner conferences including RE+, the Sustainable Manufacturing conference, and ROTH Annual.

2026

See what we have planned for this year...

Recent & Upcoming Opportunities

- > Water members toured the Irvine Ranch Water District's San Joaquin Marsh to learn about land management and natural urban runoff treatments.
- > Regenerative Agriculture & Food Systems dinner presented by Disneyland.
- > Waste & Circularity members visited Waste Management's new recycling facility and will tour Republic Services' Material Recovery Facility (MRF).
- > Agriculture & Food Systems members will visit local urban farms during a mini speaker series.
- > ROTH Investor Conference with Sustain SoCal as the Sustainability Track Sponsor.
- > Transportation members will visit a new ChargeNet Stations site at a local Orange County restaurant.

Resilient Communities

Thursday, February 19th

Discussions surrounding climate disaster preparedness, community rebuilds, and insurance.

Driving Mobility 13

Tuesday, April 21st

Thirteen years of sustainable transportation solution! Enjoy our vehicle expo from 5-7pm.

Waste & Circularity

Thursday, June 25th

Discuss SB1383 progress and second life solutions including the OC Recycling Market Development Zone.

Water Solutions 11

Thursday, August 13th

Anti-contamination efforts, data sharing, infrastructure solutions, and policy examinations.

17th Annual Energy Event

Thursday, October 15th

Securing a strong portfolio of energy solutions with a focus on decarbonization.

SUSTAINERATOR

by Sustain Southern California

Guidance

Develop your pitch and business development strategy.

Awareness

Join the Innovator Showcase segment of events and expo.

Access

Investor meetings and research institution collaborations.

Our accelerator is open to all Sustain SoCal Startup Members.

ELEVATION VENTURES

Fund Size: \$50M USD

Focus: Climate Tech - Electrification, Agriculture & Decarbonization

Market Position: Leveraging Sustain SoCal's sector experts in a geography with natural advantages and abundant deal flow.

Stage: Seed to Series A

Geography: Southern California focus but open beyond.

Team: Proven team working on investment strategy since 2016. MP brings 5+ years experience commercializing Climate Tech at Google X.

Investments: \$500K-\$2M. Concentration typically 5%, max 10%.

SUSTAIN OC
Foundation

SUSTAINABLE
CAMPUS
CHALLENGE

Engaging students and communities toward actionable solutions in sustainability through our hands-on and mentorship-based approach.

Charitable 501(c)(3)

- Collaborate on Grant Proposals
- Engage with OC Residents & Students

Sustainable Campus Challenge

- Mentor High School Students
- Access Campus Clients

Ocean Alliance Network

- Connect with Innovators working to protect our oceans
